Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on varicose veins. When I worked hard the aching would become severe and I was laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was of work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy. I went to them and got the New Method treatment. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$34 and never lose a day. I wish all sufferers knew of your valuable treatment."

### Teachers Appreciate The Canadian Government Annuities Scheme.

The teachers in the public schools must, as a rule, themselves provide against the day when their age or infirmities will demand their retirement from their profession, and many, it is understood, are alive to the fact and are taking advantage of the provisions of the Government Annuities scheme to secure a competency for later years. The number doing so is perhaps small in proportion to the large number engaged in teaching, but it must be borne in mind that the Annuities idea is new, and that the attention of the school teachers has only been recently specially directed to it. Many might follow the example of a woman in one of our cities. She was 43 years of age, had no heirs, and her salary over and above her weekly expenditure was laid away to keep her in the days when the shadows began to lengthen. She had saved \$1000. It was drawing 3 per cent. compound interest, or increasing at a little better than \$30 a year. She heard of the Government Annuities scheme, and she immediately transferred her \$1000 to the Government on account of the purchase of an Annuity payable at age of 60. Having no heirs she purchased on Plan "B" and the Annuity which a payment of \$1000 secured for her at 60 was \$222.60. But shortly after her \$1000 had been paid to the Government she became an invalid and was totally incapacitated from performing her duty. Her case came under the provision of the Act which provides that if invalidity or disablement occurs a person, if he or she has paid in sufficient to secure an Annuity of not less than \$50, may draw the Annuity though then under 55 years of age. The payment which she had made gives her an Annuity of \$69.67 so long as she may live. If the period before she became disabled had been 5 years she would have had an Annuity of \$88.50 and at 55 she could have had her contract converted into an Immediate Annuity of \$147.50. It will, therefore, be seen that if she could avail herself of the provisions of the Act at any time after her \$1000 had been paid, she would have had an income over twice as large as she would have received had she left the money in the Saving Bank. This illustrates the advantage of persons who have been laying up for their old age transferring their savings, or a portion of them to the Government on account of the purchase of an Annuity.

Information may be had at the Post Office, or of the Superintendent of Annuities, Ottawa.

### Young Wage Earners.

It is not easy for a young wage-earner to bank enough from week to week to provide a sum large enough when he becomes old to give him an income that will keep him in comfort for the rest of his days, and if he spends his capital as well as his interest he must always be haunted with the fear that his principal will some day be all spent. If he understood that by means of the system which the Canadian Government has provided, namely, the Annuities system, he could by paying in 25 cents a week at any Post Office, secure at 60, say, an income which nothing could deprive him of, he would probably immediately avail himself of the opportunity. For example, a young man aged 20 paying in 25 cents a week until 60 would receive from and after that date so long as he lived an income of \$129.91, or \$29.91 more than he would derive from an investment of \$2,000 at 5 per cent, if he happened to have \$2,000 available for investment at 60, which it is safe to say that, having regard to the many temptations which he would have to spend the amount, he would not have. But the matter is easy for him if he will but make provision for his old age a charge upon his weekly wage.

Any Postmaster or the Superintendent of Annuities, Ottawa, will supply information as to how this may be done.

## Farm Laborers and Domestic.

Some Interesting Facts Concerning S. A. Immigration Work

Commissioner Coombs and Colonel Lamb, Director of The Army's Emigration Work, have just returned from an extended tour making arrangements for the placing of the immigrants that will come to Canada under the auspices of The Salvation Army in the spring. These will principally consist of laborers for farms and domestics. During the past year The Army has arranged the immigration of about ten thousand persons to this country, and arrangements are being perfected for the bringing of a large number during the next season. A number of Canadian Officers will shortly be visiting the Old Country for the purpose of selecting, advising, and conducting parties.

The immigrants that come to this country through The Army are of a highly desirable class, being specially selected by experienced agents who are familiar with the class of workers that Canadian farming condition call for.

The ten thousand immigrants of last year were selected from over 200,000 applicants. It will thus be seen how severe is the process of selection.

Farmers and others in Ontario who desire to secure labor for next spring should at once get into touch with The Salvation Army, as we understand there is a great demand for The Army's immigrants. Write for information and application forms to Brigadier H. Morris, Immigration and Colonization Department, James and Albert Sts., Toronto.

Application forms may be secured at The Record office.
