The Western Fair

September 24th to 30th

The Western Fair of London, Ontario, will this year without doubt surpass anything ever before attempted by the Association. For months past preparations have been going on quietly for the Great Exhibition, and when the time arrives it will be found that everything is in first class condition. Enquiries of all kinds are coming into the general offices and the indications are that the buildings although enlarged this year, will be filled to overflowing. The space in the Main Building is already almost allotted. It is expected that the Agricultural and Horticultural Buildings will be crowded, as the fruit exhibits from the different counties will be quite large and very attractive. The Women's Institute throughout Middlesex County will no doubt make a very attractive display in their competition. Fine lists, entry forms and information of all kinds regarding the Exhibition will be given on application to the Secretary, A. M. Huet, General Offices, Room 302 Dominion Savings, London, Ontario.

Children with Defective Eyesight.

A letter received by Mr. Gardiner, Principal of the Ontario School for the Blind, from the Superintendent of the American Mission School for the blind at Bombay, India, mentions that the estimated number of blind people in India is 500,000, of whom certainly not more than 500 have had any opportunity for an education or training along industrial lines. Reports from many places in the United States, as well as from several European countries, indicate that blindness is decreasing in the most highly civilized countries largely as the result of greater knowledge, and more attention to preventive measures, on the part of physicians and nurses. While the returns of the last Dominion census on this subject have not been tabulated and published, there is reason to believe that a similar statement is applicable to Canada. Nevertheless it is probable that there are now—as there always have been—many young people in Ontario who ought to be enrolled as pupils in the School at Brantford, but are not. Some parents of blind children have never heard of the School, others are sensitive about letting it be known that their children are afflicted; many, from what might be described as excessive affection, do not like to be separated from their children, even for the children's good. To get into communication with the parents of those for whom benefit the School is maintained, the Principal depends largely upon the kind intervention of neighbors, teachers, ministers, and municipal officers and he will be glad to get from any reader of the Record the name and post office address of any person under twenty-one years of age, who is blind or whose sight is so defective that attendance at the local Public School is not practicable. By the methods in use at Brantford, a good English education can be acquired by the sightless, and instruction is also given in such trades as are available to enable the blind to become self-supporting. There is no charge for board, tuition or books. Address H. F. Gardiner, Principal O.S.B., Brantford.

Miss Lundy of Niagara Falls has been the guest of Lulu Bovey during the past week. Mr. and Mrs. Best and son are spending their vacation at Alliston, visiting the former's parents there. Mr. and Mrs. Sowerby will visit her some time. The Women's Institute met on Friday at the home of Mrs. J. Westbury. There were only two papers given owing to the amount of business being done. The papers were given by Mrs. J. R. Pond and Mrs. G. Atkinson after which lunch was served by the hostess. Marburg

Rain is needed very badly in this community. Miss Belle Smith of Hamilton spent a day with her cousin, Mrs. F. McBride. Gen. Crosbie, wife, mother and family visited at A. Hewson's on Sunday. Most of the farmers have their silks housed ready to thresh. We think if some of the horses and cattle could speak they would say they hoped it would turn out poor, then perhaps there would some pasture for them instead of living on roads with nothing but weeds to eat. Mrs. Honey of Jarvis is at her daughters one day this week. Mrs. John Greenby of Flint is visiting relatives here last week. Andrew Hewson's old horse died on Saturday. Our storekeeper makes a trip to Hagersville once a week lately with eggs. Ralph Waddle and wife of Pt. Dover and Mrs. Sam Byrnes of Buffalo visited Mrs. James McBride last Sunday. Mrs. Axford and daughter spent Saturday in Simcoe. Oscar Byrnes has been laying the cement floor in his barn. A good number of people intend having their phones taken out as they have raised the rates to sixteen a year with prospect of higher another year. Mrs. H. Perkins of Detroit is rusticated in this neighborhood for a few days. Miss Res. Fow and brother Earl of Downs Hollow and Majorie Gundry and Helen Winter of Victoria spent Sunday at Gundry's. Roy Dougherty and Albert McBride of Walpole visited Willis Hewson on Sunday.

Charge of \$100.00 in Foxes

Vancouver, July 25.—One of the most remarkable shipments from the North for some time is \$100,000 worth of foxes included in the cargo of the C. P. R. steamer Princess May which arrived in port from Shagway. There are 125 animals consigned to St. John's, N. B., and Prince Edward Island. The animals are being fed on condensed milk.

REMARKABLE CURE OF DYSENTERY

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief." writes B. V. Hill of Snow Hill, N. C. For sale by ALL DEALERS.

Save Systematically

Haphazard, occasional saving seldom accomplishes much. It's the steady, persistent, regular depositing of so many dollars a week, or month, or season, in the Union Bank of Canada, which makes one financially independent. The money accumulates all the more rapidly, too, because of the interest which is added every six months.
