# GREEK REFUSAL PART OF PLAN

Explanation of Her Not Signing Armistice.

# TO HINDER TURKEY

Troop Transport.

Athens, Dec. 9.-It is officially announced that Greek plenipotentiaries will participate in the peace negotia-

A semi-official statement protests against interpreting the fact that Greece did not sign the armistice as proof that discension exists among the allies, and declares that it was by agreement of the allies that Greece adopted an attitude different from that of the other

The explanation is given that Greece's course was due to her anxiety that her naval action should not be in terrupted in the Ionian Sea in order to prevent the revictualling of the Turkish army in Epirus, and in the Aegean Sea in order to prevent the transport of Turkish troops to Thrace, with respect to which Greece considered the interests of her ailies rather than her own. The chances for the conclusion of peace would have suffered from the reinforcement of the Dardanelles and Tchatalja

The statement refers to the Turco-Ralian treaty recently signed as proof that it is not necessary that peace negotiations shall be preceded by an armis-

The newspapers print reports that the Greeks have began a bombardment of the outer forts of Janina.

DIVIDING THE SPOILS

London, Dec. 9.—A Vienna despatch to the Baily Telegraph says: "The outlook is improoving. Sir Edward Grey's proposal for a conference of the ambassadors of the powers, the conclusion of the armistice and the beginning of the peace negotiations next week are all active in making for good.

"As regards the division of the epoils, it is possible, of course, for the Balkan States to have what is coming to them handed over as a whole and allow them to arrange the partition afterward, or they may have already agreed on the portion which each is to get, which would make things easier and quicker.

How far unity obtains at present among the Balkan States is a matter of speculation, but I venture that the Balkan league will not exist a year hence, but will be replaced by the United States of Bulgaria, Turkey, Roumania and Albania.

cares not which gains Salonica provided her interests in such matters as harbors and railway communications are well safeguarded. Neither does she care who retains the Aegean Isles, with the exception of those commanding the Dardanelles. Any claim to these would have to be referred to the signatories of the Treaty of

"The hombardment of Avlona concerns both Austria and Italy. It was unwise on the part of Greece, but no protest will be made on the ground of the necessities of military operadeclared that no changes in Albania will declared that no changes in Albania will be recognized until they are reconsidered after peace has been made. "Montenegro has been similarly warn-

ed by Russia that the powers would reserve the right to alter or amend the arrangement of the belligerents with N. Y. CHILD SLAVERY

"My information is that Turkey is determined to refuse to give up any part of autonomous Albania, which would make things simpler for Austria, as Albania would be an autonomous State as soon as peace is concluded. If. however, Turkey gives in on this point, which is unlikely, the powers will certainly intervene.

"It seems likely enough that Servia is now reconciled to the voice of Eu-Her share of the speils will probably be Uskub, Prisrend, part of the Sanjak of Novi-Bazar and old Servia. Montenegro will get some territorial compensation, but not Scutari, nor the much needed war indem-To Greece will be awarded Southern Macedonia. Epirus, Chaleidice and Crete.

"Turkey will emerge from the peace conference with a European boundary along the Maritza River to the Gulf of Enos. Bulgaria's new boundary will commence on the other bank of the Maritza to Lake Ochrida, with an Aegean coast line, including Pedeagatch, and also a great portion of Adrianople province, but Adrianople itself will be left to the Turks, Salonica will be dealt with by the powers."

### JAPANESE CABINET CRISIS.

# 50C FOR PRIZE BEEF HYDRO RATES

Canadian Champion Steer For Christmas Beef.

Chicago, Dec. 9. Giencarnock, the big Angus steer declared the champion of the 1912 International Live Stock Exposition at the Chicago Stock Yards, today sold at 50c a pound, on the hoof-\$706 for 1,412 pounds of steer-to The

Glencarnock was reared by J. B. Mc-Gregor, a millionaire cattle breeder of By Stopping Supplies and Brandon, Manitoba, Canada. The grand champion will probably be slaughtered and sold for Christmas beef.

The grand champion carload of beef cattle sold for \$14 a hundredweight. This carload was entered by E. P. Hall, of Mechanicsburg, Ill. These steers were bought by the United Dressed Beef Co., of New York.

Four hundred buyers bid on the prize stock of the show.

Prominent Methodist Official Gives Views.

Joint Committee Meets Tuesday In Toronto.

