It is hoped that parents will not  
keep their children out of school  
unnecessarily, as the months of May  
and June are very important.  
Children who miss these two months  
cannot possibly expect to pass ex-  
amination for promotion in June.

When sending a stamp in a letter  
instead of moistening one corner  
and sticking it to the paper, moisten  
a small spot in the centre of the  
stamp and then affix it to your let-  
ter. The removal of a small part of  
the adhesive substance from the  
centre in no way impairs the use-  
fulness of the stamp; whereas it is  
often torn if the corner is fastened.

We have tried in all possible ways  
to show our appreciation of the li-  
beral patronage given us in the past.  
In the columns of our paper we  
fought for our town to the best of  
our ability. We would not be ego-  
tistical, but believe that by using  
this paper as a weapon we have been  
enabled to render some assistance  
to the enterprise and growth of our  
little town. If our paper has pleas-  
ed you we are fully repaid for the  
hard labor we have given it, and  
can promise our readers that in  
future it will be far superior to the  
past, as we have decided to give  
more attention and work to the local  
field, realizing our readers appreciate  
a spicy local page.

Word has just been received in  
Jarvis of an honor that has been  
paid to a Chicago man well known  
here. Last week Mr. James A.  
Cumming was elected to membership  
on the Board of Trade of the city  
of Chicago. Mr Cumming will be  
remembered as 'he husband of  
Katie D. Stacks, daughter of Mrs. B.  
Stack a resident of Jarvis for more  
than 40 years. For the past eight  
years Mrs. Stacks has made her home  
with her daughter in Chicigo, where  
Edmond Cummings formerly of  
Main street, Jarvis, also resides.  
Mr Cumming is a most estimable  
young man and his friends and those  
of his wife in Jarvis will be pleased  
to learn of his advancement.

ing of it.

The horse races and athletic  
sports promises to excel other

the 24th in a loyal manner.

Speaking of fire escapes, we heard  
a woman say that her husband was  
the greatest fire escape on record—  
he had not built a fire in forty years.

Caledonia is submitting a By-Law  
authorizing the borrowing of \$4624  
to provide for the cost of Hydro  
Electric Power. It will be submit-  
ted to the ratepayers on June 6th.

But these people who tell you that  
the church should provide this and  
that for the young men don't appear  
to notice that it is as much their  
business as it is that of the church  
to do these things.

will address the meeting.

A closed season for frogs has been  
fixed by the Ontario Government.  
Commencing with this year frogs  
may not be caught or killed during  
the months of May and June of each  
year. A heavy penalty for violation  
of this law.

The invention of Howard Barnes,  
of Montreal, of an instrument which  
detects the presence of icebergs, is  
said to have proved successful. On  
a trip across the ocean last week  
Mr. Barnes could, by means of his  
invention, detect icebergs from two  
to ten miles away.

Mr. and Mrs. A. E. Wigle arrived  
in town last week from Hagersville.  
Mr. Wigle is doing an extensive  
business in the feather cleaning  
business and his process is highly  
recommended. The people of Jarvis  
can depend on getting first class  
work done by Mr. Wigle.

When making out accounts use a  
printed billhead. A well-executed  
billhead gives you a standing with  
your business customers. We exe-  
cute letterheads, envelopes, state-  
ments, billheads and other printed  
matter with neatness and dispatch.  
Call or phone The Record Office,  
when in need of printing.

In the month of April the Van-  
couver World printed a picture  
filled with dots for which the company  
offered prizes to the successful ones  
who would count the dots correctly  
and Harvey Rodgers, who learned  
his trade in the Record Office, here,  
won the second prize, \$200 in cash,  
and has received his money. There  
were 422 dots in the picture.

Hay has been selling at \$31 and  
\$32 per ton in New York, and Ameri-  
cans have been securing all the hay  
they could find at Canadian country  
points and a number of them have  
been in Haldimand County during  
the past week. Owing to the gen-  
eral backwardness of the season and  
the poor condition of many mead-  
ows, new and old, the upward trend  
of prices is reported to be not over  
yet.

It will be good news to merchants  
and bankers alike to hear that the  
government has decided to withdraw  
the new \$4 bills which resemble so  
closely a \$1 bill, and have been the  
cause of endless loss and annoy-  
ance. Instead the government will  
issue a \$5 bill the first of the denomi-  
nation. Hitherto it has been only  
the banks that have issued five dol-  
lar bills. The "shin plaster" is al-  
so likely to be withdrawn at no dis-  
tant date.

