### STOP LIVER TROUBLE AT HS DECIMINE.

Minery and III Health,

Most people with liver trouble imagine they have dyspensia or indigestion. They neglect the early warnings, and of

ten take the wrong medicine. Once the liver becomes sluggish, it disturbs the harmonious working of the stomach and howels. You get head aches, sallow skin, pimples, thinness and impurity of the bloud. Food remains in the bowels, ferments, decays and forms poisonous gases that enter the blood and destroy its vitality and nourishing

A very quick and sensible way to stop and cure liver trouble is by the use of Dr. Hamilton's Pols of Mandrake and Butternut, which contains certain extruets of healing herbs and roots that have a wonderful tonic and cleansing effeet upon all the liver cells.

You'll be surprised at the quick benefit derived from Dr. Hamilton's Pills. They strengthen the stomach, cure constipation, prevent headache, restore kidney and liver activity; provide the system with vital building elements that make old people young, strong, ambiticus. You'll never feel tired and worn cut in the morning if vou've refreshed the system the hight before with Dr. Hamilton's Pills of Handrake and Butternut. 25c per box at dealers. This means at least four thusand more cows being checked up each month. in addition to the 11.800 in 1910. Probably many more members will be added this month.

The extension work provided for by the establishment of Dairy Record Centres is proceeding briskly. Centres are already in working order in Oxford and Peterboro counties, Ont., St. Hyacinthe, Que., and at Kensington, P. E. I., with others contemplated. A supervisor has been appointed to extend cow testing in British Columbia.

Some cows have started with excellent records for January and February; yields of 1,690 and 1,490 pounds of milk and over 50 pounds of fat for the two months, are good indications of dairy possibilities for this season. What is the "average" cow intending to do this
