Do You Own A "Parkyte"

OR ARE

You a Slave to Ill-Health?

A "Parkyte" Sanitary Chemical Closet

In your home is the strongest kind of insurance against the germs of disease. It is a preventative against epidemics and contagion in the Summer, and an absolute necessity the year round.

Requires neither Water nor Sewage; can be placed in any part of your home; costs less than a CENT a day, and lasts a lifetime.

Endorsed by the leading Physicians, and Health Officials; specified by the most prominent Architects, and adopted by whole municipalities.

Over 15,000 have been installed in Canadian homes in less than one year.

Ask your dealer for prices.

The "Parkyte" Sanitary Chemical Closet is made in Canada by
PARKER-WHYTE LIMITED,
 WINNIPEG, MAN.

Branches—Toronto, Montreal, Calgary and Vancouver, and is sold by

SERVICE

and covering capacity are what show the economy of paint—not the price per gallon.

THE
**SHERWIN-WILLIAMS
 PAINT**

wears longest and covers most. It is the best paint economy.
 Made to paint buildings with.

BRIGHTEN UP!

Now is the time to protect your house from the storms and snows of the coming winter months, for unless the paint, film is sound and in good condition the frosts and damp will get into the lumber and open up the grain and gradually start cracking, checking and decay. Then there'll be need for repairs and its far cheaper to paint now than to repair or rebuild later on.

Come in and get a color card and let us tell you what colors will look best on your home.
