## Baseball

Once again the married and single men met in friendly clash for supremacy. Baseball it seems is getting quite a hold on this vicinity, as in the good old League days. Of course the games are not to the standard that they were then but to judge from the excitement that the crowd as well as the contestants displays one would think that a Canadian League game was on. On Friday night the teams were pretty evenly matched, both sides playing good ball. Mason and Mitchell were the battery for the married men while Moore and Underhill did the act for the singles. Toward the latter part of the game it looked as if the married men were going to capture the honors, but in the last half of the ninth the single men drove in three runs which won the game, the score being eight to six. On Tuesday night another game was played which resulted in another defeat for the married. The batteries were Humstead and Burkart for the married men and Underhill and Moore for the single men. The game ended with a final score of ten to 3.

Brantford, Aug. 4.—Maggie Ward, a seven-year-old girl, was badly burned at the home of her parents on Marlboro street last night. An older sister carelessly threw a lighted match in her direction; the little one's clothing catching fire. The child's arm and body were severely burned before effective aid was rendered.

Hamilton's Centennial celebration. There will be a large influx into the city of old boys and old girls and strangers that week, and the programme got up by the committee is a very elaborate and interesting one. The citizens are beginning to waken up to the importance of the event, and will no doubt do their duty in the way of decorating, illuminating, etc. There can be no difficulty in predicting a splendid time. The only doubtful feature is the weather, and for this the best is hoped.

Reading Pa., Aug. 4.—While Mrs. Franklin Woods was cleaning her canary bird's cage, the canary bird flew away. The family was not alone in grieving, the family cat seemed disconsolate, for it had long considered itself the special guardian of the bird, which was never afraid of it. That night the cat disappeared, and nothing was seen of either pets until to-day, when the cat came back, tenderly holding the missing bird in its mouth. Pussay delivered her burden to Mrs. Woods. There was not a scratch on the bird. Mrs. Woods believes the cat went out in search of the missing canary and when he heard its song captured it.

## H. P. Innes for Judge of Norfolk.

It is very generally understood that at no great time in the future His Honour Judge Robb is to vacate the bench, under the provisions of the new law making compulsory the retirement of all judges in Canada upon their attaining the age of seventy-five years. The Reformer has already commented on this fact and given expression to its feelings of regret that Judge Robb's faithful and eminently satisfactory services to the county are to be terminated. Report has it that many eminent councillors learned are more than willing to move to Simcoe and take up the burden of Judge Robb's duties. A great many people have taken it for granted that the coveted position will go to an outsider. But there is no law to compel such an appointment, and the Reformer learns with an approval of action being taken to have the plum go to one of our local Conservative lawyers. At the present moment, H. P. Innes, K. C., is the local candidate most seriously considered. We hope friends will spare no effort in placing the desirability of the appointment in the strongest possible light before the Minister of Justice. It is admitted that he is competent; his own services to his party, and the prominence in and usefulness of his family to the county unite to make his claim upon the honor exceedingly strong. The Reformer trusts to hear of his being chosen.—Reformer.

## Forty Thousand Men Required.

Farm Laborers' Excursions—This Year's Wheat Crop will be the Largest in THE HISTORY OF CANADA

The wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan and Alberta, thus requiring the farm laborers of the East to be recruited and assist in harvesting the World's greatest bread basket.  
The Governments of the respective Provinces state that forty thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly. The Canadian Pacific, on which Company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will run, and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route.  
"Going Trip West," \$10.00 to Winnipeg, plus half cent per mile from Winnipeg to MacLeod, Calgary or Edmonton.  
"Return Trip East," \$18.00 to Winnipeg, plus half-cent per mile from all points east of MacLeod, Calgary or Edmonton, to Winnipeg.  
GOING DATES—AUGUST 18TH—From all stations Kingston to Renfrew inclusive and east thereof in Ontario.

AUGUST 25TH—From Toronto and North Western Ontario, north of but not including Grand Trunk Line Toronto to Sarnia and east of Toronto to Kingston, Shabbe Lake and Renfrew, including these points.  
SEPTEMBER 3RD—From Toronto and all stations in Ontario East of but not including Grand Trunk Line Toronto to North Bay.
