Sol Vrooman has his new barn done and is excavating his cellar preparatory to erecting his new house. Wm. Boyer is filling in his orchard with peach trees. The road on Maple Avenue which was nearly impassable is improved somewhat of late. There was a heavy thunder storm Sunday, but so far we have not heard of any damage being done. The boys are sharpening up their spears ready for fishing. There are not many in the creek as yet. Pruning trees and wood bees seems to be the order of the day. Miss Lena Mitchell of Hamilton spent Easter at home. Misses Mabel and Mildred Campbell were visiting at the Rolling Valley Farm last week. George Duncan spent Easter at Port Rowan. Chappy took a flying trip to Port Rowan one day last week. J. Armstrong and wife of Port Rowan spent Easter with George and Mrs. Duncan. A Thompson and wife spent Sunday with friends in Mimico. D. Secord spent a couple of days last week with his uncle S. Gilbert at Ambrose. Ed Edmondson, who recently had his house burned, is occupying Mr. Blake's house across the road.

Cheapside

Miss Anne C. Richards has resumed her duties as teacher in S.S. No. 2, after spending the holidays at her home near Tain. The many friends of Mrs. P. Gibbs will be pleased to learn that she is recovering from her illness. Miss Scott, teacher in S.S. No. 4, who spent the holidays with her parents near Toronto has returned to her duties. George Wolman has returned to Petrolia after a pleasant visit here. Chancy Evans visited his sister Mrs. Duxbury at Wilson, N.Y., during the holidays. The angel of death visited the home of Mr. and Mrs. Geo. Metcalf on Saturday and carried off their little seven weeks' old babe. The little one had been delicate from birth. The sympathy of the neighborhood is extended to the bereaved parents. Henry Murthland has returned from a visit in Simcoe. The concert held in the Methodist church here on Good Friday evening was well attended and was a financial success. The program, which consisted of songs, solos, choruses, recitations and lectures by the chorists were well rendered and well received. A beautiful quilt was put up and auctioned off for \$5, the buyer being James Armstrong.

Selkirk

Charles Winger has gone to Rochester, where he is to have charge of one of the large machines in building state roads. John Effinger of Tillsonburg was home for the holidays. Miss Edith Derby, who has been in St. Catharines and Toronto, for the past few weeks, has returned home. Tilman Dennis has gone to Naticook where he will assist Abram Hoover at his fishing. Mrs. M. F. Derby is recovering nicely from the effects of her recent accident. While walking in the yard her ankle was turned by stepping into a hole in the sod, thereby causing a bad sprain. Another Selkirk young lady has given her heart and hand away and gone to grace and adorn a home in a neighboring town. We refer to Miss Christina Effinger who was quietly married at the home of her parents on Wednesday to Ezra Drehmer of Dunnville. The best wishes of the community is theirs and may their voyage over the matrimonial sea be pleasant and profitable. A pretty quiet wedding took place at Saskatchewan on March 27, when two well-known young people of Selkirk were joined together in the holy bonds of wedlock, the interested parties being Douglas Harrison and Miss Florence Ryan. We extend hearty congratulations.

Hagersville.

J. Hank has men at work putting down the old frame mill that has been one of our landmarks for so many years. The Choral Society, directed by Walter Bates of Hamilton, will give their concert Tuesday evening, April 23rd, in the Parish hall. The music to be given is varied enough to suit all tastes and promises to prove very pleasurable. A good elocutionist will intersperse such selections as will make this a most enjoyable program. Secure your tickets early. F. J. Hager expects his family here from Washington, D.C., Saturday. The City Fathers have made a good job of the street cleaning. Our streets now present a very tidy appearance. H. H. Leggett is putting in a fine Goulet piano for the Choral concert next Tuesday night in the Parish Hall. Alex. Almas, printer, made his friends in town a visit the first of the week. Rev. Kitching of the Townsend Methodist circuit exchanged pulpits with Rev. H. Caldwell on Sunday and took up the Educational interests of the church. The Hagersville Contracting Co. are getting real busy at their quarries and look for a big business this summer. Secure your reserve seat tickets for the Choral Concert at once. Robert Hambleton is installing his rock crusher at the east end quarries this week. For a new spring suit of clothes take a trip to Hager's. Harry McDonald, manager of the Hagersville Lumber Company, has made a sale of the Co's interests here to Bailey Bros. C. W. F. Howard was in Toronto attending the Rexall convention the first of the week. Cheap living in Hagersville where you get Lombard Plums in heavy syrup at two per tin at Hager's. Walter Bates, Concert Tenor, will sing at the Choral Society concert on Tuesday night next. Miss Hazel Evans left Saturday evening for Baileybury to resume teaching. Max Harkins has resigned his position in C.K. Holmes' barber shop and left Monday for Hamilton where he has secured a similar position. Harry Sproule has accepted a position in Ein Forsyth's meat market. The stork left a little girl at the home of W. R. and Mrs. Slack a few days ago. E. Cole is moving his family to Naber where he intends working Mr. Wheeler's farm. Miss Mary Lindsay left this week for the West where she intends residing. Miss Edith M., daughter of W. J. and Mrs. Fleming, was on Saturday married to Wm. P. Henslip of Glanford. A school girl asks: "What shall I do after graduation? They usually teach.

Garnet.

Spring at last. Kenneth and Mrs. Smith spent Monday with the former's parents at Erie. Mrs. Harry Elliott is somewhat improved in health. Mr. Falls is in town on business. W. E. Christie is in Toronto attending the funeral of his sister, the late Mrs. (Dr.) Campbell. How many of our young men were storm-stayed Sunday evening?

