There is a movement among the
great manufacturing concerns of
New York City to confine their ad-
vertising almost entirely to the
newspapers, having found them to
be the best medium. This is a wise
decision. The man who does not
read the newspapers in these days is
not likely to be a very good custom-
er.

To The Discouraged One

Just when the clouds seem darkest,
Just when the sunshine pales,
When earth's toil and troubles haunt you,
And boasted friendship fails;
Just when you're tempted to wonder
If aught there be good and true,
Dear heart, take courage and look upward
And find what God holds for you.
Remember in times of temptation—
Remember in those dark days
When to live seems almost useless,
That God moves in a mysterious way,
Think you that he plans without purpose
Think you that his promise is vain—
Troubled heart, question not his planing,
But take courage, and let this refrain
Bring comfort and consolation,
There's comfort for all—not a few, (ing
And the lane that you think has no turn—
May happiness still hold for you.

Don't be angry—it's only a valentine.

Insincerity has taken a few orders

MARRIED.—At the Manse, Hagers-

Jas. McIlroy, Claude Beckerson, to
Miss Aubrey Ann Swing, both of the
Township of Walpole.

An epidemic of pneumonia and
bad colds has swept over this part
of the country during the past few
weeks. Scarcely a family escaped
entirely and many cases were very
critical. In fact at the present time
many are suffering with the malady.

When parents appeal to the police
to prevent their boys from frequent-
ing pool rooms it implies a failure
on their part to properly control or
govern their own offspring. A little
introspection might enable the
parents to see the cause of this fail-
ure. The police are a poor substi-
tute for the parent.

fords. Sold by all dealers.

What might have resulted in a
serious accident happened one day
last week to Geo. Histed. He was
putting a hand axe in a block of
wood when a silver few off and
struck him in the left eye, which
necessitated him laying off work.
We trust the accident will bring no
serious results to Mr. Histed.

Nobody need be miserable on
Sunday. The day is one of the
greatest gifts the workingmen en-
joy, at least to those who do enjoy it.
How many who do enjoy it.
How many thousands have to work,
and how many thousands more
would be working on that day were
it not for the work of the Lord's
Day Alliance? I care not for its
motive; the fact remains that we
labor people owe the organization
quite a bit. And when so many are
robbing us of it, and when so many
more are trying to steal it from us,
I am surprised that we should show
such ingratitude to those who want
to save it for us. Just run over in
your mind all the people who have
to work on that day, and ask your-
self the question how it happens that
you have that day off. Some day
the boss may tell you that as so-and-
so works you might as well come in
on Sunday morning, too. It works
that way over on the continent, and
to some extent on the other side.
Are you willing to give it up? No,
another day is not just as good.
Making another man work for your
convenience or amusement may be
all right, but turn the proposition
around. And don't make a mistake,
the man who works seven days a
week generally works for less than
does the six-day-a-week man.

As a man's salary gets higher the
wife's get lower.

Who would want to be a fireman
these zero days? Not us.

It doesn't take a fast young man
long to run through a fortune.

And most of the things we get for
nothing soon find their way to the
dump.

Moved, that February's efforts to
repeat the triumphs of January be
taken as read.

Don't forget Wm. Parkinson's

You have to be pretty sure-footed
to keep your feet on those side

help.

After all, samples do speak louder
than words; you ought to be able to
tell how you lived yesterday by the
way you feel to-day.

A despatch from Winnipeg states
that Canadian grain will probably
be admitted into the United States
markets about March 7.

The extreme cold wave which
held Ontario in its grip Friday and
Saturday made the battle of the
railways to keep their trains up to
schedule a difficult one.

This is The White House's motto
"First come first served" so if you
want special bargains come early to-
morrow morning and avoid the rush.

Now is the time to watch the
young fruit trees and see to it that
the mice and rabbits do not destroy
the work of years, by gnawing the
trees. Cold weather and deep snow
bring them out if anything will.

Hobby—"Thanks wife for put-
ting a new collar on my coat."
Wife—"Why that's not a new col-
lar. I just bought a box of DeLuxe
Eradicator at The Record Office and
cleaned it, but it looks just like new
don't it, you tell you chum of it,
won't you." Hobby—"Indeed I
will."

How to cure a cold is a question
in which many are interested just
now. Chamberlain's Cough Remedy
has won its great reputation and
immense sale by its remarkable cure
of colds. It can always be de-
pended upon. For sale by all dealers.

