Sight

The world is bright with beauty, and its day
Are filled with music; could we only know
True ends from false, and lofty things from low;
Could we but tear away the walls that graze
Our very elbows in life's frosty ways;
Behold the width beyond us with its flow,
It's knowledge and its murmur and its glow,
Where doubt itself is but a golden haze,
Ah, brothers, still upon our pathway lies
The shadow of dim weariness and fear,
Yet if we could but lift our earthlyward eyes
To see, and open our dull ears to hear
Then should the wonder of this world draw near,
And life's innumerable harmonies.

Hard luck is the kind that comes easiest.

Walpole Spring Fair to-morrow (Thursday).

Mrs. Laur after her long continued illness is now improving nicely.

Never send a friend on a fool's errand. Go yourself.

The man who gets the most out of life is tee man who puts the most into it.

We never see the worst side of some people till we get the better of them.

Frosty nights and fine windy days will soon make the mud a thing of the past.

J. Campbell of the Bank of Hamilton, Hagersville, spent Friday night in town.

We are sorry to report that Mrs. Garb Steel is quite ill but trust she will soon recover.

If a man doesn't want to be spoiled by success, let him get a job with the welfare bureau.

We seldom appreciate happiness until we reach the point where we speak of it in the past tense.

Mr. and Mrs. Arthur Evans of Cheapside were guests of Mr. and Mrs. W. Wood over Sunday.

Tea is more susceptible to foreign influences than even butter. This is why it should never be exposed to the air.

Mrs. Jos. Ivey after spending a short time with her daughter, Mrs. F. McCormick, in London, returned home last week.

At time of going to press we learn of the serious illness of our esteemed friend, W. C. Parsons, and little hope is entertained of his recovery.

A colored philosopher is reported to have said; "Lafe my brethren, am mostly made up of praying for rain, and then wishin' it would clear off."

Mrs. T. E. Morrow, Mrs. Newell, Mrs. J. S. Burwash and Mrs. (Rev.) J. H. Ross are attending the Convention of the Women's Auxiliary at Hamilton this week.

There are two ways of wasting your money. One is to spend it so fast that it doesn't have any time to do good, and the other is to hold on to it so tight that it never gets a chance.

If you want to buy or sell anything, The Record can help you. This paper talks to a great many prosperous homes every week and it don't take much to make your wants known through our columns.

His Lordship, Bishop Clark, of the Niagara diocese, has appointed Rev. W. P. Lyons, rector of Font-hill and Port Robinson, to the rectorship of St. Paul's church, Caladonia, his duties to begin May 1st.

The Annual Bible Society meeting will be held in School room of St. Paul's church on Monday evening May 5. A lecture on illustrated Bible Society work will be an interesting feature of the evening.

Parcel post stamps to the value of over \$25,000,000 have been issued since the service in the United States started, less than four months ago. Similar success may be anticipated in Canada when the Ottawa postal authorities perfect their plans for its operation.

To have both feet badly frozen in the early spring, is the unusual experience of Walter Tahwah, a nine-year-old Indian boy, who was taken to the city hospital in Hamilton, on Monday. The lad's home is in New Credit, and his post office address is Hagersville. Tahwah has not volunteered any information as to how his feet became frozen.

The Minister of Militia has issued a letter to the commanders of divisions, districts, brigades, regiments, etc., announcing that the department will not accept the excuse this year that the officer in command did not know that liquor was being sold in camp. It will be the business of the officers to prevent any liquor going into camp for such purposes. The officers in command of camps will be held strictly responsible if the regulations against the canteen are broken.

There is always a sure cure for the ills—of other people.

It is better to be honest from force of circumstances than not to be.

Doubt is the vestibule which all must pass before they can enter the temple of wisdom.

Mr. and Mrs. John Meehan of Nanticoke were visitors at L. McFarlane's on Monday.

Rueben Mattice, the bartender at the Keating House, received a gash from the knife of an Italian laborer on Thursday afternoon which might have resulted fatally. The offender was refused a drink by Mattice, and becoming angry, he made a slash at his stomach and caused a nasty, but not serious wound.—News.

