### Our Reminder

"If you strike a thorn or rose  
Keep a-go'in'.  
If it rains or if it snows,  
Keep a-go'in'."

"Tain't no use to sit and whine,  
When the fish ain't on your line;  
Bait your hook and deep a-tryin'.  
Keep a-go'in'."

Suppose you're out o' every dime?  
Gettin' broke ain't any crime;  
Tell the world you're feelin' prime,  
Keep a-go'in'."

Keep a-pushin' ever upward,  
Work with smile and not with frown,  
It takes live fish to go upstream,  
Any dead one can float down.

Keep a-go'in', keep a-pushin',  
Tis all the same in prose and rhyme;  
Life's too short to be a-grumblin',  
"Do it now" and save the time.

Saying and doing are two things.  
Kindness spells the same in any  
tongue.

When a man hunts trouble he  
soon finds it.

The road to wealth is not always  
a royal one.

Miss Violet Schuyler is spending  
a few days in Guelph.

And the farmer may begin their  
spring plowing any day now.

When a man loses his head un-  
fortunately he retains possession of  
his tongue.

A woman is enthusiastic over be-  
ing married; not over the man she  
is to marry.

More women are looking for an  
opportunity to elope from men than  
to elope with them.

Miss Gertrude Deller has return-  
ed from a pleasant visit with her  
sister, Mrs. Ecker at Niagara Falls.

What causes some women to look  
so weary two or three years after  
they marry? Is it their husbands,  
or their health?

If you have been going the pace,  
Lent will give you an excuse for  
slowing up. Out every night can't  
be good for you.

There is one thing we have noticed  
about a team of mules you can't tie  
one mule and make the other be-  
lieve he is tied.

Just received a large assortment  
of new and up-to-date Valentine  
post cards from one cent up to five.

Good manners are based on the  
fundamental assumption of the De-  
claration of Independence—that all  
men are created equal.

The little girl who practices four  
hours a day on the piano is entitled  
to a good deal of credit she doesn't  
get from her neighbors.

When I meet a girl with a very  
odd and romantic name, I always  
wonder what her name was before  
she began fooling with it.

If you have a jobot which is trou-  
blesome to iron, bastie the plaits in  
before it is washed, then iron and  
remove the threads. Use fine thread.

Send a boy for a drink of water  
for a guest, and he will bring it in  
a tin dipper; send a girl, and she  
will bring it in the best glass in the  
house.

Nothing hurts a boy so much as  
to act smart in the presence of a  
girl who is staying all night with  
his sister, and then get whipped for  
it in her presence.

Scarcely has the reaction of the  
Christmas holidays died away when  
Lent is upon us. May an abnor-  
mally early Easter be the har-  
binger of an early spring.

It is said that if you swallow a  
single seed of watermelon, you will  
have fits. Nothing in it; a boy can  
swallow every seed in a watermelon,  
and the rind and the vine, and never  
mind it.

Most of us can look back with in-  
difference on the fact that there is  
a lobster famine. It has long  
since disappeared from the daily  
bill-of-fares of all except, perhaps,  
real estate dealers.

Do you know what it costs to keep  
a horse on a farm? Somewhere be-  
tween ninety and a hundred and  
fifty dollars. Is there an idle one  
eating his head off in your stable?  
Can you get rid of him and save  
money.

Although this is one of the most  
open winters on record and the  
weather has not shown anything  
yet to indicate that ice cutting  
operations will begin for some time  
the dealers who handle the frozen  
substance are not doing any worry-  
ing. They are satisfied that this  
month will more than make up for  
the mild weather up to date.

It is not sufficient to caution en-  
ginemen in the printed rules against  
excessive speed if they are subject  
to demerit marks for being one or  
two minutes behind time. It is not  
sufficient to instruct enginemen to  
take crossovers at a moderate speed  
when those enginemen are under  
very high pressure to run at a high  
speed, and at such speed those cross-  
overs becomes highly dangerous.

In other words, the first duty of the  
railroad companies to use every  
mechanical improvement and device  
which will promote safety and re-  
duce the personal equation to its  
minimum.

of expense to her husband.

able remedy for biliousness.

Miss Jennie Williamson visited  
in Hamilton during this week.

True consistency is a jewel, but  
it's the one kind few women wear.

