Isaac Jacques of this town will have a sale of household furniture on Saturday next, April 8th at 2 p.m.

Rev. A. C. Eddy had charge of the Educational Anniversary services on the Port Rowan circuit last Sabbath.

The Women's Institute will meet at the home of Mrs. Dan Steele on Thursday (to-morrow). All members are requested to be present.

In mentioning the names of the sisters of the late Ed. Rodgers last week we inadvertently omitted the name of Mrs. A. Erwin of Villa Nova.

Miss Ethel Snyder, who recently underwent an operation at the Hospital at Hamilton, returned Saturday evening. The operation was very successful and we trust Miss Ethel will enjoy better health than ever.

Mr. Hoffman, the furniture man of Simcoe, has leased the Norfolk House Block for a furniture store (not the hotel) his present premises not being large enough. He is giving extra bargains in all kind of furniture at present to make room.

Mr. Joseph Johnston on Monday, April 3, celebrated his 81st birthday. Old Father Time has dealt very leniently with our old friend and Mr. Johnston is, as the saying is "smarter as a cricket." We trust he may be spared to enjoy many more birthdays.

Mr. R. R. Robertson Inspector of the Gore Mutual Fire Insurance Co. was in Jarvis last week, making arrangements with Mr. D. F. Aiken to take over the business of the company. This company for a number of years has refunded to its policy holders, 25 per cent of the premiums paid.

"We like to bring our eggs to this store." Never a week passes but the above expression is overheard at the H. S. Falls Co.'s store. There are reasons for it. Two of them are— "You are always sure of the highest market price." They are, and properly so, treated just the same as cash.

Mr. and Mrs. Percy E. Armstrong have the sympathy of their many friends in the sorrow they are subjected to, owing to the death of their little babe, Dorothy Ellen. The little one was ushered into this world on Wednesday but only lived until Thursday morning. The funeral took place on Saturday to Kohler cemetery.

The Garnet Woman's Institute will hold their monthly meeting in the Orange Hall on Saturday, April 8, at 2 p.m. An address will be given on "What we should eat in the spring." Subject for discussion at roll call will be "What dishes to prepare when appetites require coaxing. Good music, and everyone welcome.

Bless the man who is to a reasonable amount, uneasy as long as he owes a dollar. If you are at some time compelled by unavoidable circumstances to request your merchant to extend you credit for a time, in making your application to him for it, don't tell him you will pay the first of the month when, in your opinion, it will be the tenth of the month before you will meet the obligation.

Very often subscribers take us to task for failing, as they remark, to published all that happened. It is fortunate that discretion occasionally demands the omission of unpleasant items. Should we publish all that is told to us we would be with the angels in about twenty minutes after our papers were mailed. We try to print all items that are news, or that will encourage, help or cheer any of our citizens along life's rugged road. We all doubtless would enjoy reading "all the news" when its about the other fellow, but our policy is to turn over to the gossips the spreading of scandles that only leave sorrow in their trail.

Mrs. John Lea of Simcoe is spending a few days at her sister's, Mrs. G. B. LePan.

T. E. Morrow left last evening on a trip through the North West. We wish him a safe and pleasant journey.

Rev. J. O. Schofield of Port Rowan, who preached Educational sermons in the Methodist church here on Sunday, was the guest of Wm. Machell.

Gus Weil has sold to F. M. Hewson his interest in Charlie B., who has a record of 2 minutes 19 seconds. Morg intends to keep this fine horse as a driver.

Mr. and Mrs. Arthur Porter left this morning on an extended trip to the West and will also go to the Coast. Mr. Porter's health has not been of the best of late and he thought a change of climate would benefit him.

We were glad to see the smiling face of T. G. Priestland to-day. Mr. Priestland intends leaving for the old country shortly as he has been in the best of health lately and hopes to regain his usual good health by the trip.

Wm. Parkinson, the butter king, informs us that the butter business is far ahead of last season. That this week he has manufactured more than during April of last year. This year promises to be the best in the history of the Imperial.

