BLOOD DISEASES CURED

Drs. K. & K. Established 20 Years

NO NAMES USED WITHOUT WRITTEN CONSENT

He was surprised at how the cure came. I took your New Blood Purifier for a serious blood disease with which I had been afflicted for twelve years. I had consulted a score of physicians, taken all kinds of blood purifiers, visited Hot Springs and other resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicine, the symptoms would break out again—running sores, itching, rheumatic pains, loss of the hair, swelling of the glands, peeling of the hands and soles of the feet, dizziness, etc.

After treatment I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease. I was appalled at the prospect, but took his advice. In three weeks the disease commenced to heal up and I became encouraged. I continued the New Blood Purifier for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease show. My boy, three years old, is sound and healthy. I can truly recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish.

DR. KENNEDY & KENNEDY, 1001 Michigan Ave., Detroit, Mich.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Send for our private address.

NOTICE: All letters from Canada must be addressed to our Canadian Correspondence Department in Windsor, Ont. If you desire to see us personally call at our Medical Institute in Detroit. We see and treat our patients in our Windsor offices which are for Correspondence and Laboratory for Canadian business only. Address all letters as follows: DR. KENNEDY & KENNEDY, Windsor, Ont.

The Jarvis Record

WEDNESDAY, FEB. 1911.

Immigration Rush Commences Early.

St. Lawrence route in Danger—Church Insurance—Barber before Royal Commission—Women to the Rescue

(From our own Correspondent)
 Montreal, Feb. 13.—The immigration rush to Canada for 1911 is on. The advance guard from England will arrive some time this week. Scouts have already put in an appearance to look over the ground. The G.T., the C.P.R., and the C. N., have all carried on an unprecedented campaign this winter to secure immigrants in Great Britain for their respective territories in Canada, and this is already showing its effect in the tremendous rush of bookings for all the boats coming to Canada this spring. The starting of the rush of immigrants the first week in February is eloquent of the popular feeling in England for Canada as a land of opportunities, for the immigration agents discourage as much as possible the coming of new settlers to this country before March.

DAMING THE ST. LAWRENCE
 Shipping interests in Montreal, both going and inland navigation, are very much upset just now for two reasons, and if one may judge from casual observation, their alarm is just, for the causes of their worry are of national importance. One is the attempt of the Aluminium Company of America, a subsidiary company of the Standard Oil, to obtain permission to dam the Sault rapids near Cornwall. Permission in the shape of the passing of what is known as the Malby bill through the Harbor and Rivers committee of Congress has already been obtained in the United States, and it is understood that any amount of lobbying is being carried on at Ottawa to prevent any move on the part of Canada's Parliament which would delay the scheme. Shipping interests contend that if the day were built the St. Lawrence would be ruined as a navigable waterway from the head of the lakes to the sea. There is one consolation, however. Sir Wilfrid Laurier has promised that before the Government would agree to the damming of the St. Lawrence from shore to shore there would be a full investigation of the project.

Then there is another proposition on the tapis which also affects the St. Lawrence, and which, so far, has been kept mighty quiet by those who are anxious to have the work done. It is the building of a dam on Lake St. Francis which will give a larger flow of water into the Beauharnois power canal. The Canadian Light and Power interests who have the water rights at Beauharnois have found that they require more water.

The navigation interests claim that, if the plan that have in view is carried out, the water in Lake St. Francis, the Lachine rapids, and even further down the river, will be lowered by at least twelve inches. This project will also be investigated by the Government before any further work is allowed.

As may be seen both are of great interest to the whole of the Dominion, as anything which may affect the St. Lawrence route will affect practically every city, town and village in the Dominion, in one way or another.

DIOCESAN SYNOD OPENS

Clergymen from all over the country turned towards Montreal this week when the annual meeting of the diocese opened its 52nd session. In the routine of business which was discussed there is one of particular importance to all churches of the English faith, although if carried out it will be somewhat of a blow to the business community. It is a motion presented to the synod by which J. M. Fisk suggesting that the church undertake its own fire insurance. The motion reads: "That this synod, recognizing the advantage that would accrue to the various parishes of the Church of England in Canada, by forming a mutual fire insurance union, to co-operate in carrying the risk on all church property, such as cathedrals, rectories, churches, parsonages and their outbuildings, colleges, church-schools, halls, etc., throughout the various dioceses of the Dominion of Canada (or such dioceses as may desire such union) recommend and authorize its delegates to the General Synod to bring the subject before that body at their next meeting, with the view of forming such a union."

BARBER'S TESTIMONY

That the familiar "hair cut and shave, sir," is not the only qualification required by the modern barber was brought out at the Royal Commissioners of the period when the barbers' and the surgeons' profession were one honorable guild, this witness declaring his intention to follow his practice of remedying skin complaints in customers whether the medical profession objected or not. The Commission, which has been touring Canada with a view of getting information on industries and commercial pursuits of one sort or another, has been sitting here for the past two weeks. Most of their inquiries in this city have been directed towards the child labor laws, and their enforcement in the factories of the east. The commissioners leave shortly to continue their investigations abroad. Prof. J. W. Robertson, the chairman, says that the report to the Government will be voluminous one.

The Third Lap in the Brook Co's Race A 500,000 Business in the 28th Day February

WE WANT YOU TO TEST THIS AS YOU WOULD TEST A MELON

Strike in anywhere to prove its service and its goods, the stocks are large the varieties extensive but not too big to give careful and thorough service. Test the store for yourself. Test it at any point. Your own experience will readily answer the question why so many people call this their home store.

Last Saturday was our Fifteenth Anniversary and you certainly celebrated it for us by making that Day's business the largest we ever experienced any day during the first three months

of any year of our business history.

SATISFACTION OR MONEY BACK

Opposite The Norfolk House, - - - Norfolk Street, SIMCOE

Sure Signs

Of Kidney Trouble

If your back is constantly aching and if you experience dull shooting pains, your kidneys are out of order. If your urine is scanty and cloudy or your passages frequent and painful, your kidneys and bladder are out of order. Neglect quickly brings on rheumatism, diabetes, lumbago, sciatica, etc.

Mrs. John Wagner, of 110 Hollis St., Halifax, N.S., says: "Dull shooting pains would catch me across the small part of my back and extend into my shoulders and neck, often causing me to suffer with severe headaches and spells of dizziness. Spots would dazzle before my eyes and everything would turn black. I would fall to the floor and be unable to get up again without assistance. A friend told me of Booth's Kidney Pills and I began their use. The first box gave me relief and I am now well and strong."

All druggists sell Booth's Kidney Pills 50c a box with a guarantee to relieve or your money back. They are the world's greatest specific for Kidney and Bladder trouble. Postpaid from the proprietors The R. Booth Co., Ltd., Fort Erie. Sold and guaranteed by T. E. Morrow.