Toronto despatch: Organic union between the Presbyterian, Methodist and Congregational churches is highly unlikely for the present at least on account of the great difference of opinion in regard to the matter among the Presbyterians of the country, according to a definite statement made yesterday by one of the most prominent officials, of the Methodist Church The statement was based on the fact that although the last General Assembly endorsed the proposal, it gave to every Synod, Presbytery, congregation minister and member the right to submit to the Church Union Committee proposals or suggestions for amendments to the basis of union. The committee in question, which consists of representative Presbyterians from all over the Dominion, will meet in Toronto next Wednesday for the purpose of considering these suggestions, of which, it is to the credit of the various municip-

Both the Methodists and the members of the Congregational Churches approved the idea on the present basis, and it was pointed out that if any changes were made by the Presbyterians it would not be fair to finally consummate the union without again placing the question before the members. The last vote cost the Methodist Church "Salonica has already proved to be that they would not spend this amount again without some very definite reason. At any rate, he said, union would not be effected until after the next General Assembly which meets next Summer ing the sinking fund charges for the latter place on Tuesday, but all trace \$3,000, and it was emphatically stated ual consumption of power." Assembly, which mee's next Summer, ing the sinking fund charges for the and the Methodist General Conference, | year, and if the co-operation of the of them has been lost. which convenes in two years. "If the municipalities continues there will be

Referring to the rumor that the three denominations would be federated by January next, he utterly repudiated the idea. The Methodist Church as a body was definitely and diametrically opposed to anything short of absolute union with the other bodies. The joint committee of the three churches will meet in the board room of the Wesley building on Tuesday next to discuss 000 horsepower out of 100.000 available. derstood that the opinion among prominent Methodists generally is that organic union will not come to pass for

# AGAIN LOWERED

Hon. Adam Beck Announces Another Cut.

# HAMILTON RATE \$16

And Toronto Gets Power at \$15 Price.

Toronto despatch: Hon. Adam Beck, Chairman of the Hydro-Electric Power Commission, announced yesterday a new schedule of rates to be charged to the municipalities on the Niagara system, which means a saving of \$100,000 per year. This new schedule takes the place of the estimated reduction proposed some weeks ago. Nearly every municipality embraced on the Niagara circuit will reecive benefit from the new rates.

When interviewed last night Mr. Beck explained the reduction as being due to an increased consumption of power. "The load increased rapidly," he said, "and we concluded that we could make cerain reductions. Now the time has arrived that we must adjust our rates for the coming year.

The original charges for power to the municipalities were based entirely on estimates of a contemplated consumption for the year. On account of those estimates prices were fixed to meet the obligations of the municipalities to pay all of the following charges:—Cost of power at Niagara Falls, cost of operation, cost of administration, maintenance charges, interest charges at four per cent., and sinking fund. It was agreed that the sinking fund and depreciation shipped by the Bank of England to the

HAS A SURPLUS.

"After we had been in operation for about nine months of the year we found that the charges were exaccruing. At the end of the Pro-vincial fiscal year, ending Oct. 31, understood, a large number has been alities of \$62,000, which can be applied on account of retirement of debt or depreciation.

"The Commission," continued Mr. Beck, "have now definite means of arriving at the price of power for the ensuing year, subject, of course, to any further reduction on account of increased consumption. that we are now charging the municipalities for the months of November and December are based on the act-

agreement is not consummated within sufficient margin provided by the new the next five years it will not be ef. rates to provide for a similar surplus

THE ROYAL GEORGE fected for a quarter of a century," he in 1913, a year ahead of the time when this payment must be met. This further fund may also be held

at the credit of the municipalities without being applied on sinking fund account, and when the regular payments commence in 1914, which can be met by a further adjustment of rates based on increased consumption of power, these moneys can be audited back in proportion to their participation.

One municipality suffers an increase in the rate. Norwich contracted for 150 horsepower, but has only been using about fifty. Until there is an increased to the quantity on which the estimate was based the price will be 802 instead of \$30. For similar reasons Tillsonburg, Baden. New Hamburg and Westen will not get reduced rates at sonce.

THE NEW SCHEDULE. Following is the new schedule of

	Municipalities.	Present rate	Your .

# THIEL MAN HELD

Detective In Porcupine Held For Shooting.

South Porcupine despatch: On testimony given by Mayor Wilson, of Timmins, Chief of Police Alfred Courtemanche and others, Magistrate Torrance committed F. D. Luke, one of the Thiel operatives, alleged to have taken part in the trouble with the strikers last Monday, for trial at Sudbury, and revoked the commissions of two others, Peter Charles and Edward Drage, in court to-day.

