## PHOTOGRAPHY IS A MIRROR

Which held up to life, throws back a  
permanent reflection. Just as a  
poor mirror gives a distorted li-  
keness, does an inferior photograph  
liberal its original. Good mirrors  
cost a little more money, so do  
artistic photographs. Art in  
photography is simply the truthful  
reproduction of nature, that my  
photographs show at least a fair  
measure of artistic merit is due  
simply to an ability to cause the  
sitter to momentarily forget the  
camera.