Mr. Daisy LePan left Saturday  
morning for a few weeks visit in  
Guelph.

Mr. and Mrs. Charles Walter and  
Miss Clara left last Thursday for a  
visit at Drayton.

Misses Overland and Avery of  
Caledonia were visitors of Dr. and  
Mrs. Overland last week.

The cost of living has been going  
up in recent years, and now we have  
a coffin combine to raise the cost of  
dying.

Wm. Tasken, who has been the  
G. T. R. agent at Port Dover for  
several years, has been transferred to  
Belgrave.

Mr. and Mrs. John Saunders and  
family and Mrs. Boyd spent a pleas-  
ant evening at John Butcher's on  
Monday last.

You had better slow up gradually  
preparatory to the observance of  
Lent. Too sudden a change might  
give you a jolt.

Granted that the bear saw his  
shadow Sunday, the literal old  
snoozer is no more to be relied on  
than the grey goose with the spot-  
ted breastbone.

A man does not wonder at what  
he sees frequently, even though he  
be ignorant of the reason. If any-  
thing happens which he has not seen  
before, he calls it prodigy.

A French doctor states that the men  
of the future are going  
to have fewer ribs. Can it be pos-  
sible that this will mean two or  
three wives for every man?

Feb. 14th is St. Valentines Day.  
"This is the day birds choose their  
mate" etc. You choose your  
valentine cards at The Record Office  
and your mate will be satisfied.

There is a time in every young  
man's life when he is as popular as  
the only dog in an orphan asylum  
for boys; but his popularity doesn't  
last longer than his wedding day.

Speculations as to what commodi-  
ties will be made cheaper next Sum-  
mer as a result of the continued  
mild weather are idle. No kind of  
weather ever makes anything cheap-  
er.

Lenten services in St. Paul's  
church began on day at 10.30. There  
will also be a service this evening  
at 7.30, subject "Reality." They  
will be continued every Friday  
evening.

When gas is turned off at the meter  
the lights go out at all the burn-  
ers. If turned on again at the meter  
it escapes from those burners if  
they have not been closed. This  
has been the cause of many fatalities.

So many people are under the im-  
pression, when looking at the label  
on their paper that the date indi-  
cates the day of the month, but it  
your label appears Jan. 14 it means  
1914. We would like to see all the  
dates this way on our mailing list.  
What about YOURS. See to it to-  
day.

A meeting of the Imperial Cream-  
ery was held on Saturday. The  
year's business amounted to \$69,000  
C. F. Parkinson, the manager turn-  
ed out over 245,000 pounds of  
butter, an indication that the past  
year was a most successful and  
gratifying one to both patron and  
manager.

Why not abbreviate the wedding  
notices? Like this for instance:  
"The bride came up the a. leaning  
o. t. a. o. h. f. and proceeded by two  
pretty little f. g. She bore a s. b.  
of orchids and l. o. t. v. After the  
ceremony Miss W. Squizzles sang  
"O. P. L." and the organist played  
M. W. M."

Hon. James Young, who died at  
his home in Galt, Ontario, on Wed-  
nesday of last week, in his seventy-  
seventh year, was one of those men  
of whom any country might be  
proud. He was a strong Liberal,  
and for many years took a very  
active part in the affairs of this Pro-  
vince, as well as in those of the  
Dominion.

Ember Days are certain day set  
apart by the Roman Catholic Church  
for fasting and prayer. They are  
the Wednesday, Friday and Satur-  
day immediately following the first  
Sunday in Lent, the feast of Pente-  
cost, the 14th of September and the  
13th of December. It is supposed  
the name comes from the custom in  
ancient times of putting ashes or  
embers on the head when fasting.

Mrs. J. A. Johnston and W. H.  
Johnston attended the funeral of  
their nephew, Charles Thompson at  
Hamilton on Friday. The young  
fellow, who was sixteen years of age,  
with other companions, had jumped  
on a freight to have a ride to the  
Marsh where they intended skating.  
When jumping off young Thompson  
stepped in front of a passenger train,  
which hit and threw him twenty  
feet. When picked up he was still  
alive but died after reaching the  
C. R. R. station.

The many friends of Mrs. John

that she is recovering nicely from  
the effects of her recent illness.

