CAPITAL PAID UP.....\$ 2,870,000
Reserve and Undivided Profits..... 2,500,000
Total Assets..... 44,000,000

It is not in its power to purchase the greatest value of money lies. The feeling of independence, and of security against the effects of adverse fortune that a reserve fund gives you, is infinitely more satisfying than the passing gratification which you would obtain by spending it.

Small amounts which you will hardly miss deposited regularly, will gradually, but surely accumulate to a sum large enough to insure against the effects of business reverses or loss of employment.

Don'ts For Wives

1. Don't marry a man for a living, but for love. Manhood without money is better than money without manhood.
2. Don't overdress nor underdress; common sense is sometimes better than style.
3. A wife with a hobbie skirt and a husband with patched trousers make a poor pair. A woman can put more out of a kitchen window with a spoon than a man can put into the cellar with a shovel.
4. Don't think that the way to run a house is to run away from it. It is wrong to go around lecturing other women on how to bring up children while you are neglecting your own.
5. Don't tell your troubles to your neighbors. They have enough of their own. Fight it out with your husband if it takes all summer.
6. Don't nag. The saloon keeper is always glad to welcome your husband with a smile.
7. Don't try to get more out of a looking glass than you put into it. Nature's sunshine is better for woman's beauty than man's powder and paints.
8. Don't make gamblers and drunkards out of your children by running whisk parties for prizes and serving punch with a stick in it.
9. Don't forget to tell the truth, especially to the conductor about the age of your child; honesty is worth more to you and him than a nickel. A boy who is 8 years old at home and 6 on the cars will soon say other things that are not so.
10. Don't forget that home is woman's kingdom where she reigns as queen. To be mother of a Lincoln, a Garfield, or a McKinley is to be mother of a prince.

DON'TS FOR HUSBANDS

1. Don't marry a doll and find fault because she is not a helpmate.
2. Don't be afraid of a woman with education and some brains. She will wear well.
3. Don't forget that nine times out of ten your wife wants to be your chum. Let her help make your marriage a long playtime.
4. Don't nag your wife until she loses her temper and goes insane. It isn't good form for her to bury her sorrows in the smile of a saloon keeper.
5. Don't make the blunder of believing that a four, five or six-room flat can occupy all her time, energy and brain power.
6. Don't forget that married life with-out children is a mighty empty sort of existence.
7. Don't refuse to do what you can to lighten the burden of child rearing in your home. No work in the world is such a drain on a woman's nerve force as the care of children.
8. Don't forget that you get out of marriage exactly what you put in it.
9. Don't make your purse string the means of controlling your wife's thought and conduct.
10. If there are no children, don't oppose your wife's taking her place beside you on the workaday world. She doesn't wish to be a parasite.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also liquify the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by all dealers.

Indolence and Home

Indolence is an enemy to home. Some men are too lazy to provide decent conveniences at home. It is a crime against the happiness of the home for a man to neglect to provide the little conveniences that will add to beauty and comfort of the home. Say, brother, take out that old mewed pillow and put in a pane of glass. It is too painful as it is. Climb up then and put the bricks on the chimney where the storm of last winter blew them off. Put a carpet on the floor and a few pictures on the shelves and give your family a paper or two to read. Study to make yourself useful, and to rob home of its bleakness, by providing things that add to its comfort and brightness. Make the children feel that home is a Paradise in which the thrushes of love ever sing high up in the clear blue sky of the humble heart and you will have no fear of turning out thieves and harlots in your time.

Better the Twinges

The drug habit has its hundreds of victims in the cities. Medical men could tell if they would of wrecked lives and blighted homes because of the insidious effect of the use of morphine and cocaine. Saddest of all these victims are often make unconsciously. Sometimes it is a headache powder, sometimes the soothing potion of a physician, that sets up an appetite that human will may hardly break. Some day the doctors will be more careful than last but for a day than the night-alleviation of temporary pain. Better a thousandfold of temporary pain, agonies that last but for a day than the nightmare and the horror of a drug habit that trails its victims to the grave. To meet the growing and desperate situation the most rigid laws should be enforced to prevent the users of these drugs from securing supplies. Physicians and druggists who minister to the wants of the drug fiend from any motive whatever assume a terrible responsibility.

