Her Costumes

Watch Miss Earth when it is time for her to dress for fall; Russet red her petticoats, shiny gold her shawl; Scarlet at her waist and throat, yellow in her hair. Ever see the like of her, sassy-faced and fair? She's put her springtime duds away, lacy things and sweet; She'll lay her summer drapery by, and change from head to foot. Hems and tucks and ruffles new, like an eager elf, She'll be kneeling at the stream, looking at herself. Watch Miss Earth a little while. She will change again To dazzling robe of crystal white with a sparkling train, Diamonds on her breast and brow, coronet of pearl; But any way she dresses, she such a pretty girl!

Every ambitious girl has in view some ideal work, and if they do not reach the point of perfection in that work they will be dissatisfied. Do not think because they do all the work set before them willingly, that they are satisfied. Don't you know that they are working to be promoted higher? Do you think that a profession will make your girl less womanly, no, never. Every womanly woman likes to be independent. Parents, do you realize that your girls will soon be women and have to fill women's places? Have you done your duty by trying to fit them for their position? It is God bless you. If not, God help you to do so.

God bless the children! They are a world of care and trouble; they bring pain and weariness and sorrow, but are worth it all. Do you remember after the weary day when you were harsh and irritable and they went to sleep with a sob, what bright fresh faces they brought to you in the morning? How full of tenderness and forgiveness children are! How quick to forget unkindness! How fine is the intelligence with which they look beneath the surface and know that the irritable, nervous creature of the night before is not the real mother, but the serene, gentle woman of the morning whom they love with deep devotion. They are the beautiful examples of the truth that sorrow may endure for the night but cometh in the morning. By their love and brightness they repay us hourly for every struggle you endure for them.

Have you seen W. E. Sowter's two furrow walking plow. It will pay you to see it if you are thinking of buying. Take one and try it and if it does not suit, bring it back. No harm done.

A newspaper does not deserve to be looked upon as a child of charity. It earns twice every dollar it receives and it is second to no enterprise in contributing to the up-building of the community. Its patrons reap far more benefits from its pages than its publishers, and in calling for the support of the community in which it is published, it asks for no more than its full share belongs to it, though it too often receives less.

One day an Irishman and an Englishman were standing at the corner of a busy thoroughfare, when a blind man passed close by them and walked straight into a public house. Pat, who watched the incident remarked to his companion that he couldn't understand how one who had lost his sight could walk so unerringly. The Englishman began to point out to him that the blind man had more of the other senses such as smell, touch, etc. "In fact he said to the Irishman, 'If a man is deficient in one way he always finds it in another way.' "Bogorra, your right there, me boy, I saw a man to-day who had a short leg, and a bad leg, the other one was a little longer."

LIBRARY INSTITUTE

Annual Session for Niagara District held at Dunnville.

The sixth annual meeting of the Niagara District Library Institute was held in the Public Library at Dunnville on Monday and Tuesday of last week, with an attendance of about 25 delegates. The sessions were interesting and profitable, the delegates gaining much valuable information from the reports, papers and discussions, and particularly from the addresses of Dr. E. A. Hardy, of Toronto secretary of the Ontario Library Institute and the instruction given by Miss F. Spereaman, cataloguer, Department of Education, Toronto. Mr. W. E. Murray of Toronto, Inspector of Public Libraries, was prevented from being present by bereavement in his family and personal illness, and his absence was very much regretted.

The morning session on Monday was somewhat informal, the delegates then present handling in brief reports from their respective libraries. In the afternoon, in the absence of Mr. T. L. M. Tibbott, the President of the Dunnville Public Library, the Institute was formally welcomed by David Hastings, Vice-President, after which a nominating committee and a resolutions committee were appointed. President M. J. Dalton, of South Hill, delivered his annual address, and the report of the Secretary, Miss M. T. Butters of Niagara Falls, was read. Miss Butters being absent on account of illness. Miss Spereaman, with the assistance of a blackboard, conducted an instruction hour on classification, and W. H. Arison of Niagara Falls, gave an address on "The Public School and the Public Library."

