U. S. Legislation Worries Canadians

Bills Presented in Washington to be
Signed at Canada's Transportation
Interests.—Can. Roads on Great
Lakes Being Reviewed.

(From our own Correspondent)

Montreal, May 31.—Officials of the large transportation interests in Montreal are questioning one another as to the meaning of certain clauses which appear in bills presented to the United States House of Representatives recently. They fear that they are aimed against them and are worried with a view to seeing to it that Canadian transportation interests do not benefit as a result of any increased traffic between Canada and the United States.

Bill 4660 which was introduced in the House of Representatives by Mr. Rucker Colorado, contains the following clause: "Every vessel not of the United States that shall arrive direct from her own country, its colony or possession, in ballast or with merchandise produced here, or with passengers in a less proportion than one-third of her burden of capacity, for freight or passengers as aforesaid, shall pay a duty on the gross measurements in addition to the regular duty imposed by law as follows: On all vessels not exceeding 2000 tons, 10 cents per ton; not exceeding 2400 tons, 25 cents per ton; between 2400 and 3000 tons, 50 cents a ton; between 3000 and 12,000 tons, 75 cents a ton; between 12,000 and 16,000 tons, \$1 a ton; between 16,000 and 20,000 tons, \$1.25 a ton; exceeding 20,000 tons, \$1.25 a ton."

This is taken as a direct slap at Canadian coastwise shipping and particularly at the boats of the Canadian Pacific, now doing so profitable a trade between Vancouver, Seattle and Alaska. It also hits at the ocean service, present or prospective, which may be run between Halifax, Boston and West Indies, and at British bottoms, plying along the Atlantic coast from Yarmouth, Halifax or St. John's to Boston, Portland, or other American ports.

GUNBOATS BEING REMOVED

"The gunboat Nashville, which has been used by the Illinois naval reserves on the Great Lakes for the past year has been ordered to the Charlestown navy yard, where it will arrive in June."

This tense announcement by the U.S. Naval authorities was at first taken to mean that America had, on her own initiative, decided to alleviate Canada's distress by removing gunboats from the Great Lakes.

Further inquiry proved disappointing however, for it was found that the Nashville will be relieved on the lakes by the Dubuque, a gunboat even more modern and powerful than the Nashville.

This question has often been up in Parliament but never thoroughly thrashed out, although the Minister of Justice, a year or so ago, admitted that it was a direct violation of the Ashburton Treaty.

DISARM THE BOBBY

Some of the women workers for civic improvement in Montreal have advised as a possible step in progress to have the policemen's clubs and revolver, replaced by light canes. One of the city papers remarks that this is the direction which all correction is taking nowadays—that of moral suasion rather than force—and reminds us that this ideal has been more or less attained in some communities.

The London "bobby" though unarmed, usually carries his point and the Paris sergeant de ville, though he carries a sword is rarely known to draw it from its bright scabbard. While the conditions in the new land, with its heterogeneous population still unsettled, may not allow of the quieter methods of the older civilizations, still the stirring of such questions points to the day when the more brotherly admonition shall be sufficient.

The appeal in London and Paris is to the community sense of the people. The need of law and order is recognized there unconsciously perhaps, and the established rule is more respected, more easily enforced.

A Bad Back

Is a warning that the kidneys are ailing.

A bad back turns every twenty-four hours into one dull round of pain and misery—you are lame in the morning, nagged all day by a dull throbbing backache, can't rest in the evening or sleep well at night. It hurts to bend over, to get up from a chair, or lift even a light weight. A sudden twist, turn or awkward movement sends a tearing twinge of pain through the weak spot.

Booth's Kidney Pills reach the weak spot, the kidneys, and quickly restore kidney health and comfort. They are guaranteed. All dealers and druggists 50c., or postpaid from the R. T. Booth Co., Ltd., Fort Erie, Ont. Send for Free Box which will be gladly sent on application. Sold and guaranteed in Jarvis by T. E. Morrow.
