

A Marvelous Invention

A gas range that can be changed to a coal range in three seconds

"Made in Canada"

The Champion Interchangeable can be changed from a gas range to a coal or wood range in three seconds. There isn't a single bolt to remove or a screw to turn. The operation is so easy a child can do it.

In natural gas districts, where gas is liable to fail any time, the owner of the Champion always has a good coal range to rely on. No other range like the Champion—the most convenient range in the world. Takes the place of two ranges (gas and coal), thus saving room in the kitchen.

The Champion Interchangeable has caused a sensation in United States during last three years. We bought the rights to make it in Canada. We've improved it, too. Get our agent to show you the Champion Steel Range, or write our nearest office for Champion booklet.

WEDNESDAY, MAY 11, 1910.

Report of the Swine Commission.

The report of the Commission sent last year by the Dominion Government to Europe to study the swine rearing industry has been issued. It consists of a pamphlet of sixty pages of printed matter and a large number of striking illustrations.

The countries visited were England, Scotland, Ireland, Denmark and Holland, Denmark and Ireland, being the strongest competitors of Canada in the British market, received most attention. The report described clearly how the hogs are bred and reared, and the various steps taken to develop the export bacon trade. The far famed co-operative system, as applied by Danes to the breeding and the rearing of the swine, the packing and marketing, is fully described. Co-operative feed buying, which involves the purchase of over six-hundred million pounds of grain, oil cake, etc., a year is fully dealt with.

A valuable feature of the report is the attention given to the methods followed in the different countries for maintaining harmony between packers and farmers, and the securing the uniform supply of pigs. Co-operation, not only between farmers, but between packers and farmers, is credited with excellent results. This is especially true in England in bacon curing vicinities. After dealing with the various phases of production in the different countries, a chapter is devoted to the English bacon trade and another to lessons for Canadian farmers and packers. The report is comprehensive and practical, and therefore of value to every swine raiser in Canada. Copies may be procured free by writing the "Live Stock Commissioner, at Ottawa.

Canadian Home Journal.

No doubt the easiest way to travel along through life is to take any old canned food that's dished out to you. If you are pretty strong and get lots of exercise it will probably not cost you a tremendous lot in doctor bills or shorten your life more than a few years. But just read that article in the May number of the Canadian Home Journal, the first of the series on "Foods—Pure and Adulterated," and you'll begin to examine more closely some of the stuff you are putting in your poor "tummy." Perhaps you would rather appreciate not having alum and soda reacting in your interior, leaving residues of alumina and glauber salts. Probably you would rather not have cannery refuse in your catsup, dyes in your jam, coconut shells in your pepper, tumer-

ic colored flour in your mustard, and a good many more things out of place.

Sometimes you may wonder why it takes so much more of the Bionex brand of tea than of the Bsmith brand. Perhaps you wouldn't wonder if you new how little there is in broken stems and dust and how much of this useless stuff you are paying good money for. Look for the Government warranty. It's a big subject, and a very important one and the Home Journal is tackling it in the right way.

This May number deals well with a number of different interesting subjects. Money allowances for wives—give the women a chance to prove their intelligent handling of the coin. No wonder the girls prefer to earn their money and spend it as they please to begging the head of the family for a few coppers. If you've an unattractive place get into the swing of modern times and fix it up; get your grey matter working and you can probably do it at very little expense; it really takes less money than brains. Collier Stevenson has some suggestive ideas and pictures that may help.

"Mothers' Day" movement has spread rapidly in the United States. The Home Journal is leading the movement in Canada for the observance of the second Sunday in May as "Mothers' Day—a day for some special remembrance for the person to whom each one of us owes so much. We wish them all success.

Society's Women's Hair.

A Simple Treatment that Will Make It Truly Fascinating. T. E. Morrow Guarantees It.

Nowadays every up-to-date woman has radiant hair.

What a foolish creature a woman would be if she lost the opportunity to add to her attractions.

Yet in Canada to-day there are hundreds of thousands of women with harsh, faded, characterless hair who do not make any attempt to improve it.

In Paris most women have beautiful hair, and in Canada all women who use Parisian Sage have lustrous and luxuriant hair.

And any woman reader of The Record can have attractive and lustrous hair in a few days' time by using this great rejuvenator, Parisian Sage.

T. E. Morrow sells a large bottle for 50c and he guarantees it to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

Parisian Sage is an ideal hair tonic, not sticky or greasy.

One of our local farmers sent to Eaton's for a cant book, paying \$1.40, where if he had patronized one of our local hardware stores the same thing could be got for 90c. No wonder J. C. Eaton can denote \$125,000 to public institutions.

Does Not Stimulate

Ayer's Sarsaparilla does not stimulate. It does not make you feel better one day, then as bad as ever the next. It is not a strong drink. No reaction after you stop using it. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic and alternative. We wish you would ask your doctor about this. He knows. Trust him. Do as he says. J.C. Ayer Co., Lowell, Mass.

What are Ayer's Pills? Liver Pills. How long have they been sold? Nearly sixty years. Do doctors recommend them? Ask your own doctor and find out.