## First Rally of Canadian Exiles

(From the City of Refuge Daily Herald)

Last night a meeting of Canadians now resident in the City of Refuge was held in Welcome Hall, and a Canadian Old Boys' Association was formed. It promises to add another social centre to the many which make this city so attractive to strangers. It was but of late that Canadians have begun to foregather here and they speak highly of the town. Those who formed the organization last night were a fine looking lot of men, who occupied important positions in their own country, and have been much sought after there. After passing a resolution thanking the city for the hearty welcome extended them and endorsing the anti-tradition law, the meeting proceeded to the election of officers, which resulted as follows: President, Dr. Beattie Nesbitt, formerly of Toronto; Vice-President, Mr. Charles D. Sheldon, formerly of Montreal; Sec. Treasurer, Mr. John Y. Murdoch, formerly of Jarvis, Ont. On suggestion of the chairman the election of an executive committee was deferred until a subsequent meeting, as further arrivals from Canada are expected daily. It is understood that the Canadian Old Boys will give a hop some time in April at one of the roof gardens.

## Help Needed

Help is being asked for the famine-stricken Province of Anhui and Kiangsu in China, where nearly three million people are destitute and perishing. The conditions there are appalling. The harvest was all destroyed by the terrible flood, and no food can be had from the soil until June or later. Many villages were entirely swept away and the people left homeless and in dire distress. Multitudes gather together in great camps; those who are strong enough wander over the hills pulling up roots of weeds for fuel in cooking the pittance of rice they may receive from the relief agencies. Thousands of tottering babies boys and girls clad in rags—if clad at all—are about everywhere; old men and women hobble about leaning on sticks for support, or lie by the wayside, their eyes staring up in mute appeal. Many thousands have perished, and it is estimated that over a million will die unless help is immediately sent. \$100,000 is asked from Canada. \$1.50 will save a human life. His Excellency Earl Grey, His Honor, the Lieutenant-Governor, J. M. Gibson, and the Hon. Sir James Whitney are giving this movement their hearty support. DO WHAT YOU CAN! Send your contributions to S. J. Moore, 445 King St., West, Toronto, Treasurer of the Central Committee.

## Funeral of the Late Bishop DuMoulin

The funeral of the late Bishop DuMoulin took place in Hamilton on Saturday afternoon. The body lay in state in Christ Church Cathedral from 10 a.m. till 1 p.m., and was viewed by a constant stream of people, who went to take a last view in the face of a great man and leader, not simply out of curiosity but to pay a mark of respect to one whom they had learned to greatly honor. The Lieutenant-Governor of the Province, Hon. J. M. Gibson and his Aide, Major Stanley, had come from Toronto as well as other prominent men. Six Bishops were present and each had a part in the interment of the revered brother. Representative clergymen and laymen from the

## Dioceses of Toronto, Huron and Ontario were present as well as about sixty of the clergy of the Diocese and the members of the Standing Committee.

The Mayor of Hamilton led the procession and representatives were present from the city Council, and from several of the benevolent societies and religious denominations. Over and upon all reared an atmosphere of exalted sorrow which all felt for the passing of one who was more than a great scholar and dignitary, whose life was destined to be an example and guide to thousands who could never know him. The church was appropriately draped with purple cloth and a large number of floral offerings were made, some very handsome and costly. Bishop Mills said the prayer of Committee at the grave and Arch Bishop Hamilton pronounced the benediction. As the body was being lowered into the grave the Bishop's son, Very Rev. Frank Dumoulin, Dean of Ohio, U.S., knelt and sprinkled the emblems of mortality as the words "We therefore commit his body to the ground, earth to earth, ashes to ashes and dust to dust were said. On Sunday special reference was made to the Bishop's death in all the Anglican churches of the Diocese. Bishop Thornhill, of the Diocese of Algoma, delivered an eloquent paenegyric in his sermon in Christ church cathedral, Hamilton, and paid a high tribute to the late Bishop. "For the Bishop's noble and exemplary character, for his loving faithful ministry, for his splendid gifts and example, for his marvelous influence for good, for his family life, for his length of days, rounded out to full completeness, for his consistent devotion to his Saviour, for the inspiring memory that he leaves behind him to be a power for years to come, for his beautiful end, painless and brief, resembling a translation into paradise, rather than an agony of dying and for the faith that he taught us, and whereby we follow him into the realm of blessedness and still possess him in the fellowship of the Communion of Saints. Oh, God give us faith to see in all the things Thy love and mercy and from our hearts we thank Thee even amid our tears and sorrows."

## The Only Way

The number of deaths resulting from tuberculosis, typhoid fever, scarlet fever and many other diseases are carefully recorded and tabulated by the authorities. But of the number of deaths directly traceable to worry no such account is kept, yet all physicians know that these are by no means small. One constant source of worry and anxiety for the wage-earner or man of small means is, how he may make provision for old age when his earnings are but little more than sufficient to provide the daily needs. To such a one the Canadian Government Annuities scheme is indeed a blessing. In no other way can he get such wonderfully good returns for that "little more" he may have to invest, for it will when his Annuity begins enable him to spend the principal as well as the interest thereon without his income becoming smaller no matter how long he may live. Further particulars on the subject may be obtained on application to your Postmaster, or to the Superintendent of Government Annuities, Ottawa, to whom all letters go free of postage.