The ground hog also has some-  
thing to say as to the proximity or  
otherwise of summer weather.  
There are grounds for the belief.

The death of Dr. Beattie Nesbitt  
ends a career which is at once mem-  
orable and pathetic. By his death  
the Farmers' Bank case will pass as  
a dream.

A Yonkers mother presented her  
husband with two babies born thirty

If you have a Hicks Almanac you  
should have been prepared for the  
widespread storm of Jan. 5-8. If  
you have none, better get one and  
be prepared for the next storm. He

Though entirely surrounded by  
water, Manitoulin will be dry after  
the first day of May. It would not  
be surprising, however, if a little  
alleviating moisture should leak into  
a few cellars.

The coldest weather thus far this  
winter marked the entry of Febru-  
ary on Saturday and Jarvis people  
are experiencing real winter for  
the first time since last February.  
The cold was indeed biting on  
Sunday.

Miss Freda Ross after spending a  
few weeks with her sister at South-  
hill returned to her home on Tuesday.  
While away she visited at St. Cathar-  
ines and Port Colborne. In Port  
Colborne she was the guest of Rev.  
and Mrs. Harnwell.

The Record regrets that the state  
of the health of the Duchess of Con-  
naught is such that a visit to the old  
country is deemed necessary for her  
benefit. But we are pleased to  
learn that her absence and that of  
the Governor-General will be only  
for a time, and that they will return  
to Canada.

The West Haldimand Plowmen's  
Association will hold their 2nd an-  
nual meeting in the Fire Assurance  
Hall, Jarvis, on Tuesday, February  
the 11th, at 1 o'clock p.m. for the  
election of Officers, Directors and  
other miscellaneous business. All  
those interested are requested to  
attend.—Geo. A. Clark, Secretary;  
H. H. Gee, President.

The farmers of Woodhouse are  
taking up the Rural Mail Delivery  
scheme in a satisfactory manner and  
it is probable they will soon get it.  
That and the telephone coupled  
with the parcel post system will  
make farm life immeasurably bet-  
ter than it ever was before and will  
add to it many of the advantages  
now only possessed by the cities and  
larger towns.

The bank boys of Jarvis wended  
their way to Hagersville on Thurs-  
day evening to play a friendly game  
of hockey. Both teams did some ex-  
cellent playing which proved fast  
and interesting, but the Hagersville  
team was a little too much for our  
boys as the score would indicate 12-  
6. After the game the boys were  
served with a sumptuous repast at  
the Bank of Hamilton rooms.

she is confined to the house owing  
to illness.

Miss Agnes Deans and Miss Mar-  
garet Laug of Hagersville spent  
from Friday until Monday at the  
home of Mr. and Mrs. C. G. Allen.

Died—In Woodhouse, on Sunday,  
Jan. 27th, 1913, Hugh Beatty, in the  
68th year of his age. Funeral took  
place on Thursday from his late resi-  
dence to Oakwood Cemetery.

Mr. and Mrs. Enoch Roberts of  
Woodhouse announce the engage-  
ment of their daughter, Lorene J.  
Locke, to Mr. Fred A. Misner. The  
marriage will take place on Febru-  
ary 12th.

Mr. and Mrs. Arthur Hodgson,  
who were recently married at  
Guelph and who have been on a  
honeymoon trip to the Eastern cities,  
have returned to Jarvis to take  
up housekeeping.

Mr. Farmer if you have any stray-  
ed cattle let The Record locate them  
for you. The law provides that they  
should be advertised for three  
times in a local newspaper before  
advertising them in the Canadian  
Gazette.

The members of the New York Zoo-

skin sacque also go?

A valuable gas belt is being devel-  
oped west of Welland. The last  
gusher, just struck on the Damude  
farm, Sherbrook township, Haldi-  
mand county, has a flow of two mil-  
lion feet daily. This is the fourth  
gusher that Charles Ross, driller,  
has struck in that district.

Have you renewed your Record  
subscription yet? The renewals  
are coming in well, but there are  
still a large number of subscribers  
who have not looked after the mat-  
ter and their attention is called to  
the fact. We would be glad to have  
all subscriptions made good in the  
course of the next few weeks.

