Men's & Boys' Clothing Ready-to-Wear Clothing and Special to Measure Clothing

If you haven't experienced the pleasure of buying clothes where your satisfaction is more important than your money, you'll learn something when you come to us. We esteem good will more than profit and handle only such clothing as speaks for itself. They give expression and character to a man's figure and have an argument past common in beauty of design and materials. We are selling the highest quality of really fine clothing, at the lowest margin of profit ever attempted. Our clothing is not the so-called Ready-made but ready to wear. Not union made—but better, and when you buy our clothing you are not paying for election signs, big show bills or 25 per cent. profit for the union men to live on in case of strike, which must be paid by the customer on all high advertised or union clothing.
