Canada and the United States

Let politicians talk their fill. And papers print what papers will. The common folk on either side Of the invisible divide— Canadian, United States— Are providential working mates. Each with a continental task. A neighbor's helping hand we ask Each under heavy burdens bent. We ask a friend's encouragement. Each holding Britain mother-dear. We ask a brother's loving cheer. Three thousand miles without a tort— What confidence does that import! Upon the lakes that wash each shore There's not a single ship-of-war! And now with amity's increase, A blessed century of peace! Both are the heirs of boundless wealth, And of a sturdy nation health. We both extend our welcoming hands To honest poor of other lands. The same high hopes of splendid growth And world-wide service move us both. Now on our lengthened border-line We give but one glad contention— Be it the same all time shall end— This: "Who goes there?" "A friend!" "A friend!" And let us to all nations prove That nations can as brothers love.

To THE BOYS—During the simple pranks played by some of the boys on Halloween, a fence belonging to a widow woman, who resides in the north-end of the town, was carried away. Now, boys, innocent amusement is not denied to anyone, but in this case the return of the fence to its proper place the first fine night will please the owner and you will feel better for your efforts in this kind act.

Howard Nelson Alvin, infant son of Mr. and Mrs. Alvin Wilson, died at his parents' residence on Monday, aged 3 weeks and 4 days. The funeral was held this Wednesday afternoon, with interment at the Methodist Church cemetery. Rev. J. G. Foote officiated at the service. The bereaved parents have the sympathy of a wide circle of friends in their hour of bereavement.

The sad intelligence of the sudden death of Mr. Walter Colman, eldest son of Dr. A. and Mrs. Colman, of Jarvis, was received on Saturday in a telegram from Battle Creek, Mich. Few particulars are to hand, but we understand the cause of death was due to heart trouble. Dr. Colman, accompanied by his daughter, Mrs. James Waddle, of Woodhouse, left on Saturday evening to attend the funeral. The Record joins with their many friends in extending deepest sympathy to the bereaved parents and other relatives.

The last of the leaves, mayhap, are fluttering down, but there is a tang about the season, too, that may set the pulses bounding, and hope mounting, and the whole being enjoying, if one will but let it; if one will but see, and love, and refuse to be gloomy. If one inclines to be over-pensive there is always the chance to do something, and so drive away the megrims—even though it be only to take a tramp through fields or woods, drinking in the beauty of it all, and so testing one of the many "joys of the road."

Several Canadians have been awarded medals by the Carnegie Hero Commission. After a while it may be that when anyone thinks of heroism he will think of Carnegie, thus illustrating the subtle power of advertising.

The beechnut crop this year is a complete failure. The result is that the red squirrels which are almost entirely dependent on them for their winter's food supply are to be seen quite thickly in orchards eating apples. Eventually they will find their way into the barns. The red squirrel is an energetic little animal, and refuses to starve as long as there is grain to be had.

Enormous Increase.

Subscribers to The Family Herald and Weekly Star of Montreal, are renewing earlier than ever this season. The subscription receipts for October were over 80 per cent. ahead of October 1912. The Family Herald grows in popularity year after year. It is the big dollar's worth beyond doubt, and deserves its immense circulation. Any home that does not receive The Family Herald should give it a trial for 1913.

The Choral Society

The Jarvis Choral Society held its second meeting of the season on Monday evening and a good attendance of members was present. The interest of all is being aroused; a most successful season's work is anticipated. All lovers of music, either male or female voices, are cordially invited to become members, and the earlier you join the more benefit you will receive personally and the Choral will be a greater success. The fees are Lady, \$1; Gent, \$1.50. What nicer way to spend a pleasant evening each week? It is a very profitable way. Join early.

Name The Farm

In many sections the naming of farms is receiving more and more attention. And why not? The farm, large or small, is the home of the farmer and his family, and he should feel proud of it and jealous of the reputation of his place. It is a kingdom within itself. It supports the family and does its part in the support of the Province and nation. Name your farm. Your children will take pride in the old home, and it will seem more attractive than ever. They will take more interest in farm work. They will do their part towards beautifying it and in making the crop and stock raised thereon worthy of the farm name. Name the farm, and then make the place live up to the title. It will be a guide to your customers who wish to patronize your farm because it bears a name that stands for quality and honesty and all that is good in farming.

Help for Farmers

The Haldimand Farm Labor Bureau are bringing about 100 specially selected farm hands from the Old Country in March next. Farmers wanting good men should send to Messrs. G. L. Miller and L. Goodfellow, Jarvis, for particulars and application forms at once as the list is rapidly filling up. Mr. Goodfellow leaves for Great Britain on Nov. 20th and application for men should be brought in before that date. The men brought out this year have given great satisfaction.