A meeting was held on Tuesday evening in the Fire Insurance Hall for the purpose of organizing a band. There was a good turnout and the following officers were elected: Pres., G. L. Miller, Sec'y, Wm. Wood, and Band Master, B. Hair. The organization is meeting with every success, there being good material to work with and liberal subscription.

It is expected a new C. P. R. station will be erected in Tillsonburg the coming summer. The council has been active in looking in this respect, and have reached an agreement with the C. P. R. that will be of much advantage to the town. The station will be erected on a site between King street and Tillson avenue, a little south west of the linen mills, and alongside the track.

No man who makes a practice of being dishonest and repudiating his just accounts amounts to a hill they never get to the quarter pole. The successful business man thinks more of his credit than he does of his wife for he knows that if his wife leaves him he stands that if his wife getting another, but if his credit forsakes him he is up against it. He can have but one credit. It seems strange with all this in mind the bills at restaurants and at the cents off a friend and fifty at the back. That class of fellows always wear a banner that can be seen all over town and everybody is onto them. When it comes to paying your debts "honesty is the best policy."

The man who buys his friends generally gets stuck.

D. C. Allen has disposed of his 1912 auto to Bruce Finch of Caladonia and last week he purchased a new 1913 model Reo with the latest improvements, including an electric starter.

Jarvis Choral Society

Any singer wishing to join the Choral Society for next season will please send their names to Miss Grace Lewis, Sec'y of the Choral office.

The native flowers in the woods have been in bloom for some time back. Unless they are less ruthlessly destroyed and pulled up by the roots than they have been for years back, they will soon be a thing of the past. These beautiful harbingers of spring are surely deserving of a better fate. The young people especially should be taught to pull them more carefully and not drag them out by the roots.

Hicks' April Forecasts

A regular storm period, is central on the 23rd, covering the 21st to 23rd. The temperature will again rise very high, as we enter this period, beginning in western extremes. Storms of rain, wind and hail will follow, and during the 22nd to 25th, these storms will pass in regular progressive order from West to east over the country. The Jupiter influence will intensify all storm conditions during this season, making it necessary to exercise watchfulness and precaution during all the storm periods. The regular change to high barometer and much cooler weather will follow immediately behind, and for several days after these storms. Another strong earthquake reports, is central on the 23rd, involving the 17th to the 23rd. A three days of the month, having the last turn of April thunder showers with the barometer warmer, stiff winds and hail storms, which should not surprise or alarm any student of this Almanac. These northern hemisphere, will develop in the western extreme of the country, with cloudiness will follow, and rain and thunder will pass eastwardly over the country to the Atlantic Ocean. All northern areas are preceded by the east by cooler clearer weather, and the west storm periods. Don't let the "smart" Now that the Mars period has worked backward, well out of the spring weather, more propitious April weather. Season for fruits that we have had for many years, also for seeding all kinds of crops and gardens. Exceptions to this rule will be few. These April forecasts as a whole, would seem to contradict this special forecast, but many peculiar disturbances need not prevent such result.

Tuberculous Cattle

In a paper read before the British National Association for the Prevention of Consumption, Dr. Sheridan Delapine emphasized the need of a systematic inspection of dairy cattle. He said that he believed that infection from cattle caused among children under five years of age. The Lancet, which prints extracts from Dr. Delapine's paper, also quotes a recent report of the veterinary officer of the city of Glasgow, who said that tuberculosis was the most common disease that afflicted cattle. Out of 7,845 British cattle than twelve per cent, proved to be tuberculous. The prevalence of tuberculosis in that the veterinary officer rejected no more than forty out of ninety-eight cows that he tested with tuberculin before admitting them to the herd that supply milk to the fever hospitals. "An alarming proportion," says the report, "are we consider that these were all good-looking beasts that had received the critical attention of the dairy-owner before hand, in the full knowledge that they were to be tested."

Miss Sarah Hind received word of the sudden death of her sister, Mrs. Shuttleworth, near Bruce Mines.
