The Ontario Government have arranged to give a series of Demonstration and lecture courses in connection with the Women's Institute in the County of Haldimand. The course will last 15 weeks and will be held in six of the principal towns, Caledonia being one of these towns. His hope that every lady who possibly can will take advantage of this opportunity whether members of the Institute or not. The County officers flatter themselves upon the fact of Haldimand being the county selected for a keen competition. The course is expected to begin the first week in October.

Thanksgiving Day

This great annual day for feasting and rejoicing has been fixed this year by the Dominion Government for Monday October 30th. This is a few days later than last year but it is a good day and a convenient time to have it. By that time there is likely to be something in the market good to eat and that is a prime condition with nearly everybody. Being on a Monday it brings two holidays together and gives people an opportunity to visit their friends at a distance.

Assigned his Debts

"Refuse notice," every editor has received them, says an exchange. The postmaster sends them to the editor. For instance there is a man by the name of, we'll say, John Jones, who refused to take his paper out of the office. He did not want it any longer. We wondered what was the matter. Upon investigation of our subscription we found John was short \$5.70. He has stopped his paper as a matter of economy to us. A few evenings ago we stepped into a church and John melodious voice rang out loud and clear in the soul stirring hymn, "Jesus Paid It All." We might have been mistaken, but his earnestness impressed us. The next day we sent him a receipt in full begging his pardon for not knowing he had made an assignment of his liabilities to the Lord.