The evening session was held in the schoolroom of St. Paul's church. Mayor Griffith, who was to have welcomed the delegates, sent regrets for his inability to attend, but the duty was pleasantly performed by Rev. T. W. Scott. An attractive program of vocal and instrumental music was contributed by Mrs. W. Carl Vincent, Miss Alice Eliot, Miss E. Smithers, Frances Smithers and W. J. Taylor. The address of the evening was given by Dr. Hardy on "The Many Sided Library," in which he sought to describe the varied phases of library work, and to show how they should touch and benefit every interest in the community.

On the recommendation of the examining committee these officers were elected: President—T. W. Shipman, Smithville.

Vice-President—W. H. Arison, of Niagara Falls.

Secretary-Treasurer—Mrs. A. M. Kennedy, Beamsville.

Executive Committee—Mr. M. J. Dalton, South Hill; Mr. Wicker, Nanticoke; Miss E. Scott, Ridgeway; Mr. Wm. Macdonald, Jarvis.

An invitation to meet next year in Jarvis was accepted.

At the afternoon session an open conference was held on library topics, introduced by five-minute papers by Mrs. Patterson of Dunnville, Miss Weeks of Thorold, Miss Scott, of Ridgeway, and Mrs. Kennedy of Beamsville. A resolution was unanimously adopted to request the Ontario government to make a grant for maintenance of \$25 to every library, an annual revenue of which is less than \$500 and it was agreed that each delegate should write to the local member, directing his attention to this matter and asking for his support.

One of the reports which aroused interest and some surprise was from Grimshaw, where the library, it was stated, receives an annual grant of \$300 and Mr. Alexander township. The hope was expressed that other township councils would be induced to follow this good example.

Married

A wedding of much interest took place this afternoon in Barton street Methodist church, when Miss Charibel Davis, daughter of Mrs. Jane Davis became the wife of Edward Blake Snyder, of this city, the ceremony being performed by Rev. H. G. Livingstone. The bridal procession entered as the wedding march was being played by Miss Pearl McCarty of Toronto, niece of the bride, Dr. Annie Davis bringing in the bride, who was given away by her mother. The ushers, Mr. J. O. McCarthy, Toronto, and Mr. Alexander Snyder, Hamilton, led the party, followed by the two bridesmaids, Miss Esther Davis, Ph. M. R., sister of the bride, and Miss Jean Frost. Last came the bride looking very stately in her gown of white messaline silk, with trimmings of pearl tulle veil wreathed with orange blossoms and carrying a shower bouquet of white roses. The guests, numbering about forty adjourned after the church service to the home of the brides mother, at 10 Arthur Avenue where a dainty luncheon was served. The bridal couple left later in the afternoon for a trip to Boston, New York and Atlantic City, on their return they will reside at 86 Ontario Av. The bride was formerly a Walpole girl.

Badly Burned By Gas

A serious accident occurred on Saturday afternoon last on Broad Street East, where a force of workmen, under the direction of H. D. Fuller, were making repairs to the main through which gas from the Hamilton field is carried to St. Catharines. The gas had been off on both sides of the place where the men were working and a section of the pipe was being headed for the purpose of heading it, when suddenly a large volume of gas rushed out of the eastern portion of the main and at once caught fire. Mr. Fuller was severely burned in the back, but was able to be driven to his home, to which he has since been confined. His injuries though painful are not likely to be attended with serious results. Most of the workmen were fortunate enough to escape the same, but one, named Monday, was right in its path. His face, head, arms, and all the upper part of his body was badly burned. He was taken as quickly as possible to Dr. Thrusk's hospital for treatment and for some time it was feared that he might not recover, but he is reported to be progressing favorably.—Dunnville Gazette.
