FOR SALE AT CAYUGA ONTARIO

As we are opening another seed business in the West and have decided to devote our attention to the seed business alone, we have decided to sell our Grain Elevator, Flour and Feed business. Those two together make a good and profitable business for any man. Elevator is described as follows.—Capacity, 1,500 bush; price \$2,000. Located on G. T. B. and Wabash; built 2 years ago of timber, scantling; clad with corrugated galvanized iron on sides and roof; basement of heavy concrete walls, main floor of 14 inch timber; 7 upper bins, built of 2x4 inch scantling laid flat and braced; eight port leads to steel tube conveying grain to cars on track; gas engine in basement run by natural gas costing 25 cents per thousand; capacity of 300 bushels per hour; 8 port self-locking hopper scales. Can easily be operated by a boy of 12 years old, as there is no handling of bags. Along with the grain business will sell our Flour and Feed business, which can be handled on the main floor of the Elevator. Annual turn-over of wheat is about 40,000 to 50,000 bushels besides the coarse grains, and the corn which we shipped in. Basement has a capacity for several cars of potatoes. Annual turnover of Flour and Feed about \$5,000 to \$6,000. Will sell our stock to purchaser at cost price; business is a good live one.