A little boy said to his mother the
other day,—"Ma, am I a descendant
of a monkey." "I don't know
replied the mother. "I never knew
any of your father's folks." The
father, who was listening, went out
into the coal-shed and kicked the
cat through the roof.

An enlargement of the borrowing
powers of municipalities has been
asked the Ontario Legislature in or-
der that small loans could be raised
in emergencies without submitting a
by-law. In fact an equalization of
the powers of municipalities was
asked. It was suggested that in
communities this special borrowing
power should be limited to an
amount equal to one mill on the dol-
lar of the aggregate assessment.

See that the boys and girls attend
school regularly. A teacher cannot
accomplish much with a pupil of the
hit and miss variety and it is as of-
ten as discouraging to the pupil as
to the instructor. Parents can do
much to help by speaking encourag-
ing words to the scholar who is
often up against real difficulties and
although father or mother may not
be able to unwind the tangle a word
of good cheer will often lend a hand
over the hard places.

The postmasters have sent a peti-
tion to the government asking for
increase in salary. They ask that
the commission of the sale of stamps
may be made a sliding one in pro-
portion to the revenue of the office.
They also want an allowance for
heating, lighting and maintenance
of offices which are not situated in
Government buildings, and that for
work before eight in the morning
and after seven in the evening,
overtime be paid at the rate of
twenty cents an hour.

Good roads make it easier for
country children to attend school
and enable them to do so with great-
er regularity. Nothing so much
concerns the life of the people in
the rural districts as the means of
communication between communi-
ties, towns and railroad stations.
Good highways make it possible to
centralize schools and churches.
When a doctor is needed he is need-
ed quickly and sometimes often. If
this unfortunate necessity arises
what a boom it is to have good
roads and what distress bad roads
may cause.

Blanket your horse in cold weather!
If a man allows his horse to
stand in the street on a cold day in
Kansas, without being properly
blanketed, any officer can take the
horse to the nearest livery stable
and have it taken care of at the ex-
pense of the owner. Should the
owner refuse to pay, he may be taken
before the court and fined \$250,
and, if necessary, imprisoned in the
city jail. Such an ordinance is in
force in almost every city in the
state and the horses are thereby
legally protected from one of the
most common forms of cruelty. That
is how the cruel people of Kansas
are treated.

11th, 1912, Violet Leona, daughter

Provide your horse with a large,
warm blanket for such times as he
is standing still and exposed to the
cold. Don't neglect the shoeing, it
is vital on a slippery pavement.
Don't ever use the whip simply be-
cause you have it, it is a very poor
driver who makes a blow the start-
ing signal. Give the horse an oc-
casional full day's rest, it will add
to his value and capacity for work.
Always be kind to your horse, it
pays. If you are a good driver,
your horse will show it.

borhood news.

Obituary

The pain and sufferings of Arthur E.
Gibbs has been ended. Deceased has been
a great sufferer from that insidious dis-
ease, consumption, and at the commence-
ment of this fatal disease the best medi-
cal treatment was procured and at times
he seemed to rally, but the germ had be-
come firmly imbedded in his system and
despite the careful nursing he succumbed
at his mother's home in Nanticoke, on
Wednesday, Feb. 14th. Deceased, who
was a son of the late Freeman Gibbs, was
just in his prime, being in his 41st year.
By his death we lose a fine, young man,
he being a general favorite with everyone.
Some ten years ago he went west to seek
his fortune, following the occupation of
machinist at Regina. Not enjoying the
best of health he came home about a year
and a half ago in the hope that the trip
might prove beneficial, but it proved
unavailing and since that time he has been
in a gradual decline. He was married in
Regina and his leaves the wife and a little
girl, besides his aged mother three broth-
ers and one sister. In the midst of so
much commination for the bereaved ones
a full measure of sincere sympathy is ex-
tended to them from this section. The
funeral takes place on Saturday to the
Port Dover cemetery.

