The Encouragement Of Thrift.

"There is nothing more admirable than thrift, and there is nothing more pitiable than whan the accumulations of thrift are pocketed by the rapacious harpies who prey upon the small investor," says the London (Eng.) Economist. Thrift is both a private and public virtue, as a private virtue it gives that feeling of independence and courage which spring from the sense of security, and which are not only virtues in themselves, but are an almost indispensable basis of character. As wages, salaries, and profits grow in all ranks of society, there is a natural tendency for the standard of living to rise, luxuries become comforts, and comforts Co., Ltd., Fort Erie, Ont. If you would become necessaries, and although different views may be held as to the lavis hab its of wealthy individuals, there is a gen eral agreement as to the need of thrift among persons of small incomes. It is not only desirable and absolutely neces sary that the individual should take care to put aside a reasonable proportion of his income for investment, but that he should shun the malestrom of improvidence that inevitable leads to the poorhouse, and no better plan of investment could be offered him than that which iprovided by the Canadian Government Annuities Act. It is not only absolutely safe, but the benefits to be derived from an investment in the purchase of a Annuity are far more bountiful than those

safe investment, the Annuity representing a return to the investor of a portion of his capital as will as the interest thereon in periodical payments calculated upon the number of years he may live, and he gets full benefit of every dollar he invests, not one cent being charged him for any expense. If he lives the number of Don't you see his babies, shabby and cold years from and after 60 which he may be expected to live, he will receive back all that he pays in with compound interest at 4%. If he should survive his expectation, the income will not cease, but will be continued in regular payments every quarter should he live to be 100 or longer, and this fact will probably concern him more than the possibility that he might die before he had received back all that he had paid in. Starting at 60 to receive an Annuity, he would in 14 or 15 years Test Your Coward Cows. get back all that he had paid in with the interest thereon. We do not know of any institution which could possibly afford to offer terms so advantageous, and if the people of Canada were able to realize the favorable conditions on which Annuities ty and thoughtful who would not take advantage thereof. If you will write to the Superintendent of Annuities, he will furnish you with all the information desired

I'he following original poem is from the Beaver (Utah) Weekly Press, published by D. I. Fraser & Son.

The editor sits in his easy chair, Awaiting the dollars to come. His force has quit, His rent is due.

And his credit is on the bum.

), Lord, how long will the battle last? How long will he have to was For subscriptions due.

From your neighbor an Where for years has been charge the slate?

Does your conscience prick just a liitle bit? Den't your heart a warning tell? When you see his face. And hear his voice.

Like the wail of a soul in hell.

Their faces pinched and blue? When they might be warm;

Well fed-well clad. With the money that's due from you.

God, Up there in your realms of light In justice and love arrayed, Don't let the delinquent

Pass the gate. Until his subscription's paid.

Records of dairy cows are always of interest, not only to the owner who is anxious to increase the yield, but also to neighboring dairymen de about fraction who desire some standard whereby to check the production of their could be secured from the Government, cows. In April the yield of 10 there would be very few among the thrif- cows near Birnam, Ont., was 383 of butter fat; but from records to hand from the cow testing association near Bobcaygeon, Out., it is seen that it took 21 cows, more treducing people. The as to cost, etc. Give him your age last than twice as many, to produce just birthday, and state the age at which you as much butter fat. desire the Annuity to begin, but do not

these poor cows will probably have forget that it cannot begin until you are got his herd up to nearly double 55, though you may have it begin at any their present capacity because he will know for certain which cows are worth keeping.

to you the tremendous earning power of Dairy farmers in all provinces have done this, some are now getting nearly three times as much milk and fat as they used to obtain before they determined to gather information as to which poor cows were sheltering themselves, coward very marked rise in temperature, falling fashion, behind either a fair herd barometer and vicious electrical storms average or a heavy yield from one or two extra good cows in the herd; old grade cow near Woodstock, Ont. that gave last month 2,161 pounds of milk, testing 3:3 per cent. of fat. thus giving over 73 pounns of butter fat in one month, almost double the good average yield above noted at Birnam. Are your cows good profitable dairy cows, or are they cowards? It will pay you to keep re-

cords of each one and so find out. Whooping cough is not dangerous when the cough is kept loose and expectoration easy by giving eloudiness and moderate rains, will be this disease with perfect succes due Wednesday 12th to Friday 14th, all For sale by all dealers.
