**“It's a Sale
Alright”**

The above is the way a customer expressed herself last Saturday when she visited the store, and saw the Bargains and the Crowds. This about covers the whole ground.

It is up to You

To protect your family from the ravages of disease and infection; and the rigors of winter; to make your home the abode of Health and Happiness. Statistics tell us that there were over 250,000 deaths in North America last year from fever and pneumonia, over 90 per cent. of these cases were traceable to out-door closets, and all were the result of insanitary conditions. Are you going to allow this terrible death rate to continue.

Why not insure Health by installing A "PARKYE" SANITARY CHEMICAL CLOSET

Absolutely Sanitary and Odorless, carries the endorsement of Physicians and Health Officials, and our own iron-clad guarantee; requires no expensive water-system; no plumbing; no sewage. Can be installed in any part of your home at the cost of a few minutes of your spare time; lasts a life time and costs less than a cent a day.

"Parkyte" Chemical has been proven by Bacteriological test to be the most powerful disinfectant, deodorant and germicide known to science.

A "Parkyte" Sanitary Chemical Closet is sold by
E. T. CARTER JARVIS ONT.

A call there will convince you. No further argument will be necessary

FOR SALE AT CAYUGA ONTARIO

As we are opening another seed business in the West and have decided to devote our attention to the seed business alone, we have decided to sell our Grain Elevator, Flour and Feed business. These two together make a good and profitable business for any man. Elevator is described as follows.—capacity, 1,5000 bus; price \$2,000. Located on G. T. R. and Wabash; built 2 years ago of timber, scantling; clad with corrugated galvanized iron on sides and roof; basement of heavy concrete walls, main floor of 14 inch timber; 7 upper bins, built of 2x4 inch scantling laid flat and braced; eight port leads to steel tube conveying grain to cars on track; gas engine in basement run by natural gas costing 25 cents per thousand; capacity of 300 bushels per hour; 8 port self-locking distributor, hopper receives grain outside, emptying into a 25 bushel hopper scales. Can easily be operated by a boy of 12 years old, as there is no handling of bags. Along with the grain business will sell our Flour and Feed business, which can be handled on the main floor of the Elevator. Annual turn-over of wheat is about 40,000 to 50,000 bushels besides the coarse grains, and the corn which we shipped in. Basement has a capacity for several cars of potatoes. Annual turnover of Flour and Feed about \$5,000 to \$6,000. Will sell our stock to purchaser at cost price; business is a good live one.