P. Marion, who was arrested by the provincial police yesterday, was given the maximum penalty of \$20 and costs in court to-day.

Inspectors Greer and Boyd, of the provincial police, are in camp with a large force of men, and Mayor Wilson considers it unlikely that the militia will

be required.

It is stated unofficially to-day that the union men had practically decided to send deputations to the mines to arrange terms for a settlement, and would have done so had it not been for the trouble

Novel Development In British Gold Robbery.

Boxes Containing Lead Missing on Return.

London, Dec. 9.-There was a re markable development to-day in the investigation into the robbery of \$50,-000 worth of sovereigns contained in two cases of a consignment of one million charges would not take effect until Credit Lyonnais at Alexandria, Egypt, about three weeks ago. The two cases of the consignment which were found to contain lead instead of gold on their arrival at Alexandria were sent back cessive and that a considerable sur- to England for expert examination. Explus over and above the cost of tra precautions were taken to guard power based on these charges, was these two cases on their way back, but they have either been lost or stolen, as last, we found that we had a surplus continental police believe that they were certainly intercepted by the same gang which planned and carried out the

original rebbery.

The police were anxious here to seertain whether the original robbery was effected by a substitution of cases or by the abstraction of the gold and the resealing of the cases with carefully imitated scals of the Bank of England and the Credit Lyonnais. . For this reason telegraph codes were sent to Alexandria latter place on Tuesday, but all trace

Evidence In Stranding Inquiry is Concluded.

Quebec despatch: The investigation into the cause which led to the stranding of the steamer Royal George was concluded at 10.30 - c'clock this morning before the Wreck Commission by the addresses of counsel. Mr. Holden, of Mentreal, spoke for some time for the owners of the ship, claiming that the assence of the light on St. Lawrence Point was the primary cause of the accident. Messrs. consumption of power there to come up | Pentland and A. H. Cook, of Quebec, on behalf of Pilot Rioux, followed, taking a similar line of argument.

In the case of the Belicha, which ran ashore on the Upper Traverse on the 31st October last. Pliot A. Larvehelle's, jun., branch is canceled, and Captain Cunningham is censured and his certificate suspeded for three mouths from date. First Officer Whiste is asp consured. In the case of the Gladstone, which was stranded on the 6th November at St. Lawrence, Island of Orleans, Pilot J. A. Dupil's branch is canciled, and

# KAMLOOPS CASE GOES TO TRIAL

Fleak and Lowe Committed On Murder Charge

TO ASSIZES IN MAY

Evidence Characterized As Weak by Counsel.

Kamloops, B.C., Dec. 9.—Upon the conclusion of the preliminary hearing of the murder charges against Rex Fleak, the former Hamilton young man, and his companion, Claude Lowe, the Magistrate yesterday committed both men for trial at the assizes to be held next May.

The evidence that was submitted yesterday disclosed nothing new.

Counsel for the accused, McIntyre for Fleak and Archibold for Lowe, addressed the court, setting out that in their opinion a prima facie case had not been made out. Mr. McIntyre said that the case was purely one of suspicion. The identification was ridiculously weak, he said, and every moment of the time, as far as Fleak's movements were concerned, had been accounted for. Nothing had been brought out to connect him with the crime, and it was inconceivable that a man guilty of such an offence should spend hours in a public pool room after it had been committed. All his subsequent course was that of an innocent man, he said.

Crown Counsel Fulton argued that the movements of the men between 8 and 10 o'clock on the night of the murder were not accounted for.

Magistrate Scott thought there was at least, enough evidence to place the ac

# THE CZAREVITCH

Will Completely Recover, Says Latest Report.

London, Dec. 9 .- The Morning Post gives extraordinary prominence to the fellowing despatch from its St. Petersburg correspondent, printing it immediately beneath its Court Circuiar:

"I am enabled to give the following information from a well-informed source as to the health of the Czarevitch, about which groundless rumors are again being circulated: There is no trace of tuberculosis. The official statement of a month ago told the exact truth. The disease is an unusual one, and the experts hesitated before they agreed as to its true nature. It is technically known as hoematoma retroperitioneale. The convalescence of the patient at present is entirely satisfactory. The great loss of blood and consequent weakness makes his full restoration to health a matter

"My informant saw the Czarevitch recently and found him in high spirits and as lively as usual. The only notable change is the pallor of his face, cause by the loss of blood."

Guelph Civic Affairs Cause Warm Meeting.

Accusations Made Against Police Department.