Handkerchief Bazaar.

The Women's Auxiliary of St. Paul's Church intend holding a Bazaar during the first week in December and have sent out cards bearing the following verses:

To all our friends both far and near, We crave your kind attention; Please listen patiently, while we An open secret mention

Our Woman's W. A. will hold Some day, not distant far— If we have been correctly told— A Handkerchief Bazaar.

So this, then, is our plea in brief; To help along our enterprise, Will each one send a handkerchief, Regardless of its kind or size?

To be without a handkerchief You know is quite distressing; From every part let one be sent— 'Twill surely be a blessing.

Other parties desiring to donate may do so on or before Dec. 3. Send articles to the Secretary or any of the ladies of the W. A.

Every cloud has a silver lining, but unfortunately every pocket hasn't.

Even the washerwoman feels that she has to draw the line somewhere.

When you don't need any help it is wonderful how many people are eager to come to your assistance.

HERE AND THERE

Getting ready for winter is the order of the day.

A good road is a road which is good in bad weather.

Fifty-two municipalities will vote on local option in January.

The unpleasant weather has delayed the apple packers and made outdoor work unpleasant, if not impossible, for the farmers and others.

The village of Jarvis and the Township of Dunn, it is reported, will vote on local option at the municipal elections on January 5th next.

The pay car on the Grand Trunk has been discontinued, and cheques for all employees are now sent direct to agents at the various points.

With the early well set pace there will be about six months of unalloyed merriment for many, and some say its going to be a severe winter.

Each acre plowed this fall means earlier seeding next spring, and early seeding adds to the chances of a good yield. Keep the plow going.

Contrary to popular belief, forest fires seldom travel more than two or three miles an hour. Even in extreme cases, it is questionable whether they burn at a rate of more than six to ten miles an hour.

Where are the farm implements and machines not to be used again this season? Fence corners are not very satisfactory summer implement sheds, and are even less protective in winter.

If the price of eggs continue to go much higher, it has been suggested that the hen be crossed with the owl in order that the future Mrs. Hen work nights as well as days.

The heavy rains are a great inconvenience to many people, but a source of happiness to those who were held back by a lack of rain to complete their fall plowing.

The festive season has arrived a little earlier than usual this year. Card parties, informal dances, surprise gatherings, and a general good old-fashioned and new-fashioned time seems to be the order of the evening.

It has occurred to a pertinent paragrapher to suggest that the man who used religion for a cloak in this world may have more use for a smoking jacket in the next.

The sad news reached Cayuga last week from Vancouver, B. C., of the death of Ross Howard, second son of County Registrar P. R. Howard and Mrs. Howard, who was killed accidentally while out on a hunting expedition.

The Lake Erie and Northern Railway is making good progress on its southern line to Port Dover. At present there are three gangs of construction men working near Oakland on the grading and they are covering a great deal of ground.

The man who discovered gasoline has just died at the age of sixty-eight. The man who discovered America has been dead 400 years. John D. Rockefeller, who now owns both, is alive and well and up and coming.

Natural gas is again being talked of in St. Thomas. An effort will be made this week to look after the interests of the city. If they secure gas it will likely be from the Tilbury fields and will be an extension from London.

Halloween passed off quietly in Jarvis, the small boy being on his good behavior. The big boy was good too. The "steetle and German Phand" made merry in the south ward and entertained the residents there with some choice selections, with the aid of an accomplished leader.

There should be many lights in town. We mean street lights. With so much it is surely time to say less and think more of such a necessity. The town should have more light, and if some action is not taken, it might reasonably be made an issue at the next municipal election.

The annual plowing match of the West Haldimand Plowmen's Association will be held on the farm of Mr. Robert Laidlaw, stage road, opposite the Stone Church, Walpole, on Thursday, Nov. 6th. A silver cup, valued at \$15, donated by George L. Miller, Jarvis, will be given for the best plowed land in the field, open to the three townships to be won two years in succession before becoming the property of competitor. There will be seven classes for which liberal prizes are offered, besides a number of specials.

People using gas at Simcoe from the gas fields there were notified last week of a raise in price from 25c to 30c per M. The franchise obtained by the company there permits this increase, but this is the maximum. Simcoe citizens have been in luck for the past five years, but they didn't realize it. The price per M. at other points follow:—Galt, 45c; Paris, 30c; Brantford, under 8 M. 50c. over 8 M. 40c; Hamilton, 45c; Tillsburg, 35c; Caledonia, 25c; Dundas, 45c; Port Rowan 30c; St. Williams, 30c; Delhi 30c.

You can get The Record from now till Jan. 1st, 1915, for \$1.00. How's that for a bargain? Try it. This offer is only good to new subscribers.

Court is being held to-day.
