ARICOSE VEINS CURED

P NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks

"Heavy work, severe straining and evil habits in youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss saked me why I was off work so much and I told him my condition. Headvised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and shillful. I wrote them and got The New Maximo Treatment. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$21 and never loose a day. I wish all sufferers knew of your valuable treatment. HENRY C. LOCUST.

Waterford Freight Sheds Burned

Waterford, July 22.—The large M. C. R. and T. H. & B. freight house was completely gutted by fire about 10 a. m. as well as four carloads of wheat standing in shed siding, and a large frame building owned by Duncombe Bros. The fire. which started, it is presumed, from a spark from a passing train. bad assumed serious proportions before it was noticed. and it was practically impossible to stay its progress. In less than an hour the freight house, the four box cars and Mr. Duncombe's large warehouse were a mass of ruins. Mr. Duncombe, who is in the feed business, lost a large quantity of goods which were stored in his warehouse The loss will be considerable, the railroad's being amply covered by insurance, but as to Mr. Duncombe's case, it is not definitely known the amount of insurance carried.—Simcoe Reformer.
