### Drowning Accident in Simcoe

A young Scotchman lost his life in the River Lynn, just a little north of the G. & L. E. railway bridge, last Friday evening, Aug. 15. The name of the victim was Thomas Fleck. He worked for a while on railway construction work in Northern Ontario, coming here only recently.

He was employed by the construction for the building of the sewage pumping station, boarding at the home of Warren Potts. On Friday evening in company with a friend of his, named Daniel Toomey, who works for the Atkinson Marble Company, he left his boarding place and went to the pumping station and thence to the swimming hole. He went into the water having for some time been industriously learning to swim while Toomey remained on the bank. As Syd Davis was crossing the railway bridge, two young lads, who had been bathing, were walking away, when Fleck got out of his depth and raised a cry for help. The boys ran back, and without waiting to shed any clothes, dove for the drowning man, but were not successful. It was two or three hours before the body was recovered, one of the officers of the Salvation Army getting it after diving for it some time. Corner W. A. McIntosh held an inquiry into the facts and certified as to the death having been accidental. Mayor Gibson gave instructions to Undertaker Hoffman to take charge of the remains, and the funeral took place to Oakwood Cemetery on Saturday afternoon. Deceased who was 23 years of age, had no relatives in Canada, but he is said to have been the support of a widowed mother, home in Glasgow. — Simcoe Reformer.

BANK OF HAMILTON

Your Successful Friends

THOSE envied by good companions of yours who have made a success in the business world, probably made their own fortunes by systematic savings. When their opportunities arrived, the accumulated savings were large enough to take advantage of them.

Few successes are attained without money to the man with the savings account many things are possible.

Without further delay you should open an account with this bank. One dollar is enough. Make saving a habit; and your regular deposits, together with the interests they will earn, will build up your balance in a surprisingly short time.

### Crop Prospects Better in Canada.

A favorable crop report was issued from Ottawa, August 15th, based upon conditions as returned by correspondents at the end of July. The percentage standards would promise yields per acre for spring wheat of six per cent., for barley of five per cent., for rye of two per cent., and for flax of one per cent above the average yield per acre of the last five years. The oat crop promises a yield equal to the average. May made an average yield of 1.23 per cent., as compared with 1.47 tons in 1912. The United States wheat crop shows an improvement over 1912, but barley oats and corn are reported as being much below last year. Extreme heat and drought in Kansas and other Western States has blighted the earlier prospect of a heavy corn yield.

Subscribed Capital, Reserve Fund \$3,375,000 and Undivided Profits (Over) \$89,000,000

### Save Systematically

Haphazard, occasional saving seldom accomplishes much. It's the steady, persistent, regular depositing of so many dollars a week, or month, or season, in the Union Bank of Canada, which makes one financially independent. The money accumulates all the more rapidly, too, because of the interest which is added every six months.

Try it.
