Enterprise

Weigh the story of thy action
With the danger of the task;
When you seek a novel venture,
Look and listen, think, then ask.
If the world has not already
Placed convenient to your hand
The means to help your purpose—
To aid your new demand.
The day has long time past and gone
When each man wrought alone
Thrust his every need, and so
To-day 'tis clearly shown
That work is fitted to its place
Where best it can be done,
And wisdom seized to its use
What makes success its own.

Fred Newman spent Saturday in Simcoe.

Mrs. Lewis Miller spent Monday in Hamilton.
We are sorry to state that Mrs. Forester is very low.

Mrs. Robert Taylor and Miss Shirley Rodgers spent Saturday in Simcoe.

Arlof McCarter of Port Dover has accepted a position in E. T. Carter's hardware store.

Don't forget Jarvis celebrates Victoria Day on Saturday next.
Monday, May 26th, will be observed in Simcoe as a Public Holiday and all places of business will be closed.

Mr. and Mrs. Dave Williamson of Nelles Corners are leaving this week for Calgary where they intend residing.

Mrs. Thos. Harris spent Sunday in Buffalo with her daughter, Mrs. Robert Beck. Little Georgina returned with her.

Be sure and hear Walter Edwards of Toronto on the evening of Victoria Day, who is classed as one of the best humorists of the day.

Nature's sweetest incense is the smell of the fresh turned soil. The poet comes near to the same idea when he sings: "And all the incense in the air springs from the speechless sod, which has no other offering or way to worship God."

The farmers of Haldimand county are beginning to buy automobiles. When the desire for these fine machines becomes general among them, this worthy class will have a larger share in the comforts of life, and the question of good roads will be solved.

Come to Jarvis and Celebrate Victoria Day. Six teams have entered for the Base Ball Tournament: Simcoe, Selkirk, Nanticoke, Delhi, Fisherville and Hagersville. Umpire, Dr. W. M. Maguire; Waterford. The first game will be called at 10.30. Come in the morning and stay until the concert is over in the evening.

The Annual meeting of the Haldimand Women's Institute will be held in the Music Hall on Monday, June 2nd. Mrs. W. Dawson, Parkhill, an enthusiastic supporter of the Women's Institute will be present and give an address on "The Hand that Rocks the Cradle". Mrs. Dawson is an able speaker and no one should miss the opportunity of hearing her.

The tent caterpillar is said to be prevalent in some districts this season. These worms hatch out early in the spring and begin feeding on buds or green leaves. They always build a silken tent in a fork of the branches of the tree, in which they remain while not feeding. The nests are readily seen, and when small are easily removed and the contents crushed. In orchards which are regularly sprayed with arsenate of lead for the codling moth, these, and all other leaf eaters are killed.

No doubt the automobile has come to stay. The progressive people in every community are buying them. Soon everybody will want one. They frighten horses now and then, but there is no use talking of suppressing them on that account. Old people in many places are afraid to trust themselves on the roads in horse drawn vehicles where they might meet autos. How do old people of this class make their way in the cities? They have to face the dangers, and very soon they acquire a familiar contempt for them. In the country they will have to do the same thing, for the auto seems to be in the true line of progress.

The Garnet Women's Institute met at the home of Mrs. Homer Lindsay on Thursday, May 8th. The new officers for the coming year are as follows: President, Mrs. H. Huffman; Vice Pres., Mrs. Watson Roulston; Sec. Treas., Miss I. Thompson; District Director, Miss M. Ionsen; Directors, Mrs. T. Hanna, Mrs. Homer Lindsay, Miss H. Phibbs; Representatives to District Annual meeting, Miss M. Ionsen, Miss H. Miell, and Mrs. J. W. Bilton. The summer special meeting will be held on May 31st, at the home of Mrs. Wm Risdill. Mrs. W. Dawson of Parkhill is the speaker. A cordial invitation is extended to all.

J. Sill Jones spent over Sunday at his home here.

Mrs. Andrew Rodgers is quite poorly this week.

D. Spears, of Kingston University is visiting in Jarvis.

Miss Freda Ross spent a few days in Hagersville last week.

John Curwene made a business trip to Simcoe, Tuesday.

Quite a number from Jarvis attended the Dugit-McGill wedding at Simcoe last Saturday.

The ladies of St. Paul's church will serve lunch, tea, coffee, pie, cake, etc. in the Commercial hotel all day on May 24th.

Ice cream and all kinds of refreshments can be had on Saturday, May 24th, at the Commercial hotel. These dainties will be served by the ladies of St. Paul's church.

Mr. Meyer of Dominion Business College interviewed teachers of Public School with reference to Art Courses which the College is preparing for the teachers of the Province.