The teachers had the letters c-a-t on the blackboard and was trying to teach little Pansy Peavish to pronounce the word, but Pansy could't come it. "Think," said the teacher, "What is it that has some whiskers and comes up on the porch late at night when it is cold and begs to come into the house?" "Oh, I know," exclaimed little Pansy, a great light dawning, "It's papa!"

It is up to You

To protect your family from the ravages of disease and infection; and the rigors of winter; to make your home the abode of Health and Happiness. Statistics tell us that there were over 250,000 deaths in North America last year from fever and pneumonia, over 90 per cent. of these cases were traceable to out-door closets and all were the result of insanitary conditions. Are you going to allow this terrible death rate to continue.

Cooking is a pleasure when you have a "McClary" Gas Range in your kitchen

You wouldn't think of lighting the furnace during the intense heat of summer. Why persist in cooking on a coal range during the hot weather? GAS is a much cheaper fuel than coal—far more convenient and easier on the cook in the summer time. Any McClary gas range pays for itself very quickly in the actual money it saves.

The Model shown in the cut is "McClary's" latest production and therefore the greatest range value there is.

The first glance convinces you that your comfort and convenience have been studied by the designers and builders of this range. It is quite apparent that you can cook a big dinner on this range without being crowded. The big roomy Oven is placed high. The Broiler is also elevated. There is no "steeping or bending" over this range.

Like other "McClary" ranges, this model has the white enameled broiler and drip pans. Also Anti-Rust linings which add to the life of the range. The body is finished in bright, black enamel, and is easy to clean.

Just see the many styles of "McClary" gas ranges at your dealer's. All "McClary" gas ranges can be changed from artificial to natural gas in a few moments if necessary—see them and pick out the gas range that suits you best.

Will you be one of the 108 farmers who will receive our Prize Contest checks?

THERE will be twelve cash prizes in each of the nine provinces (108 in all) in the 1912 Prize Contest for Canadian Farmers. The 1911 Contest was so successful in awakening interest in the use of Concrete on the farm, that a second contest, in which three times as many prizes are offered, was decided upon for this year. The Contest this year is divided into three classes, "A," "B," and "C," and there will be four prizes in each class. (First prize, \$50; Second prize, \$25; Third prize, \$15; Fourth prize, \$10.) Thus there are three \$50 Prizes, three \$25 Prizes, three \$15 prizes, and three \$10 Prizes, for each province.

DESCRIPTION OF CLASSES

- In Each Class there will be First, Second, Third and Fourth Prizes (\$50, \$25, \$15, and \$10) for Each Province.
- CLASS "A"—Prizes to be awarded to the four farmers in each province who use most "Canada" Cement on their farms in the year 1912.
- CLASS "B"—Prizes to be awarded to the four farmers in each province who send photographs of the best concrete work done with "Canada" Cement on their farms in 1912.
- CLASS "C"—Prizes to be awarded to the four farmers in each province who send in the best description, telling how any piece of concrete work was done with "Canada" Cement. (Entries for this prize must be accompanied by photographs of the work.)

Don't think that you must use a large quantity of cement in order to win a prize. The quantity of cement used does not count in Classes "A," "B," and "C." Many of last year's prize winners used very little cement. When you enter the Contest, you have a chance to win a cash prize of \$50 as well as the certainty that you will add a permanent improvement to your farm. If you haven't a copy, be sure and ask for our book, "What the Farmer Can Do With Concrete." It will not only suggest many improvements that you can use in entering the Contest, but will tell you all about the use of concrete on the farm.

Just write your name and address on the attached coupon, or use a postal card, and we will send full particulars of the Prize Contest and a copy of "What the Farmer Can Do With Concrete" to you absolutely free.
