Walpole Fall Fair

As we go to press at 3 o'clock p.m., the Walpole Fall Fair is in progress, although the rain is still falling. The crowd is very small but the exhibits, in horses, cattle, sheep and swine were good. A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Radio telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institutes in America, under supervision of B.R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

The scarcity of qualified teachers in the public schools of Ontario, and other provinces as well, has become such that provincial departments of education have apparently to take down the barriers, which formerly excluded all but Canadian-trained teachers. Recently applications from more than one teacher trained in the neighboring republic, and with no qualifications or experience in Canada, were gladly received, and provincial certificates offered, by which the applicants would be permitted to instruct Canadian children.

Do you love your town? Do you have any concern for its future? Would you like to see it grow, prosper and extend its trade and influence? If you do then ask yourself these questions:—Do I help support and maintain its institutions? Do I encourage every movement looking to the upbuilding of the town and the people at every opportunity? Do I lend assistance to its industries? Do I patronize them? Do I fully understand the duties devolving upon me as a citizen? If you cannot answer these questions in the affirmative then you are not only a stumbling block but a detriment to any community.

St. Paul's Church.

Sunday, Oct. 16th, will be observed throughout Canada, as "Children's Day" and a special offering on behalf of Sunday school work will be made.

The members of the Woman's Auxiliary held their first autumn regular meeting at the rectory on Monday afternoon. There was a good attendance and work for the bazaar was pushed on. The meeting next week, Monday, will be held at Mrs. John Phibbs'.

The visit of the Bishop of Niagara for confirmation last Sunday evening was one of special interest to the congregation. The church was filled with an attentive people, who entered heartily into the service and listened eagerly to the Bishop's address. The number confirmed was sixteen. These are expected to attend the morning service next Sunday, when a devotional book will be given to each as a memento.

The young people held a very successful gathering last Thursday evening. After opening the meeting Canon Belt explained the purpose of the call to revive the A. Y. P.

Messrs. Bourne and Campbell also spoke briefly in favor of the project which was heartily endorsed by those present. The election of officers was then proceeded with, the following being the result: Hon. Pres., Miss Henning; Pres., Mr. J. A. Campbell; Vice Pres's., Miss Ethel Snyder and Mr. D. F. Aiken; Sec-Treas., Miss Whitnell; Organist, Miss Sower; Executive Committee, Miss Bourne, Miss Maggie Ineson, and Messrs. Ashton Phibbs and Harry Dougherty. Weekly meeting will be held every Tuesday evening, one meeting a month is to be held in the school room, at which some special feature will be arranged.

Next Tuesday evening the members are counting on a visit to the Sandusk branch at their social. On Tuesday, 18th, Canon Spencer is expected to give his new illustrated lecture on "Good Health and Long Life" in the school room.

Rockford.

A case of infantile paralysis here has been interesting a great many people lately. The little son of Mr. Chas. Hilliary, aged 5, is the patient and he is under the care of Dr. Teeter.

The case as described by him commenced with a high fever 104, a very thickly coated tongue and pain in the back. This was soon followed by a reeling dizzy feeling when attempting to walk and the complete loss of power in the right leg. The child was very ill for several days when a change for the better occurred, the fever subsiding and tongue gradually clearing up. The paralysis of the leg has shown signs of improvement but from the fact that no extension to the other limbs has as yet occurred. Dr. Teeter is hopeful that the disease is under control and that it is only a matter of time until he will be completely recovered.

A Tip to Trappers.

The trapping season is once more drawing near and it is well that the trapper consider the advisability of taking only prime skins. Setting traps too early and taking skins that are not near prime is a great mistake (of course you will find fur dealers that will buy such skins) but the manufactured article will give the wearer very little pleasure.

object in printing these few lines is to encourage and advise trappers to commence trapping at the proper time. Every skin taken in season will be worth the price of ten pelts caught too early.

Mink generally becomes prime in Ontario between 20th of October and 1st of November. In stretching mink keep the pelt out.

Muskrats begin to get good about the first week in October.

Fox, Coon and Skunk being land animals prime up slowly and the first week in November is early enough to trap them.

A little later when Mink, Fox, Coon and Skunk are prime, bring your pelts to

H.S. FALLS
and get the best market price.

Good

tea is the result of care and experience in blending—must be the combination of fine flavor, smooth strength and richness. Because all these elements are so generously included in Red Rose Tea it well merits the term "good tea."
