It is now well known that not more than
one case of rheumatism in ten requires
any internal treatment whatever. All
that is needed is a free application of
Chamberlain's Liniment and massaging
the parts at each application. Try it and
see how quickly it will relieve the pain
and soreness. Sold by all dealers.

who does not need it. So every-

science and the youngster, a most
happy concurrence.

A Man's Version

Tell me not in idle jingle
Marriage is a blissful dream,
For the man is wise that's single
And girls are not what they seem.
Girls are shrewd and dead in earnest
And to wed's their only aim:
'Ness' that is, to Mrs. turnest
Anything to change their name.
No flirtation, no coquetting,
Is their studied end or way,
But to act that each to-morrow
Nearer brings the bridal day.
Smiles are sweet and glances killing,
And poor man, bewildered thing,
This Bamboozled may, unwilling,
Pony up and buy the ring.
In the world's broad field of battle,
In the flirting match of life,
Be not like dumb, driven cattle,
Be not humbugged with a wife
Trust no women however pleasant,
Do not heed her artless trash;
Wed, wed is the fatal present,
And your future's minus cash.
Lives of bachelors all remind us
We can live our lives the same
And, departing, leave behind us
No cross kids to bear our name.
Kiss, perhaps, to whom another
Hoisting out life's solemn row,
Some forlorn and hen-pecked brother
One day may step-father grow.
Let us then be not denigrated
And lured in through Hyman's gate:
Still unmarried, still contented,
Learn to let the daisies wait.

This is a queer world or there are
queer people in it. Some people
don't go to church in the winter
because of the cold and they stay
away in the summer because of the
heat.

It is proposed to let naked child-
ren loose in the streets of Chicago,

Warn us against the potato dis-
ease that may be introduced from

Ottawa. Planting diseased potatoes
is the only way this destructive
fungus can be introduced. Foreign
potatoes should not be used for
seed without a thorough investiga-
tion.

The case of the boy in Philadel-
phia whose lost speech was restored
by the kick of a mule, is interesting
but not unique. In quite a number
of cases and in other places than
Philadelphia a mule's kick has been
known to stimulate the vocal organs
and induce fluency and copiousness
of speech.

It would be well if those operat-
ing and speeding automobiles would
remember their speed is limited by
law. If they remembered this when
passing through town it might be
satisfactory. The speed limit in
towns is 15 miles an hour, which is
going some. It is better to take
precautions before an accident oc-
curs.

The sale of liquor of any kind is
prohibited in military camps, and it
is said that during this season's
campaign a strict watch will be kept
for any "private supplies" being
brought into the lines. Canteens
were abolished last year, and al-
though it is stated that drunkenness
in camps adjacent to cities increas-
ed, they will not be permitted this
year.

Referring to the case at Hamilton
the other evening, of a girl being
accosted by two strangers, who in-
vited her to take an auto ride, there
is far more of that sort of thing
transpiring right along than inno-
cent folk imagine. Parents are crim-
inally negligent in their duty in
allowing their daughters to walk
the streets at night. The star-at-
home girl never meets with such
mishaps.

The Assistant Receiver General,
Toronto, announces that drilled,
marked or bent coins are only worth
75 per cent of their face value.
Don't accept them in payment of
bills or in making change. If you
get them don't put them on your
church collection plate. Coins worn
smooth in circulation are worth
full value. Dominion one and two
dollar bills if mutilated, and still
have three-fifths remaining, are ac-
cepted at full value. If two-fifths
remain one-half face value will be
paid.

We have on hand at our seed
house here a half car of potatoes.
The price is \$2 10 per bag.—J. J.
Murray and Co. Bert Williamson

Robert Rodgers of Hamilton
spent Tuesday in Jarvis. He left
this morning for Kenton, Ohio,
where he will visit his brother,
Fred Rodgers.

Of course, after such a severe
winter the prophets were certain
that we should have an exception-
ally hot summer, saying nothing
as to when it is to begin.

The barns and drive shed of John
Baker, Charlottville, two miles from
Simcoe, were destroyed by fire at
noon Tuesday. St. John's Church
was also burned to the ground, it
having caught fire by a spark from
the burning barns. The fire is a
mystery.

What's so rare as a day in June?
What a glorious day Sunday was
and how the people of Jarvis enjoy-
ed it. The churches had good con-
gregations in the morning and
everybody showed that one bright,
beautiful Sabbath day was appreci-
ated. It was really the first Sun-
day this Spring that people could
spend a few hours at one time in
the open. May this ideal weather
continue.

The Rev. Canon Piper, Hon. Major
of the 37th Regiment, desires to
state that in his opinion there never
was a better or more orderly camp
held at Niagara than the present
one. There is absolutely no liquor
to be seen, or served at any mess on
the grounds. The officers and men
are well behaved. Only one drunk
has been seen during the first week.
With 2500 men surely this is not a
bad record. The Chaplain suggests
that all interested should come to
Niagara Camp and see for them-
selves.

Heavy Frost Reported

With a clear and quiet night, white
frost was reported to have appeared
Friday night and seems to have been
general on all sides of Jarvis, but there
are no reports of there having been
bad results from it. Some little fear
was held out for the cucumber crop in particu-
lar, but no harm was done. In some
sections young tomato plants are reported
to have been nipped.

METHODIST CHURCH

The re-opening services will be held
next Sabbath (June 16) when the Rev. A.
R. Springer of Lyndock will preach morn-

The public are cordially invited.