What's that! Did you say rain?

cerned.

now on, forget the tough times we  
have had.

From now on you can keep fairly  
busy in the evenings looking after

ing a place as one that is twice as  
effectively advertised make your ads  
twice as interesting as the ads of the  
other store.

You'll have to hurry if you wish  
to secure a good seat for the con-  
cert on the evening of May 24.  
Walter Edwards and Miss Kee can  
certainly entertain you.

A bicycle pump is a good substi-  
tute for a vacuum cleaner in getting  
dust from nooks and crannies in mar-  
ble statuary, plaster casts, carved  
furniture or any crevices where it  
lurks in spite of dust cloth and  
brush. Run the open end of the  
rubber tubing over the surface to  
be dusted, while working the pump  
vigorously with the foot. A soft  
dustcloth will do the rest.

The prosperity of a town is not  
guaranteed by the wealth of its in-  
habitants, but by the uniformity with  
which they pull together when any  
important undertaking is to be ac-  
complished. A man with a thou-  
sand dollars in his command and a  
love for town in his heart, can do  
more for the building up and im-  
proving of it than the millionaire  
who locks up his capital and snaps  
his fingers at home progress.

Do you know that an editor or a  
reporter for a newspaper can in his  
rounds stop and ask a hundred ques-  
tions "What is the news?" And  
ninety out of a hundred will reply,  
"Nothing special and yet fifty out  
of that number know something  
that if not found in the next paper  
will astonish them greatly and dis-  
appoint them more, and perhaps  
make them madder than hornets.  
Don't be afraid to let the newspaper  
man know it.

The May meeting of the Erie Wo-  
men's Institute was held at the  
home of Mrs. Wm Devine, the main  
feature being the election of officers.  
Mrs. Devine still holds her old  
position as President; Mrs. James  
Doehstader, Vice President; Miss  
Pearl Biggar, Sec. Treasurer. A  
short program followed. The next  
meeting will be held at the home of  
Mrs. Wm. Start, June 28th, when  
Dr. Laura Hamilton of Toronto will  
address the meeting. Everybody  
welcome.

Friday will be Victoria Day, a day  
which for over sixty years was a day  
of great rejoicing to the whole of  
the British Empire. Although the  
noble woman in whose honor it was  
first, and is now kept, sleeps at  
Frogmore, and a King fills the  
throne, a decision of the Dominion  
Parliament ordains that the 24th of  
May shall be observed and doubt-  
less our children's children will be  
observing Victoria Day long after  
this whole generation has ceased  
from troubling.

The Record wishes to increase its  
staff of correspondents throughout  
the country and invites the help of  
those willing to send in from week  
to week, items of news in the neigh-  
borhood. Matters of importance  
are always welcome, but equally so  
are the items telling of the move-  
ments of people to and from the lo-  
cality. The Record asks that all  
willing to help in the work, which  
will benefit the locality by bringing  
it before the world, write to the  
editor of The Record when supplies of  
paper, envelopes and postage will  
be furnished.

We are pleased to see so many of  
our citizens taking pride in their  
homes. The word "home," next to  
that of "mother," is the greatest  
ever uttered by human tongue.  
What a refuge the home is when the  
darkness gathers! How glad one  
is to get a glimpse of home when  
time and space have separated him  
from it if even for a brief period!  
There seems to be a good natured  
rivalry here in an effort to make  
"our home" look a little neater and  
thus be the more inviting to the  
occupants than all others. Such  
rivalry is certainly pardonable.  
This is the season of the year when  
much may be done toward making  
the exterior of the home bright and  
beautiful as well as the interior.

Here's hoping for fine weather  
May 24th.

It's the first false step that counts.  
Don't take it.

The new gold coins, however, may  
not be worth their weight in gold.

A report of the meeting of the  
Village Council arrived too late for  
this week's issue.

would be better if these gruesome  
Titanic stories remain unpublished.

ling little burg.

Weatherwise folks class the recent  
new moon as an "afternoon moon,"  
or a warm one. It should prove a  
fairly safe prediction.

Frank Truckle shot his wife dead  
on the street at Hamilton on Satur-  
day and when pursued by the police  
shot himself and died shortly after.

Robt. Taylor had a barn raising  
Tuesday and despite the inclement  
weather a large number turned out  
from Jarvis. The raising went off  
without a hitch.

