

BANK OF HAMILTON

Capital Paid Up \$ 2,750,000
Reserve and Undivided Profits 2,950,000
Total Assets 48,000,000

The average man or woman seldom develops the habit of saving until a Savings Account has been opened. The possession of such an account acts as an incentive—your natural desire to see the fund grow encourages that tendency to thrift so necessary to success. No matter how little you can afford to lay aside from the weekly wage, open a Savings Account in the Bank of Hamilton.

J. A. CAMPBELL, Agent,
Jarvis Branch.

NERVOUS, LIFELESS DEBILITATED MEN

YOUNG MEN AND MIDDLE-AGED MEN, the result of early intemperance and later excess, who are failures in life—you are the ones who can restore to manhood and revive the spirit of energy and vitality. Don't give up in despair because you have treated with your doctors, used electric belts and tried various other remedies.

Our New Method Treatment has enabled hundreds from the brink of despair, has restored happiness to hundreds of homes and has made successful men of those who were "down and out." We prescribe specific remedies for each individual case according to the symptoms and complications—we have no patent medicines. This is one of the secrets of our wonderful success as our treatment cannot fail, for we prescribe remedies adapted to each individual case. Only genuine cases accepted. We have these success stories to prove it. Write for our "New Method Treatment" (Illustrated) on Diseases of Men.

CURABLE CASES GUARANTEED OR NO PAY

READER: Are you a victim? Have you lost hope? Are you intending to hurry? Has your blood been drained? Have you any more? Our New Method Treatment will cure you! It has done for others it will do for you. Consultation Free. No charge who has treated you, write for an honest "New Method Treatment" (Illustrated) on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. No mention of name or address of our Confidential. Question List and Cost of Treatment FREE FOR HOME TREATMENT.

JARVIS, ONT., JULY 26, 1911

Crops and Live Stock

July 13th—A bulletin on the crops and live stock of Canada is issued to-day. The condition of the field crops of Canada for the month ending June 30, as compiled in the Census and Statistics Office from the reports of a large staff of correspondents, is on the whole quite satisfactory. Although on account of uneven rainfall it is not uniform for all the provinces. Even in parts of the same province, as in Ontario, there is considerable inequality. For the most part in that province excellent reports are made, but there are districts in which the grains and hay have been badly affected for want of rains in May and June.

For the whole of Canada the condition of winter wheat is only 75.26 per cent as compared with 100 for a full crop. This is ten per cent less than last year, two per cent less than in 1909 and nearly 14 per cent less than three years ago. In Ontario it is 73 per cent of a full crop, as compared with 94.29 last year, 78.60 in 1909, and 88 in 1908. In Alberta, the only other province in which winter wheat is largely grown the condition this year is 83.22 per cent, compared with 63.62 in 1910, 65.65 in 1909 and 95 in 1908. Spring wheat in all the provinces this year is given the high average condition of 94.78 at the end of June, which is better than in 1910 by 12.62 per cent, better than in 1909 by eight per cent, and better than in 1908 by nearly 15 per cent. Ontario and British Columbia are the only provinces in which the conditions are under 60, and in Saskatchewan and Manitoba it is close to 100.

The average for barley is 93, which is six to ten per cent better than in the preceding three years. It reaches close to 95 in the Northwest provinces, Prince Edward Island and New Brunswick, and over 90 in Nova Scotia and Quebec, a point below 90 in Ontario and only 84 in British Columbia.

Oats shows an average of 94.46 for all the provinces, which is higher than any year since 1908, and is 95 or higher in Prince Edward Island, New Brunswick, Quebec and the Northwest Provinces. In Ontario it is close to 90, and over 90 in British Columbia.

Rye, peas and mixed grains are given a condition of about 90 for the Dominion, and are higher than in any year beginning with 1908. Hay and clover and alfalfa are both below last year's condition, and pasture is a point higher. In the three Northwest provinces the condition of pasture is over 100.

The feature of late cereals is the increase of area in flax, which is nearly 300,000 acres more than last year. The large increase of flax is in Saskatchewan, where this crop in recent years has grown into great favour.

The numbers of live stock do not show much change from last year, but their condition at the end of June is very satisfactory. All classes are within less than two points of 100, and an excellent uniformity is shown throughout all the provinces.

Sprains require careful treatment. Keep quiet and apply Chamberlain's Liniment freely. It will remove the soreness and quickly restore the parts to a healthy condition. For sale by all dealers.

The Census

The newspapers have been reporting omissions on the part of enumerators of the Census, especially in the large cities of the Dominion, and notwithstanding the care of the Census Office to enjoin a performance of accurate and full work on the part of enumerators it is possible that in some instances persons and even families have been passed over. It is known at the office that many reports of omissions are without foundation, and that generally the enumeration has been well and fully made, although it is yet too early for a final decision. The fact is that the census of a district or enumeration area was often not completed when complaints were publicly made. The Census Office earnestly desires that the name of every man, woman and child in the country, as well as all other information called for in the schedules, should be recorded as the statute and the instructions require. But last there should be an inadvertent omission on the part of any enumerator, the Office respectfully invites the co-operation of the public for the completion of a full census. To this and persons who believe or suspect that they have not been taken are asked to notify the Chief Officer of the Census at Ottawa, giving their names, post office address, street and number if residing in cities, towns or villages, or concession and number of lot if residing in country places. Letters containing information of this nature are postage free, and if it is found that such persons have not been enumerated in the returns made to the Census Office means will at once be taken to remedy the defects through the local officers of the Census who were employed in the work and who are responsible if any mistakes have been made in their respective enumeration areas.—A. Blue.

A Bad Back

Is a Warning that the Kidneys are Sick

A bad back turns every twenty-four hours into one dull round pain of misery—you are lame in the morning, nagged all day by a dull throbbing backache, can't rest in the evening or sleep well at night. It hurts to bend over, straighten up, get up from a chair, or lift even a light. Any sudden twist, turn or awkward movement sends a tearing twinge of pain through the weak spot.

Booth's Kidney Pills reach the weak spot, the kidneys and quickly restore kidney health and comfort. They are guaranteed. All dealers and druggists, 50c. or postpaid from The R. T. Booth Co. Ltd., Fort Erie, Ont. Send for free Box which will be gladly sent on application. Sold and guaranteed in Jarvis by T. E. Morrow.

Fruit Trees

Our Nurseries are open to inspection at any time. Those interested in the subject of fruit growing will do well to inspect our immense blocks of growing Peach, Apple and Cherry trees, small fruits, Ornamental trees and Shrubs. If our Local Agent has not called upon you, write us. Catalogues or terms to Agents sent on application. **BROWN BROS.,** Brown's Nurseries, Welland County, Ont.
