SINCE

Sandusk

Mr. and Mrs. John Harris spent Wednesday in this burg.
Mr. W. Brown of Cleveland is visiting in this locality.
Miss Maggie Lawson returned to her home in Caladonia after spending a week at "Chestnut Knolls."
Miss Percie Atkinson of Niagara Falls is spending her holidays under the parental roof.
Quite a number from this burg took in the garden party at Nanticoke on Friday night.
Mr. and Mrs. Clair Deal of Port Dover spent Sunday at the latter's parents, Mr. and Mrs. Joe Pencock.
Miss Lizzie Awde is visiting in this burg.
Miss Maude Westerby spent a few days at Nanticoke last week.
Mrs. Gammon of Port Allegany, U. S. is visiting at Mr. Robt. Atkinson.

Renton

The farmers here nearly all their wheat in the barns and some have threshed. They report a good crop and fine sample.
J. J. McCowell's daughter and children from St. Thomas, are spending a few days under the parental roof.
Miss Enid Walker of Port Dover spent Sunday with Miss Mabel Campbell at the Rolling Valley farm.
Quite a number from here spent Sunday last at the lakeside.
The high winds on Monday last shook off a lot of apples from the trees and tore down shocks of grain terribly in this vicinity.
G. Anslie has already extracted a lot of honey from his bees this season.

Nanticoke.

Miss Yeager of Rainham Centre is the guest of Miss Mabel Thompson.
Mr. and Mrs. James Evans and family of Walkerville are visiting friends here.
The Misses Tucker of Toronto are guests of their uncle, Geo. Voken.
Mrs. John Harris of Sarnia is visiting her sisters, Mrs. W. Harris and Mrs. W. Evans.
Mr. and Mrs. Wm. Walker of Port Dover were in town on Sunday.
The Methodist garden party on Friday evening was a very successful one. The gate receipts alone amounted to \$106.00.

Garnet.

The Sunday School held their annual picnic at Pt. Dover on Friday of last week. Rev. Geo. Shields and family of New Credit; Rev. A. C. Eddy and family and other friends from Hagersville and Jarvis shared the pleasures of the day with them. Athletic contests were interesting features of the occasion. In these Mr. E. Winkworth sustained his well earned reputation in quoit throwing. A large number availed themselves of the opportunity of donning bathing suits and basking themselves to the water. The well-laden baskets, however, were by no means the least enjoyable part of the days features. Altogether a most enjoyable day was spent.

Mr. Ames Forsyth, brother of Mrs. Daniel Bartlett met with an accident at his home near Sandusk on Friday morning 21st inst. By the heavy impact of a heavy iron bar he was thrown violently to the ground, face downwards. Though his condition at first occasioned his relatives and friends considerable alarm he is now improving nicely.

Red Clover Seed

Reports from the Ontario red clover districts show that the prospects for seed are extremely poor. Even in the Lake Erie counties, the dry weather during May and June shortened the hay and pasture to such an extent that much of the second growth will be used for fodder. Where the first growth blossomed well considerable seed is forming, which is not usual. However, the clover midge is taking some toll.

I believe the Farmers of the Ottawa Valley and St. Lawrence counties would find it profitable to use their second growth clover for the production of seed. If it blooms well, the harvest should be good; if not, it can be turned into hay or pasture. It is easy to harvest clover seed. Mow it when the straw is tough from dew or rain. After it has lain two or three days in the swath to cure, rake it up into good sized bundles. I should be damp with dew when raked in order to prevent shelling. It may be housed in a week or ten days. In December an ordinary threshing machine will thresh it satisfactorily. Put a hardwood board behind the cylinder, then close up the front of the cylinder on the opposite end. This drifts the straw through the whole length of the cylinder. If plenty of concave surface is used and the first row of teeth removed to create a draft, the seed will be very well hulled by going through once.

If a Winchester Springs farmer can grow 5 1/2 bushels per acre on 4 1/2 acres, realizing over \$65 per acre for seed besides the value of the first cut of hay, it will surely pay others to consider this crop.

Very truly yours,
T. G. Raynor

Ontario Representative of Seed Branch.