The Court of General Session of  
the Peace and County Court for the  
County of Haldimand will be held  
in the Court House, Cayuga, on  
Tuesday, June 11th.

From week to week we receive  
verses in memory of departed ones.  
We wish to state that all such,  
including cards of thanks, are charged  
at the rate of five cents per line.

Mrs. Banbury takes this opportu-  
nity of thanking her many friends  
for the liberal way they helped her  
in the contest at The White House.  
Although failing to win her thanks  
are due them, nevertheless.

We are sorry that we have been  
obliged to place into the hands of  
collectors several accounts of sub-  
scriptions which have been render-  
ed from time to time but no notice  
has been taken of them. These ac-  
counts are from five to ten years and  
are now sent to the collectors at the  
rate of \$1.50 a year.

The frogs have begun to sing.  
What more welcome sound to the  
heart and soul than the tuneful  
melody of the nocturnal, aquatic  
webfoot troubadour? The meadow  
lark for the fields and the robin for  
the back yard, but for energetic,  
whole-souled crescendo, for care-  
dispelling, debt-forgetting enjoy-  
ment, give us the frog.

The continued story, "Sybil's  
Doom," appearing in The Record  
for some months, ended last week  
and everyone who had the pleasure  
of reading it claim it to be one of  
the best ever published, as it was  
full of interest. We have always  
been fortunate in securing good  
stories and we expect another, just  
as thrilling as the last, will appear  
shortly. All lovers of fiction should  
avail themselves of the opening  
chapters by subscribing for The  
Record now. The Record will be  
sent to any address in Canada from  
now until January 1st 1913, for only  
50c.

The White House contest for the  
Lady's Suit, which has been on for  
several weeks, is at an end. The  
fight is over and everyone is breath-  
ing more freely. At the commence-  
ment it was closely contested, but  
as it further advanced it was no-  
ticed that Mrs. Robert Taylor kept  
to the front. It proved so till the  
last when the ballots were counted  
on Thursday morning Mrs. Taylor  
had 94350 to her credit; while Mrs.  
Banbury stood second with 63825.  
Mrs. Taylor is receiving the con-  
gratulations of her many friends  
these days. She also wishes to  
thank all who assisted her in ob-  
taining the suit.

### Atkinson - Mitchell

On Wednesday May 22, 1912 at the  
Methodist Parsonage, Jarvis, William  
Leslie Atkinson and Mary Belle Mitchell  
two popular young people of the com-  
munity were married by the Rev. Arthur  
Clare Eddy, B. A. John J. Mitchell  
supported the groom while Miss Ruby  
Peacock of Sanduak acted as bridesmaid.  
The bridal couple left for St. Thomas  
and other points West. A large circle  
of friends extend their heartiest congrat-  
ulations.

### Notice

I have been requested by the Council  
of the village of Jarvis, to call the attention  
of the young people of the village to the  
provisions of the By Law regarding the  
discharging of fire crackers and firearms  
within the village, which reads as follows:  
"No person shall light, set off or use any  
fire crackers or fire works of any kind or  
nature whatsoever within the limits of  
said village." The constables are in-  
structed to carry out the provisions of  
the By-Law and have the culprits pun-  
ished according to said By-Law, which  
will be strictly enforced.

## Murderer of Miss Linnell

Electrocuted at Boston  
in Early Morning.

Boston, May 21.—Clarence V. Rich-  
eson, the self-confessed murderer of Miss  
Avis W. Linnell and a former Baptist  
clergyman, was put to death by electric  
ity in the state prison early this morning.  
At 12 10.02 o'clock the electrician threw a  
lever that set a powerful current of elec-  
tricity through the condemned man's body  
as he sat strapped in the chair. The first  
shock caused instant death, and after an  
examination by the physician in attend-  
ance Richeson was pronounced legally  
dead at 12 17 a. m. Richeson went to his  
death with composure as he said he would.  
Last night it was learned that among the  
envelopes sent to the prison addressed to  
the condemned man was one which con-  
tained a blank sheet of paper in which  
was a small quantity of white powder.  
Warden Arigs had some of it analyzed,  
and the powder proved to be cyanide of  
potassium, the same kind of poison that  
Richeson used to cause the death of Avis  
Linnell. The envelope was postmarked  
New York City. Had the powder reach-  
ed Richeson he could have committed  
suicide.
