Our thanks are due the Allis-Chalmers-Bullock, Co., Limited of Montreal, for a very artistic and neatly designed calander. The coloring and workmanship of the engraving is indeed wonderfully executed and worthy of commendation.

Easter Sunday is somewhat late this year, coming on the April 16th. Easter Day is one of the moveable feasts, its date depending upon a phase in the moon. It is always the first Sunday after the full moon which happens upon or next after the 21st of March. If the full moon comes on a Saturday Easter Day is the following Sunday. It can never be earlier than March 22nd, or later than April 25. It is a common notion that spring is early or late, according to Easter coming early or late. Those who believe this tell us we will have a late spring this year.

Death of James Overend

We take the following from the Caledonia Sachem, which has reference to the death of James Overend, father of Dr. S. A. Overend, Jarvis. "In the early hours on Wednesday morning, March 7th, there passed quietly away at his residence in Caledonia a most respected and worthy citizen in the person of Mr. James Overend. Deceased who was in his 79th year had enjoyed but indifferent health for the past year and his condition grew rapidly worse about six weeks ago until death claimed him on Wednesday. He was a native of Ireland, being born in the town of Porta Down, County of Armagh, on May 18, 1832. He came to this country at the age of 13 and settled with his parents in the township of Seneca. He resided there until about 27 years ago when he moved to Caledonia and lived there since. His wife predeceased him about two years. He was a member of the Anglican church and a Conservative in politics He was also a member of the Independent Order of Forresters. Four sons and two daughters survive him. The funeral took place Friday.

Smelser's Letters

Some months ago the country was not a little upset by the doings which took place on the farm of Fred Smelser, Selkirk. With what followed, the removal of essential parts of his machinery and the firing of his barn. Recently the writing of anonymous letters such as preceded the trouble of last year, has been renewed. On Friday Mr. Smelser received a letter through the post office. It was crudely pencil printed upon scribbling paper, enclosed in an envelope and post-marked Jalmeral, March 10. The missive reads: "i am writing you i am worrying and can not sleep about your boy down there as an insent boy i know he is insent i know who did it he was hired to do the work all ought the machinery to keep you from using it, he was in your parts for a long time sleeping in youer barn and in youer neighbor's barn, he did not want to burn the barn but he got mad and was bound to get even with you for the shot he got. don't stay eney longer than youer time. The people in the neighborhood are at a loss to know what to make of the latest development.

It was announced at the department of justice a few days ago that no successor would be appointed to Ratcliffe, the public executioner, who died in Toronto recently. This means that sheriffs in the different counties throughout the Dominion will be called on to mete out the death penalty themselves or else pay out of their own pockets for a substitute. Ratcliffe was paid an annual salary of $800 for the work, this continuing until his death. During the past 7 months a man named Ellis has been officiating but always at the expense of the sheriff.
