#### **Printed Butter Paper**

The pound print is the form in which most retailers like to get their batter for the trade. It is easily handled on the market, is what the dealer wants, and it pays to sell in the form which the market demands. Print butter always has the best appearance, provided it is printed or wrapped in butter or parchment papers. It is in good condition to be used on the table, but its attractiveness is made or marred by the kind of wrapper used. First, the dairy should be named, and the name with that of the maker, should be neatly printed on every wrapper. Some design, appropriate to the diary name, such as one of the best cows, or a 'brand' mark, adds to the attractiveness. There is no better way of pleasing enstomers than by putting up good goods in attract ive parcels. It is possible with bireter, and never should be neglected, Batter should be known by the dairy name, and the way to establish a trade is to keep the name on the wrapper before the consumers. The Record has a good make of paper, and can print on short notice Price \$1.75 per 1000 sheets, printing included.

## Men Required

Miss Hazel Walker is spending a FARM LABORERS' EXCURSION-This Year's Wheat Crop Will be the largest in THE HISTORY OF CANADA

The wheat crop of 1912 will be the greatest ever harvested in Manitoba, Saskatchewan or Alberta, thus requiring the farm laborers of the East to recruit and assist in harvesting the World's greatest bread basket. The Governments of the respective provinces state that fifty thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly. The Canadian Pacific, on which Company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run and special trains operated, making the trip in about thirty six hours and avoiding any change of cars or transfers. This will be day shorter than any other route. See display ad. in this publication for dates, rates and conditions. Consult any C. P. R. agent for full particulars, tickets. etc.

#### METHODIST CHURCH

A reception service was held last Sabbath morning.

J. C. Sanderson gave an interesting and helpful address at the Mission Band ervice on Sunday.
