The Shamrock

The little leaf an emblem is of virtues intertwined Around St. Patrick's memory, And so it is we find The men of many nations wear The shamrock on the day St. Patrick came upon the earth To chase the snakes away. Great nations vie with Irishmen In memory to their blast Which gives to all St. Patrick's sons Expansion of the chest.

The Record has some of the most novel and appropriate emblems for St. Patrick's Day, March 17th.

After a lingering illness in a Vancouver hospital, Miss Pauline Johnson, poetess and public entertainer, passed away Thursday. An Indian princess, Miss Johnson interpreted the feeling and aspirations of her own people, and weaved around them a romance in her writings that touched a sympathetic chord in the hearts of Canadians. Although much of her poetry breathed of a decaying people, she also swelled the song of Canada's greatness. She made for herself a unique niche in Canada's past of fame, and will not soon be forgotten.

While the prices of good farm property in Haldimand have been steadily rising for a long time back and farm lands continue to change hands at a fair rate of speed there is still a large number of properties that can be purchased at a very reasonable price and now is the time to do it. When property changes hands it is very seldom that the new owner don't see his way clear to make some alterations and improvements as soon as he can. This being the case and as a good deal of real estate has been purchased lately it is more than probable that there will be plenty of work soon for all who are capable of doing it. In fact workmen are already saying their services are daily becoming more and more in demand.

The production of clean, pure milk is one of the most important subjects which confronts cheese makers at the present time. No matter how skillful the maker may be he cannot produce the highest quality of cheese from milk of inferior quality. Skill may do much to improve quality but it cannot make perfect. It should therefore be as much the duty of the cheese maker to keep his patrons properly instructed in the care and handling of milk on the farm as it is to keep himself posted in the latest and most approved methods of making cheese.

Public School Concert

A treat is in store for the people of Jarvis when Lottie L. Tiltonson of Hawaii will appear in the Music Hall, Jarvis, on Tuesday, March 25th, under the auspices of the Jarvis Public School. This distinguished traveller comes from Japan, Hawaii, Alaska, Mexico, Bavaria, Austria, Bohemia, France, England, Germany, Ireland, Scotland and Central America, with the highest recommendations. The program will be interspersed with music by local talent. This concert is for a good cause and we trust that every citizen of Jarvis will do his and her share to make it a success. Watch for posters.

Sunday's Thaw

It is a long time since those who went driving through the surrounding country had to contend with such varying road conditions as they encountered Sunday. The sleighing, as a rule, was fairly good in the morning, but towards the afternoon however, the high wind cut the drifts on the roads like a knife, and with the rain, early in the day, flooded most of the roads for long stretches at a time. There was scarcely any sleighing by late in the afternoon, and so many of those who left the town early in the day for a nice out-drive were forced to return at a snail's pace, slashing through water ten or twelve inches deep.

Injured in Wreck

A bad wreck took place at 5 o'clock Thursday morning on the Wabash railroad at Delhi, when the eastbound fast freight train ran into the rear end of a wayfreight as it was just pulling into the siding. Two St. Thomas men were injured. John Vauburnsen, fireman on the fast freight, was caught in the wreckage and his left leg was badly mangled. Frank Folland, brakeman on the way freight was badly injured about the head when the caboose went over in the ditch. The injured men were taken to St. Thomas hospital where it was found necessary to amputate Vauburnsen's leg. He has been employed on the Wabash a few days, it being his second trip.

Epidemic of Colds

Have you noticed how everybody has been sneezing during the past few weeks? Sneezing has been taken up as a pastime by people of every class. Some of us have real good sneezers urge that if sneezing interferes with business, give up business. An old-fashioned epidemic of colds has struck Jarvis and the hard-hearted handkerchief manufacturers are rubbing their hands and chuckling brutally. The doctors claim that the condition is attributable to the unseasonable and irregular weather which has marked the winter. Pneumonia and congestion of the lungs have materially increased above the average for the time of the year, and the prevalence of grippe is said by some to be almost as bad as during the outbreaks in former years.