A lot of men are "taking time by  
the forelock" and placing their  
orders for  **suits** made to order suits  
at \$15.00 to \$25.00. All the new  
Spring Clothes are on display, and  
the assortment is very fine. One  
great advantage in having a suit  
made to order at  **suits** store is—If  
when the suit is finished, you are  
not perfectly pleased with it, you are  
not expected to take it.

Robert Hunter, an employee of  
the Cayuga Advocate, met with a  
serious accident on Thursday, by  
having the two bones of his right  
forearm broken. He was helping  
at the lacing of a broken belt when  
in some unaccountable manner the  
belt caught in a rapidly revolving  
shaft, drawing his arm with it. He  
was pulled off his feet and in an  
instant the arm was broken. The en-  
gine had to be stopped before he  
could be released, as the belt be-  
came wound around his arm as well  
as the shaft.

The social season is almost at a  
close. Lent is knocking at the door  
and must be admitted. The ball  
given Friday evening in the Music  
Hall by "The Gentlemen" of Hage-  
rville was well attended. The  
dance was enjoyable, to say more  
than that would be superfluous.  
The gentlemen are inimitable as  
hosts and Friday evening they sur-  
passed even themselves. They gave  
everyone a right royal time and  
each of the hundred guests present  
was loud in his praise and apprecia-  
tion. The evening was par excel-  
lence. It may be equalled, but  
never in opinion of those present  
surpassed. Fralick's orchestra of  
Toronto produced the strain of me-  
lody which held the dancers captive.  
The supper, which was tempting  
and refreshing, was much enjoyed.

### About Western Land

Over \$200,000,000 goes into the  
pocket of the Western farmer  
this year. There is money in  
the West—and there is a way to  
get your share of it. Every man  
in Canada is interested in Western  
development; and in most cases  
this interest takes the very prac-  
tical form of investment in West-  
ern land. This is an untapped  
method of sharing in the prosperity  
of the West. We take it for granted  
that you are interested in the  
West, and we offer you our expert  
services in securing productive farm  
land in the great grain centres of  
the West also building lots in the  
growing towns and cities of the  
West. Our offices cover the entire  
West, and we are able to help you  
make a profitable investment in land.

### Wanted

Could any of our readers supply  
us with a copy of The Record of  
October 2nd, so as we can complete  
our file for 1912.

### Ten Pages This Week

The Record comes to hand this week as  
a ten-page edition, the extra two pages  
being devoted chiefly to the new intro-  
ductory ad of Grover C. Murdoch & Co.,  
Limited of Simcoe, (formerly Sovereign's.)  
A perusal of its contents will enlighten  
our readers of the bargains they may ob-  
tain at this new store. H. S. Falls Co.,  
is also to the front with their February

be saved by customers who deal there.

### Brer Bear Saw Shadow This Means Late Spring

Did you ever set an alarm clock one  
hour ahead of time, so that when its tink-  
ling peal woke you from your slumbers,  
you could make faces at it, and turn over  
in sweet contentment, knowing that for  
sixty minutes longer you could snore as  
loud as you wanted to? Nature's prank-  
sters will tell you that many an old bear had  
that feeling of contentment, when he lum-  
bered lazily from his bunk Sunday morn-  
ing and spied his shadow on the ground.  
If an old legend counts for anything,  
Jarvis has six weeks of snowless weather  
yet to come. Sunday was the "Bear  
Day," when, according to legend, the bear  
crawls out of winter quarters. Then if he  
can see his shadow he crawls back again  
and winter lasts six weeks. If he can't  
see his shadow he stays out, experiencing  
an early spring. The bear must have  
seen his shadow Sunday, for it was a  
bright day, just the kind that the legend  
says means a late spring. Jarvis people,  
who had to step lively Sunday to keep  
warm, must have thought the temperature  
lower than it really was. There was a  
penetrating wind from the southeast  
which made it seem a great deal colder  
than what it was. The much abused coal  
man rubbed his hands together and  
chuckled. The Grizzly saluted out to  
see the Sunshine Rag and then in sweet  
contentment he Turkey Trotted back to  
his little bunk.

That the leather situation, both  
local and general, is assuming a seri-  
ous phase is acknowledged by all  
dealers in hides and their products.  
One prominent city dealer said:  
"Only last summer the price of raw  
leather had to be advanced, and raw  
leathers all over the country are  
clamoring for a further increase of  
at least 20 per cent. This means  
that the price of