Methodist missionaries to the Indians.

The Ladies Aid met at the home of
Mrs. Wm. Parkinson on Tuesday evening.
Tuesday, June 25 is the date fixed for
the annual Lawn Party.

Bible Society Meeting

The annual meeting of the Jarvis branch
of the Bible Society was held in Cham-
bers Hall on Wednesday evening of last
week. In the unavoidable absence of the Pre-
sident, Mr. C. E. Bourne, the chair was oc-
cupied by Rev. A. C. Eddy. The min-
utes of the last annual meeting were read
by the secretary Mrs. Albert Meehan and
the treasurer's report by Mrs. George
Histed. The officers were re-elected.
The speaker of the evening was Mr. Bunt
a theological student. A number of views
thrown on the screen illustrated phases of
the Canadian work of the Bible Society.
This society is a most worthy organization
and the collectors will, we are sure, be
welcomed in every home.

Hicks' Forecasts for June

A regular storm period is central on the
16th, embracing new Moon on the 15th,
on the equator the 21st, and in perigee
on the 16th, the central day of the period.
A very low reading of the barometer,
anywhere from the 16th to 21st; must
be taken as a danger signal. Watch your
barometer. As long as your barometer
remains normal, don't fear for tornadoes,
even if the heavens are ablaze with light-
ning and resounding with peals of thun-
der. These solstice storms, are erratic in
their movement—coming up from unusual
directions, turning backward from the
east a'fer having passed your locality, and
drenching you from unlooked for quarters
with violent squalls of wind and rain.
This is caused by confused and unstable
currents and on-lutions, arising from the
fact that the Earth is at her turning, sol-
stice position, where she begins her move-
ment toward the autumnal equinox, and
the Sun begins to retrace its course
southward in the heavens.

To Our Advertisers

Owing to the increasing number of
weekly changes of advertisements, it is
absolutely necessary that copy for same
should be in our hands not later than
Monday afternoons. Advertisers who do
not comply with this request need not be
disappointed if the change is not made
the current week.

Accident

A painful accident befel Abe Fallis on
Saturday. He and his brother William
had gone to the lake for two loads of sand.
They were returning and had hit both
teams to a load in order to draw it out,
when something went wrong with the
chain. The former stooped down to ad-
just it when one of the animals kicked
him in the shoulder, dislocating it. He
thought little of it at the time but on con-
sulting a physician he found the above
fracture had resulted. Mr. Fallis has the
sympathy of his many friends in his mis-
hap and we trust he may soon recover.

Death of Mrs. Hedges

"In the midst of life we are in death."
The words have again been verified and
the grave has again hid from our vision
another form, and as we hear the words,
"O death where is thy sting?" "O grave
where is thy victory?" We are more and
more convinced that our lives are but
fleeting. It is with profound sorrow that
we chronicle the death of Mrs. James
Hedges of Chesapeake. Deceased had been
enjoying her usual good health up to
Thursday when she was seized with an
attack of peritonitis and despite the best
medical attention and nursing since re-
ceived on Saturday, June 8th. She was
a daughter of Charles Lamb, of Nanticoke
and by her death a sorrow-stricken
husband and seven dear little motherless
are left, the youngest being but a few
weeks old. It has indeed cast a gloom
over the entire neighborhood and
deep and profound grief, not alone in
the household she has left so desolate,
not alone in the hearts of those who were
near and very dear to her, and in whose
memories she will live brightly as long as
life will be their portion, but to all who
had the pleasure of her acquaintance.
To the bereaved ones we pour out our
sympathy. All that was mortal of our
dear friend was laid to rest in Nanticoke
cemetery on Monday.

Death of Mrs. Law

How true are the utterances of Long-
fellow, in which he says:
There is a Reaper, whose name is Death
And with his sickle keen
He reaps the bearded grain at a breath,
And the flowers that grow between.
Day after day we see these lines fulfilled.
The Reaper comes and it gathers in those
who have grown old and fully ripe for the
harvest field. The death of the aged is
something that must be; we look for it;
we expect it, but with the young life is
ever hopeful. This week it is our painful
duty to record the passing away of an-
other Elizabeth Deller, beloved wife of John
Law, the sad event occurring at her home
in Simcoe, on Sunday. Deceased had
been in delicate health since August and
in January she underwent an operation
for inward trouble, from which she de-
rived little if any benefit and since that
time she has been in declining health,
being confined to her bed since Easter.
Mrs. Law, who was in her 38th year, was
the second daughter of Mr. and Mrs.
David Deller of this town, and some seven
years ago was united in marriage to
her now bereft husband. Besides her hus-
band she is survived by her parents, three sis-
ters and five brothers, to whom our sym-
pathy is extended. The funeral took place
Tuesday to Oakwood cemetery, Simcoe.

Death of William Shutter

As the sacred old oak trees which have
reared their heads and stood the battle of
the breeze for the past ages are now few
and far between, so are our hardy, indus-
trious and energetic pioneers, who faced
the many storms and disappointments
with cheerful and patient hearts to make
this "Land of the Maple" what we, their
sons and daughters, boast as the ideal
country. They are now numbered in the
Celestial city receiving due reward for
their life on this side of the river of death.
The roll is now increased by another of
our most worthy men in the person of
William Shutter, who on Sunday finished
his earthly pilgrimage. The subject of
our sketch first saw the light of