Literary Meeting

The fortnightly meeting of the Union
Literary Society was held in the Sunday
School room of the Presbyterian church,
on Friday evening, 9th inst. The program
proved to be a very interesting one. An
address by Dr. Howell, recitations by
Mrs. Charles Walter and Miss Lillian
Cade and solos by Misses Lillian Allen
and Mabel Parkinson were delighted fea-
tures of the evening. The debate, "Re-
solved that Woman's influence is great-
er than that of man" was followed closely
throughout. The affirmative side of the
question was sustained by R. W. Smith
and Miss Marjorie Davidson. The nega-
tive by G. L. Miller and Miss M. Ineson.
Illustrations from Biblical and secular his-
tory and references to authors, artists and
other leaders in world influence showed
careful preparation. The judges among
the quartette being Mrs. P. Mitchell and J.
A. Campbell gave the decision in favor
of the affirmative by a narrow margin.
The chair was occupied by Dr. Jaques to
the perfect satisfaction of all. Through
an inadvertence no mention was made of
a quartette which was beautifully rendered
at the preceding meeting, those forming
the quartette being Mrs. (Dr.) Jaques,
Miss Maggie Fallis and Miss M. and J.
W. Fallis. The next public meeting will
be held in the S.S. room of the Methodist
church on Friday evening, Feb. 22nd.

Rich's Forecasts for February.

A reactionary storm period with New
Moon at its apex, falls at the 16th, 17th
and 18th. The Earth's vernal equinox
will also be present during this period,
intensifying clouds and other phenomena.
Low barometer, much water, with very
active storms in many sections, will be
natural at this time. A seismic period is
central on the 17th, extending from the
15th to the 20th.

A Good Man Gone

"Death cannot come untimely unto him
who is prepared to die; the less reward
could earth the more of heaven; the braver
life the earlier immortality." "Blessed
are the dead who die in the Lord from
henceforth; yes, said the spirit, that
they may rest from their labors; for their
works do follow them. "Thou shalt come
to thy grave in a full age like as a shock
of grain cometh in in his season." The
above passage come to mind on being
apprised of the fact that James Howay, of
Nanticoke, had become, through death,
promoted to the higher service of the
King, his spirit winging its flight on the
morning of Saturday, Feb. 10, at the hour
of five. Born in 1825 in the village of
Grimsby, he came to Walpole township,
settling in Nanticoke when but a mere
child. Sixty-three years ago he took unto
himself a wife, in the person of Catherine
Jodgkins, and to them eleven children
were born, three sons and eight daughters,
all of whom are living. Mr. Howay was
a tiller of the soil and his farm when he
settled on it was an unbroken wilderness
and he, with his life, his power, experi-
ence and overcame all the hardships and privations
of pioneer life and lived to see what
was once a dense forest converted into
one of the finest and most productive ag-
ricultural districts in Canada and they
had their full share in this great trans-
formation and here their family grew up
among them. Deceased was a man of
energy and precision and was not easily
lulled by difficulties and his reward
was a competency for his declining years.
Mr. Howay was a great reader and many
a pleasant hour was spent in his company.
He was a man of the most happy and
social disposition, a pleasing companion,
a faithful friend, a loving husband, an in-
dulgent parent, a kind practical christian
and a good law-abiding citizen. These
and corresponding characteristic qualities
of mind rendered him beloved and re-
spected by all with whom he came in con-
tact. Besides his aged partner he is sur-
vived by his family of sons and daughters,
and we join with the entire community in
extending our deep sympathy to the be-
reaved widow and family and may the
Great Healer apply the balm and dry the
weeping eyes. The funeral takes place to-
day to the Union cemetery Nanticoke.

Garnet.

The weather is a little milder this
week and makes one feel like going out
without Jack Frost tagging after you....
Wm. Parkinson is recovering from his at-
tack of pleurisy. Mrs. Samuel Cherry's
many friends will also be pleased to learn
that she is convalescing....Mrs. J. C.
Roulston and four children, Mrs. S. S. S.
Richard and four children and relatives in
Garnet and vicinity....We are very sorry
indeed to note the removal from Garnet
of Epharim Roulston and family, who last
week moved to Hagersville. This is a
distinct loss to us as they were one of the
most estimable families that a community
could wish for. They may enjoy
rest and happiness in their new home as
the wish of their host of friends....A
large number in this neighborhood are
down with the grip and bad colds.

Rockford.

Quarterly meeting service was held in
our church Sunday morning last, Rev.
Kitching preaching a splendid sermon
from the text, Gal. 6: 17. After the ser-
mon a goodly number availed themselves
of the opportunity of partaking of the
Sacrament. The Quarterly Official Board
met on Monday afternoon at 2.30 and
after the regular business was transacted
a unanimous vote was taken in favor of
church union with the Methodist church
