Save Systematically

Haphazard, occasional saving seldom accomplishes much. It's the steady, persistent, regular depositing of so many dollars a week, or month, or season, in the Union Bank of Canada, which makes one financially independent. The money accumulates all the more rapidly, too, because of the interest which is added every six months.

not only on the social side of life but also on the character. Harold Pond gave a recitation on the things he was thankful for, Misses Thompson and Hewitt furnishing splendid music for the occasion. Miss Nina Pond gave a recitation on 'The Value of a Smile.' Miss Guest of Belleville, the speaker of the day, then addressed the meeting on 'helping our boys and girls to find their niche in life, trying to impress upon her hearers the importance of helping poor boys and girls along the line best suited for them, not what we wanted them to be but what they were most capable of doing and what they were most happy in the doing.' Miss Guest also spoke for a short time on 'the Mother' what she owes to herself and the community. Here she showed how men were most interested in the building up of things which they could see, such as good stock, large crops, houses, factories and the turning out of machiners, while little attention was paid to the building up the character of our boys and girls. What makes our Canada, is not the stock, land, etc., but the human being, and here women's noblest work, that of building such characters as will make Canada great. And as men and boys alike need mothering, woman is great according to the amount of mother in her. Regret was expressed that all the women of the neighborhood were not present to get the benefit of this splendid address. A vote of thanks was tendered to Miss Guest and the meeting was closed by the singing of 'God Save the King' followed by lunch by lunch and the social hour. Mrs. Geo. A Dutchman was going to cross a bridge; he was riding in a little cart drawn by a goat. The toll man came out and said, "Here, you've got to pay toll before you can pass this bridge." "What, to pay toll?" "Yes, five cents to cross this bridge." After an argument the Dutchman paid the five cents, and went on. In the afternoon he came back again, only this time he had the goat sitting on the seat, and he was dragging the cart himself. Out came the toll man and said, "Here,

you know you've got to pay five cents." The Dutchman shook his head and, pointing to the goat, said, "Don't talk to me—ask the driver."