It is reported that Montreal shareholders are trying to secure control of the Toronto Railway.

## CHURCH NOTES.

### METHODIST CHURCH

Rev. J. W. Schofield of Pt. Rowan had charge of the Educational Anniversary services on Sabbath last. He will be a welcome visitor here at any time.

On account of the unfavorable weather the Women's Missionary meeting was postponed.

The Mission Band was largely attended on Sunday afternoon. The girls and boys are preparing for a special missionary thank-offering at Easter.

"Adoption" is the topic for the service this evening. Mrs. P. Pond is to lead the discussion.

Social and Literary meeting on Friday evening of this week at 8 o'clock. One feature of the program will be a debate, "I solved that the world is getting better." Young and old are cordially invited.

The Pastor's subject, next Sunday morning and evening, will be "The Cross."

### ST. PAULS' CHURCH

On Sunday the church was suitably draped with purple and black out of respect to the late Bishop. The rector in his sermon, referred feelingly to the loss sustained by the Diocese of Niagara and the church at large. The subject was "The Burning Bush" and as an emblem of immortality was most appropriate. While apparently destroyed it was not consumed. The flag at the rectory was kept flying at half mast from the announcement of the death until after the funeral.

The Women's Auxiliary met yesterday at Mrs. C. Ward's and made good progress with the outfit for the Indian boy in the Sarcee Home.

The usual service will be held on Friday evening.

Owing to a meeting of the Standing Committee in Hamilton, to-morrow, to make arrangements for the election of a new Bishop, the week day Communion service was held this morning.

Next week being Holy week there will be service in the Church every evening at 8 o'clock.

The members of the W. A. are to meet at Mrs. J. Sill Jones on Thursday evening of this week to pass the ball for the Northwest.

## This and That

Just now it looks as if there were more bankers go the penitentiary than editors. After all, with the temptation of piles of money always on hand the bankers do not show up so badly. Editors have not the same temptation to appropriate other people's money. As a rule it keeps them busy getting hold of their own.

Nine persons out of ten, with a cinder or other foreign substance in the eye will instantly begin to rub it with one hand while hunting for a handkerchief with the other. This is all wrong. The right way is not to rub the eye with the cinder as you like. It is said that if the foregoing advice is followed the foreign body will soon find its way to the corner of the eye and be washed out with the tears it causes.

There is a bill before the Legislature to extend the midsummer holidays in rural schools two weeks, making them uniform with the urban school holidays. Rural schools now open after the summer holidays two weeks earlier than do the urban schools. We could never understand the reason for this. If any difference the reversion should be the case. Farmers require the assistance of their boys and girls in the harvest season more than any other time of the year, while many town parents would doubtless be pleased if the children had fewer idle hours on their hands.

Buy home made goods. Ask your merchant for them. Wear home-made garments, eat home-made articles of food, sleep on home-made beds, read home-made newspapers. In this way the money you spend is only loaned. It will come back to you again with interest. Praise up your town don't let it run down. Stand by your merchant and manufacturer they are the bone and sinew of your municipal structure. Stand by your churches and your schools for they are the hope of your future. Stand by your press, it is the tireless sentinel that guards your interests.

The farmer, if he only knew it, is a little nearer the kingdom of heaven than any one on earth. He is certain of three square meals a day and is the only man that can fence himself in, and live in spite of the rest of mankind. A few cattle, sheep and fowl provide him with food and clothing, while his fields yield him flour and a source of revenue. So generous are these provisions and so common that nearly any farmer in ten takes any account of them, although the ordinary business man thinks he has done well when he reaches the end of the year and find that he has a little more than made ends meet.

No man should be allowed to carry a revolver, dirk knife, or other weapon in his belt where peace reigns, law and order is observed to a large degree, and justice is meted out to the wrong doer. Even with apparently careful handling of firearms there is frequently a sad toll of death but in the hands of a half-drunk man or one demented by an uncontrollable temper, not only the party who has given the supposed offence but the public generally are endangered and often with little redress, if injured, owing to the too prevalent plea of temporary insanity. Put the ban on the use and consequent abuse of murderous weapons.
