Green peppers stuffed with green corn and baked make a nice dish.

When washing woodwork for repainting, use no soap, but wash with soda water. If soap is used, the new paint will not dry so quickly.

Here is something from an exchange that deserves to be passed along: "What would a farmer say if his wife left her sewing machine standing out in the backyard in a rainstorm over night? What he really would say is out of the question for printer's copy, and yet many farmers leave their binders, which cost three or four times as much as a sewing machine, out in the sun and rain for weeks and months with no better shelter than a fence corner. Nor is the binder the only piece of costly machinery that receives such treatment. In such instances, Mr. Farmer, what should your wife do to you? A timely application of the rolling pin might do much towards prolonging the life and efficiency of your farm machinery. You can save a ten-dollar bill any day this week by acting on this suggestion.

Supposing you wanted to sell your farm, and you heard of a man in the neighboring township who was looking for some improved land like yours. You would sit down and write that man a letter, describing your farm, giving its size, location, number and character of buildings, implements, stock, etc., and invite him to inquire further into the matter. That is exactly what you do when you advertise your farm in the classified columns of the Jarvis Record, only, instead of reaching ONE man you send your message perhaps to fifty or a hundred or a thousand readers who have been waiting with ready cash to buy a farm like yours. There is absolutely no other means of getting in touch with these people. You can not write them because their addresses are unknown to you—UNTIL YOU ADVERTISE.

Many a man who boasts of his blue blood has a streak of yellow in him.

The easiest thing in the world is to give advice. The next easiest thing is not to take it.

Haphazard, occasional saving seldom accomplishes much. It's the

steady, persistent, regular depositing of so many dollars a week, or month, or season, in the Union Bank of Canada, which makes one financially independent. The money accumulates all the more rapidly, too, because of the interest which is added every six months.

CANADA Portland CEMENT

SOME men ask for so many bags of "cement"—

Others, more careful, say they want "Portland Cement"—

But the man who does the best work insists upon getting "Canada" Portland Cement—

And he looks to see that every bag bears this label.

Write the Canada Cement Information Bureau, Montreal, for a free copy of "What the Farmer Can Do With Concrete."

There is a Canada Cement dealer in your neighborhood. If you do not know him, write for his name.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you and make a man of you. Under its influence the brain becomes active, the blood purified, so that all rashes, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. You feel yourself a man and know marriage cannot be a failure. Don't let quacks and fakirs rob you of your hard earned dollars.

NO NAMES USED WITHOUT WRITTEN CONSENT
THREATENED WITH PARALYSIS

Peter E. Summers relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indigestion and excess in youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night, weakness in my back, aching, and pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me I had nervous debility. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, but received little benefit. I was induced to consult Dr. Kennedy & Kennedy, though I had read all their books. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through the system. I was cured mentally and physically. I have sent them many patients and continue to do so."

AFTER TREATMENT
I was cured mentally and physically. I have sent them many patients and continue to do so.