Poor Syrup Season

The sweet smell of boiling maple sap is not rising over many of the sugar camps in the neighborhood this year. It has been a certainty for some time that the local maple sugar crop will be very light, in fact the supply is less this year than for many years. It will mean an increased price for maple syrup although the northern crop was not so hard hit. Some of the counties in this part of the country that were in the past very large contributors to the delicious sap, report a very light run. The weather is blamed for the shortage, maple men saying that there has not been a sufficiently long cold period. A long cold winter is maple weather. The theory is that the cold weather keeps the ground around the roots frozen and so the pores are kept closed and the sap cannot rise. A Four Hundred Dollar UPTON PIANO Absolutely Given Away

That advertising is now a science is again demonstrated practically to the buying public of this section by the wonderful advertising system now employed by the most enterprising business house of The White House Co., Jarvis who are going to give away ABSOLUTELY FREE to some one of their customers on AUGUST 16th, the beautiful UPTON PARLOR GRAND PIANO. The Upton sells for \$400 and is a high-class instrument in every respect, guaranteed by the makers for ten years. JUST THINK OF IT! A \$400 Piano to be GIVEN AWAY! A few years ago, if a merchant was to do such a thing he would be considered a fit subject for an asylum, but conditions have changed, yet in the face of the enormous sum spent in advertising the fact of The White House giving away a \$400 piano is a stupendous undertaking and it clearly demonstrates their desire to be "always up to and a little ahead" of the spirit of the times. Every purchaser of \$1.00 worth of goods from any department of their store will receive a coupon good for 100 votes on the piano. The person presenting the largest number of votes to them on August 16th will receive the piano absolutely free. No favor will be shown and every person will receive an equal chance. The reputation enjoyed by The White House for "square dealing" insures this fact. We think the buying people will appreciate this extremely liberal offer on the part of The White House and we predict a lively scramble for votes.

CHURCH NOTES.

METHODIST CHURCH

The Wednesday evening service of last week was of a temperance character the principal feature of the evening's exercises being an interesting account of the great Provincial Temperance Convention held recently in Massey Hall, Toronto; the report being given by Chas. Walter who was present at the various sessions as an official delegate.

Topic for to-night's service "Korea: A Miracle of Miracles." Pearl Roberts will have charge of the scripture reading and Marion Davidson will lead the discussion. The monthly missionary offering will be received.

Next Sunday will be "Educational" Sunday the preacher for the occasion being Rev. Dr. Benson of St. James Methodist church, Simcoe. Collections and subscriptions in aid of the church will be received.

On Good Friday, March 21, at 11 a.m. a union service will be held in the church commemorating the crucifixion of our Lord. Rev. J. R. MacCrimmon, M. A. will preach.

Death of Mrs. Brown

It was with sad surprise that the people of Jarvis learned on Monday morning of the death of Mrs. Matthew Brown, which sad event occurred on Sunday evening, March 9th, 1913, after an illness of nine days duration with pneumonia. Deceased's maiden name was Elizabeth Gilliland and she was born in Sligo, Ireland in the year 1837 and had she lived until April would have been 76 years of age. Some fifty-two years ago she and Matthew Brown joined heart and hand in their native land and a few years later emigrated to this country, first settling in Hamilton, some twenty-six years ago coming to Jarvis where she has resided almost continuously ever since. In July, 1910 her partner in life was called home and since that time has been residing with her son, Fred with the exception of the part nine months which she spent in Hamilton, returning in February last. Throughout her life she enjoyed fairly good health until last winter when she was attacked with pneumonia which somewhat weakened her constitution, thus when the second attack came she fell an easy prey. Mrs. Brown was a kind neighbor and a true friend to all and her sudden taking off will be deeply regretted. The funeral took place on Tuesday afternoon to St. Paul's church cemetery, the Rev. J. H. Ross officiating. She is survived by only one son, Fred to whom we extend our deep sympathy.

Haldimand Farm Labor Bureau

Farmers desiring to secure competent farm help for the seasons of 1913 and 1914 should apply to G. L. Miller or L. Goodliff, at Exchange Hotel, Jarvis, for application forms. All forms must be returned on or before March 25th in order to get first choice. One month's trial engagement. The men will all be personally selected by Mr. Goodliff who will leave on March 26th, returning with the men on or about the 10th of June.

