You can't do much in the way of swatting flies until the flies come around to be swatted. So far a cold and backward season has interfered with this industry. But let no one abandon hope; fly time, and plenty of it, is sure to come, and then anybody who likes the swatting exercise can have all he wants of it.

The other day at a public demonstration of blasting stumps with dynamite (or stumping) in Norfolk County, a young lady volunteered to light the fuse. Men have repeatedly refused to do this particular work but this nervous young lady stepped up, lit the fuse and walked leisurely away as if nothing had happened, amid the hearty applause of the spectators.

The following which is taken from the Montreal Daily Herald has reference to a niece of Mrs. Wm. Armstrong of town. The young lady has also spent several weeks with her aunt on several occasions: "Miss Clara Miller of the Royal Victoria College has won a much-coveted prize at McGill University. The scholarship for research at the Maine Biological Laboratory is always the object of keen competition on the part of student specialists. This year's winner has enjoyed a remarkably successful career since her entrance into McGill in 1906. After receiving an honours B. A. degree in 1910 she resolved to study in the graduate school with the result that this year she was awarded the degree of Master of Science at the annual convocation ceremonies. Miss Miller is one of the three lady graduates of McGill to take the degree of M.Sc."

Death of R. P. Banfield

To some death comes by slowly lingering disease and for months the earthly tabernacle crumbles into ruins, to others the summons comes so quickly that the community is shocked with the suddenness of the event. It was so this week in the case of Robert P. Banfield, of Nanticoke who was called hence at 9.30 this (Wednesday) morning. He had always enjoyed the best of health, never knowing a day's illness. He was sick only about two weeks with that nerve racking ailment, inflammatory rheumatism which soon broke down his constitution and he gradually sank until the vital cord was snapped and the heart of a true, upright and stirring man was still. Mr. Banfield was born in Nanticoke fifty-four years ago and has resided there ever since. In the year 1884 he was united in marriage to Miss Alice Clark of Nanticoke, who survives, together with one son Warren and two daughters, Ida and Mildred, to whom we extend our deep sympathy. He was always an industrious man, of sterling quality and a genuine good friend and neighbor. He was an ideal husband and fond parent, and his death will be deeply felt. The funeral will take place Friday at 2 p.m. to the Nanticoke cemetery.

Died in Townsend

Mrs. Marilla Carrington, a widow, who lived alone on the 11th concession of Townsend, was found in the doorway of her home in an unconscious condition Sunday morning. Medical attendance was at once summoned, but she died in the afternoon. Coroner, Dr. Teeter, of Waterford, was notified and upon examination he pronounced that the bruises on her face were caused by a fall, no doubt the result of a stroke of some kind. Deceased leaves to mother, her husband, three sons and four daughters. Three sisters also survive. The funeral was held on Tuesday afternoon. Interment took place in the Culver cemetery.

Hicks' Forecasts for June

A regular storm period, within the brace of the Mercury period, extends from the 3rd to the 9th. The June solstice will impinge upon this period, causing electrical storms to continue and reach a crisis on and touching the 9th. The moon is on the equator on that day, and the annual magnetic crisis extends from about the 8th to the 15th, so that thunder storms will be frequent and violent for several days at this time. These June thunder squalls often prove quite severe, with only moderate fall of the barometer. Heavy and sometimes abnormal rains occur during the June solstice, with the barometer little below normal. At such time the hygrometer shows great humidity.

This Spring

The unvarnished unmelodious truth is that this spring has been an absolute and exasperating failure, a brutal imposition upon human nature. It has a right to expect the spring of the poets after a winter that was the rudest and most pitiless almost of recorded time. The yearning for an early season in this latitude and longitude was pathetic. It was bad enough to be mocked as usual; nothing mystifies a homekeeping Yankee more than Browning's rapture "Oh, to be in England, now that April's there", but to be frostbitten deluged, hailed on, thundered at and buffeted by a wild riot of equinoctial gales after winter had smitten us prostrate and taken cruel toll of our vitality, this was to try us beyond the limit of endurance and dry up philosophy.

Trees are Beautiful

The bloom of the orchards is very beautiful. The plum orchard is a mass of billowy whiteness, and the apple orchards throughout the country are gorgeous in pink and white. The peach bloom is perhaps the loveliest of all, but there is not much of it this year, and this is a source of disappointment to many. The farmers who dwell in the midst of this fragrance and bloom would be the happiest men on earth, if it were not for their many distractions. The rain has hindered them with their seeding, and they fear for the harvest, which may be poor and the workers in the great cities fed? This is only one of the perplexing problems which make many an honest farmer anxious about the prices which city folks will have to pay for their food next fall. Of course there are some shriveled souls who have no thought for the poor but they live on the stony soil farther north.