Sandusk

Charles Brown has purchased E. A. Slater's farm, taking possession in the fall. Miss Bessie Thompson returned Saturday after spending the holidays at Hamilton and York. Mrs. Geo. McBurney spent Saturday at Chestnut Knolle. Andy Lofthouse is drilling a well on his farm. Jos. Hill and wife were guests of Joseph Pencock and wife on Sunday. Miss Gladys Hewitt returned to Hamilton Monday after spending the holidays here. Owing to the electrical storm Sunday evening some of the boys were seen dodging along the road Monday morning.

No Hot Weather Exams.

It will be glad news to thousands of students throughout the province to know that the education department will hold the matriculation examinations in June this year for the first time, to avoid the hardships of excessive heat. Examinations were formerly held in July. The department has issued a report on the salaries of teachers in Ontario for 1911, which shows a gradual increase all over, averaging \$51 for male and \$34 for female teachers.

Hicks' Forecasts for April.

A reactionary storm period is central on the 25th and 26th. This being at the centre of the Venus period, threatening and stormy weather, continued from the preceding period will most likely lead up into the 25th and 26th, and thence forward into the closing days of the month, causing a long spell of stormy and unsettled weather. There will be a marked increase in the severity of storms on and touching the 25th and 26th, with possibly brief change to colder and high barometer following. A regular storm period begins on the 28th and extends to May 4th, being central on May 1st. Moon being on the equator on the 28th sudden change to much warmer, with low barometer and storms of rain with heavy hail, will be most natural on and about that date. A seismic period involves the 28, 29 and 30.

A Woman's Work

A woman rises, at say, 5 o'clock—some what early, because she is to get at her housecleaning in earnest. She rolls up two heavy rugs to be taken away and cleaned. She takes down all the first-floor pictures and then gets her breakfast. After breakfast she takes out all the cupboard and china closet drawers, washes all the windows, takes down the stovepipe and cleans it, takes the stove doors off, dust the tops of drawers and mouldings, takes down and airs all the beds, washes the woodwork and veneers the places from which the polish has been worn, takes everything out of the closets, goes over the closets with wet cloths, distributes moth balls in the pockets of clothing and goes through the man's desk and throws away what she thinks is valueless. Then she makes herself presentable and gets husband's supper, and he brings home a friend to spend the evening.

Village of Jarvis Board of Health

Obituary

Many friends here learned of the death of Lizzie Lemon Rose, beloved wife of Dr. E. E. Harrison, which occurred in Detroit on Friday after a lengthy illness. Lizzie Rose was born in Walpole, was a former pupil of the Hagersville High School and in 1908 was united in marriage to Dr. Harrison. She made her home in Detroit up to the time of her death. When the summons came it found her prepared. She was a consistent member of the Methodist church and had many friends both here and at Detroit. Her mother survives, her sister, Mrs. Widdis, having predeceased her four years ago. The funeral was held on Monday from the residence of her aunt, Mrs. Geo. Beam, to the Hagersville Cemetery, Rev. Caldwell conducting the services at the church and at the grave.

Mrs. Margaret Slaght, relict of the late Albert Slaght, of Townsend, died at the home of her daughter, Mrs. M. H. Cook, in Toronto, on Friday, March 29th, in her 72nd year. She had been failing in health for two years. Mrs. Slaght was a resident of Townsend and Waterford for over 50 years and the sympathy of a large circle of friends in this vicinity goes out to the bereaved family. Those left are two daughters, Mrs. M. H. Cook and Miss Birdie Slaght, a brother, Enoch Stafford, of Toronto, and a sister, Mrs. Alfred Smith, of Brantford.

Thos. Farmiloe, of Townsend, had his head badly injured last week while blasting stone.

"Our baby cries for Chamberlain's Cough Remedy," writes Mrs. T. B. Kendrick, Rasaca, Ga. "It is the best cough remedy on the market for coughs, colds and croup. For sale by all dealers.

The Toronto World says there will be no trouble in getting Dr. Beattie Nesbitt back to Canada. That is yet to be seen. It is said that Mrs. Nesbitt has not yet been told of the arrest of her husband. At any rate he has been remanded until April 26 by the United States Commissioner of Extradition. Nesbitt at first denied his identity, and later his attorneys gave out a statement and denied that he had been guilty of any offence.

Some Healthful Vegetables

Water cross, we are told in a recent magazine article, is an excellent blood purifier. Lettuce is soothing to the nerves and relieves insomnia. Tomatoes are good for a torpid liver, but should be avoided by gouty people. Spinach has great aperient qualities, is far better than medicine for sufferers from constipation. It is also excellent for kidney troubles. Beet and Potatoes are fattening. Parsnips possess the same virtues as sarsaparilla. Apples, Carrots and Brazil nuts are excellent for sufferers from constipation, and the first two are also good for gouty people. Raw Carrots cure indigestion, also nerve troubles. When cooked they are good for asthma. Celery wards off rheumatism, and is a nerve tonic. Dates are nourishing and laxative. The juice of grapes is lavative, but skin and seeds cause constipation. Bananas are beneficial for chest complaints. Onions are good for all nerve disorders and have a soothing effect upon consumptives and are excellent for colds, cough, la grippe and pneumonia. They are also a preventive of insomnia. Cranberries are good for malaria and erysipelas. Parsley aids digestion and reduces flesh. Asparagus stimulates and strengthens the kidneys and causes perspiration, thereby ridding the system of impurities. Cabbage purifies the blood.

RUBER-OLD ROOFING

will not warp, rot, crack, blister, curl or rust. Strongly fire-resisting. Ruber-old roofs last 25 years ago are still sound and weather tight. If you want a roof to last, investigate Ruber-old. 3 Permanent Colors—Red, Brown, Green—and natural Slate. 75