The Carpenter Canning factory is now a sure thing in Port Dover. A large number of men are at work preparing the foundation of the building. The contracts for growing tomatoes and corn have been made with the farmers.

While the citizens are in the cleaning up and beautifying humor would it not be a good idea to give some thought to painting up their stores or homes where needed.

Everyone knows the big improvement a coat of paint makes to the appearance of a weather-beaten building as well as adding to the lasting qualities of that building.

Mr. D. H. Price, editor and proprietor of the Aylmer Express, has been appointed postmaster at Aylmer, to succeed the late F. A. Ashbaugh, the appointment to take effect at once. Mr. Price has many friends in his own town and the appointment is very popular there, but how the citizens of that smart town are to get on without the fatherly admonitions handed out to them through the columns of The Express, when the occasions required them, by the sapient and genial editor, we are at a loss to know. Aylmer gets a good postmaster, no doubt, but she loses a unique editor—Tillsburg Observer.

Saturday, May 24th, is a statutory holiday, and this day will be observed no proclamation being necessary, by official, state, banking and legal circles. Although in several cities the sentiment has been expressed that the observance should be put forward to the following Monday, no official action to that effect will be taken. This announcement was made to the Canadian Press by Under Secretary of State Mulvey. May 26th is the birthday of Queen Mary, but it is not recognized in Canada as a holiday. There is nothing to prevent any place making Monday a holiday of its own by a civic proclamation, though the Government could not recognize it as Victoria Day.

The shooting of robins as an unlawful act, punishable by fines ranging from \$1 to 20. The only conditions provided by the statutes under which robins can be shot without breaking the law is the protection of fruit from their ravages. Even then most people would divide their fruit with them. Teachers and parents can accomplish a real service to the country by instructing the children to spare the robins. The robin and its nestlings are perfect gormandizers when it comes to making a meal of bugs and caterpillars—the enemies of mankind. The fledglings eat one and one-fifth times their own weight of worms and insects each day. No wonder man speak of these little birds as "worth their weight in gold." No bird is more welcome in the spring and summer than robin redbreast. Robbing the nest, breaking the eggs, and killing the young, make cruel sport and cause us all to suffer from a lack of economic wisdom that permits heartless destruction of our songster friends of the thrush family.

Hicks' May Forecasts

A reactionary storm period involves the 21st, 22nd and 23rd. On and touching these days all the meteorological elements will undergo a periodic change—temperature will rise, barometer will fall, cloudiness will ensue, and renewed storms of more or less rain, wind and thunder will make their transit eastward across the country. The center of another seismic period falls on the 20th, call it for renewed earthquake disturbances between the 17th and the 23rd. Very cool nights for so late in the season will result from the high barometer, and other anti-storm conditions about the 23rd to 26th.

A Regular Storm Period covers the last week in May, being centered on the 27th. The moon is last quarter on the 27th, in apogee on the 28th, and on the celestial equator on the 29th. There is a suspicion that there is a fixed tendency to severe and dangerous storms on about May 27th. This we will not affirm or deny. At all events, we may expect regular storms of rain, thunder and wind to attend the low barometer and change to much warmer which are certain to appear from about the 26th to the 29th.

Dugit - McGill.

A large and fashionable wedding was solemnized in Trinity Church, Simcoe, on Saturday, May 17th, when Miss Bertha St. Clair, youngest daughter of Mr. and Mrs. Robert S. McGill, of Simcoe, was married to Mr. Robert Louis, eldest son of the late P. J. E. Dugit and Mrs. Dugit of Woodstock, Rev. Canon Hicks, Rector of Trinity Church, officiating. Masses of spring flowers were used in the decoration of the church. The bride, who was given away by her father, wore a beautiful gown of heavy white satin with a long court train and draperies of shadow lace. Her veil was bordered with orange blossoms, and her bouquet was of bride roses and lily of the valley. She also carried a white prayer-book. The flower-girl, Miss Kathleen Wedd of Hamilton, wore white with pink ribbons, and the little page, Master Robert Simpson, the bride's nephew, wore a suit of white satin. The maid of honor was Miss Lorraine Hanchette of Chicago, in pink satin with draperies of mauve, and her bouquet of pink sweet peas. The bridesmaids, the Misses Eva Bowby and Lela Snider of Simcoe and Miss Dora Dugit of Woodstock, were dressed alike, except that Miss Bowby's gown was of green satin with touches of pink and the others of pink satin touched with mauve. All carried armfuls of pink roses. The best man was Mr. Hilton MacKay of Brantford and the ushers Messrs Rupert Simpson of Simcoe, Dawson Aiken of Jarvis, Alex. Orr of Toronto and Arthur Dugit of Woodstock. A reception was held at "Woodlawn," the home of the bride's brother-in-law, Mr. Rupert Simpson. Mr. and Mrs. Dugit will reside in Simcoe.