A. O. U. W. Attend Service

The members of Jarvis Lodge No. 65 of the Ancient Order of United Workmen of Canada, with a few brethren from sister lodges of the order to the number of sixty-five, marched in a body Sunday evening to the English church for the purpose of attending divine worship and listening to a sermon on Workmanship by Rev. Canon Ker of St. Catharines. The service was a very impressive one and the sermon a masterly exposition of the cardinal virtues of Workmanship, Faith, Hope and Charity, selecting his text from Ecclesiastes 4-10. The sermon was listened to with rapt attention and will not be soon forgotten by those who were present. During the offertory Miss Ethel Snyder sang "Rock of Ages" and made a fine impression on all who heard her. She sings with great purity, sweetness, enunciates well and gives feeling expression to the sentiment of the words. The members at the close of the service fell into line and returned to the lodge room where a vote of thanks was tendered to the visiting brethren.

Farewell Sermon

Rev. Canon Ker of St. Catharines, who has so ably filled the vacancy in the English church since the death of the beloved rector, Archdeacon A. J. Belt, some four months since, concluded his work on Sunday. During his stay among us the reverend gentleman has endeared himself to every member of the English church while by his large hearted interest and helpfulness in everything which tended to uplift humanity he won for himself the respect and esteem of the entire vicinity. His religion was of a deeply spiritual sort, free from cant and dogmaty, and in his dealings with men he was straightforward and courageous. He was not afraid to act out of his conviction and his religion was not of that cloistered sort which secludes itself from the actual life of men. He thanked the members for the kind hospitality extended him during his stay in town and urged all to lend their co-operation in the welfare of the church, especially to the Sunday school. He trusted that hearty support would be given to the new rector. Rev. Mr. Ross will enter upon his new duties on Sunday, June 2nd.

Holiday Visitors

Among the number who spent the holidays in town we noticed: Mrs. John Hawthorne and Mrs. M. Porter, Simcoe; Charles Brock and Fred Harrison, Caledonia; Misses Grace Lewis, Margaret and Ruby Smith, Clarence Bousfield, Ainsley Jackson and Mr. Buck, Mrs. Sharp, and Miss Ethel Hart, of Hamilton; Mr. and Mrs. Andrew Maleho and children of Stratford; Frank Galloway, Burlington; Mr. and Mrs. Britton and Mr. Anderson, Brighton; Mrs. Grant, (Nee Emma Silverthorn) Toronto; Wm. Celebration of Victoria Day

When Jarvis celebrates it does so with no uncertain sound, and the national holiday which passed into history at twelve o'clock Friday night was no exception to the rule. Anticipation is an enemy to good sleep, and the average boy who finds it hard to break away from the land of dreams in time to reach school at 9 a.m. may be safely relied on to be very much awake at 5 a.m. on the morning of a national or local holiday.

As a fitting opening to Victoria Day, the electrical storm and accompanying hail, which acted as a pilot to the sunshine of the morning, could not have been better had it been ordered. The vivid flashes and terrific crashes intermingled with the bombardment of large hailstones upon the bedroom windows could not fail to impress one with the fact that the expected clatter of the day had got away with a good start, and the boy who had been snapping fire-crackers, and killing bad Indians in his dreams in the night, must have been awakened with a jolt Friday morning.

It was a storm of the kind not easily to be forgotten, but was soon driven into obscurity by the beautiful sun which followed as a sort of benediction to the day most respected by every loyal Canadian because of its commemoration of one of the best and most loved queens the world has ever known—Victoria.

The morning trains brought a goodly number to witness the baseball matches and athletic sports, the horse races being called off owing to the heavy condition of the track. The Villa Nova Band was present and added much to the enjoyment of the day.

Following are the baseball scores and prize winners in the sports:

First game, Jarvis and Simcoe, awarded to Jarvis 9-0 on account of Simcoe objecting to decision of umpire and refusing to play.

Fisherville	1	1	0	4	—11	
Hagersville	3	2	0	1	0	—7
Caledonia	1	1	1	x	—4	
Jarvis	3	0	0	0	—3	

Half mile hurdle race—H. Nichol, J. Laplant.

100 yard foot race—M. Winger, D. Peters.

Standing broad jump—A. Anders, H. Nichol.

Run hop, step and jump—Geo. Peters, M. Winger.

Standing high jump—A. Anders, M. Winger.

Boy's race under 13 years—D. Phillips, E. Mattice.

Girl's race until 13 years—Eva Church, M. Brennan, J. Mitchell.

Quoit pitching contest—E. Windworth, C. Walker.

The day's proceedings ended up with a splendid concert at night, the hall being packed to the doors and many were turned away. Walter Edwards, the humorous entertainer sings, talks, recites and impersonates humorous characters, and drives dull care away by his happy and highly entertaining methods. His numbers were varied. Miss Lillian May Kee, reader, made her initial bow to a Jarvis audience and early established herself a favorite. She is equally at home in humor, pathos or tragedy. There is clearness of enunciation in Miss Kee's speech that rapidly of utterance never destroys. They were repeatedly anchored to which they cheerfully responded. Miss Lillian May Allen delighted her hearers with two well rendered piano solos. She also acted as accompanist during the evening to the entire satisfaction of all. J. J. Parsons occupied the chair in his usual happy manner.

The committee in charge of the celebration deserve all kinds of credit for the manner in which the whole affair was conducted and brought to such a successful issue.

J. M. Howell, a popular druggist of Greenburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all dealers.