Another Milestone

Last week The Record completed the thirty-fourth year of its publication and with this issue enters upon another year. Our journal is becoming quite venerable and when we consider the times, when in its diminutive form, it was printed on a hand press, and in wonderful contrast to the modern appliances by means of which it is to-day turned out—we are struck with the advancement which has been made in every department of the Record office. It is our purpose to keep the Record fully abreast of the times and to constitute it to even a greater degree than ever the favorite paper of the County of Haldimand. We enter on Volume XXXV with a faith unshaken in the loyalty of our friends and patrons, who have our first consideration, and no opportunity will be lost sight of in keeping our village, her industries and business interests well to the front.

Newspaper Law

1. A postmaster is required to give notice by letter (returning the paper does not answer the law), when a subscriber does not take his paper out of the office, and state the reasons for it not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.
2. If any person orders his paper discontinued, he must pay all arrearages, or the publisher may continue to send it until payment is made, and collect the whole amount, whether it is taken from the office or not. There can be no legal discontinuance until the payment is made.
3. Any person who takes a paper from the post office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the payment.
4. If a subscriber orders his paper to be stopped at a certain time, and the publisher continues to send, the subscriber is bound to pay for it if he takes it out of the postoffice. This proceeds upon the ground that a man must pay for what he uses.
5. The courts have decided that refusing to take newspapers and periodicals from the postoffice, or removing and leaving them uncollected for, is prima facie evidence of intentional fraud.

Death of Mrs. Blain

There's another vacant chair in the home, and an aged mother has been called to her reward. The deceased, whose maiden name was Jane Ineson, was born in Scarborough Township, on November 17th, 1836. She was married to James Watson of Toronto Township, who met with an accident in November, 1866 which resulted in his death. His widow was left with two children, William J. who now resides on a farm near Galt, and Sarah E. who died in December, 1881. Five years later she was married to Isaac Blain a retired Captain of the British navy, and lived on her farm near Malton, till October 1890, when they moved to Brampton. Mr. Blain died in August, 1896, leaving four sons by a former marriage, and one daughter, Maggie, who with the mother, resided in Brampton a few years longer. Since her daughter's marriage, Mrs. Blain has made her home near Jarvis. She enjoyed fairly good health throughout her life, and it was not until these last few months, that her loved ones could see her failing fast and would soon be done with the things of time. During her last illness she complained of no pain but was "only weary and wanted rest." It came to her on Tuesday evening, March 4th, when she passed away without a struggle, after sleeping eighteen hours. The funeral was held on Thursday at Knox Church cemetery. The relatives from a distance who attended were, William Watson and Mrs. Arch. F. Allen, a granddaughter from Galt, Mr. and Mrs. Arch. W. Ineson, Mr. Albert Ineson, and Mrs. Arthur Mitchell from Scarborough, Mrs. Jas. Hills from Dundas and a friend Miss Jennie Peacock of Toronto, Mr. T. Blain, a stepson from Vienna, arrived too late the funeral, having been delayed by the railroad accident near Tillsonburg. A message of sympathy was also received from Mr. and J. Blain of Springfield, Missouri.

Forget her! No, we never will, We loved her here, and will love her still; A loving mother, true and kind, No friend on earth like her we'll find. Far beyond this world of changes, Far beyond this world of care, We shall find our missing loved ones, In our Father's mansion fair.

A Snow Storm

Contributed by an eleven-year-old pupil of Jarvis public school.

The house was filled with a threatening air, When snow-flakes first appeared in air, The snow-flakes first in doubt came down, And people saw them with a frown. But soon there was a furious storm, And people couldn't just keep warm, The deacon and his family sat, Around the fire to have a chat, While the shepherd dogs from the farms, Crept in the house with leap and bound, They wagged their tails one struck his nose In Miss Mary's lap for deep repose. Mrs. Burton stood within the door, While baby called for apples more. The door flew open, the housemaid came And brought milk-tosses just the same. Just then the boys with skates came by, When Mary cried, oh look, oh my, The baby's split her milk and I Am clothed from my head right down With hash that sticks and gravy brown.

There's A Man In Jarvis

WHO will be pleased to give you complete and reliable information about the Great West, 1912 was a remarkable year in the West. The western wheat crop was about 190,414,840 bushels. Railway earnings, \$201,000,000. Canada's foreign trade was \$100,000,000. 1,100 miles of new railway was built and 394,784 new citizens settled in this country.
