## It is up to You

To protect your family from the ravages of disease and infection; and the rigors of winter; to make your home the abode of Health and Happiness. Statistics tell us that there were over 250,000 deaths in North America last year from fever and pneumonia, over 90 per cent. of these cases were traceable to out-door closets and all were the result of insanitary conditions. Are you going to allow this terrible death rate to continue.

A withdrawal of the "no tamera" decree from application in Canada, if such a happy event were to take place, would enable many church-goers to resume their napping habits.

A grandiose of Paul Jones, the American naval hero, has died of starvation in Paris. While a good name is rather to be desired than great riches, it does not seem to have the sustaining power for future generations.
