A. RODGERS, = Jarvis Ontario.

Nanticoke.

Mr. and Mrs. J. Meelan spent Sunday at Cheapside.

The Nanticoke branch of the White House Co., changed hands on Monday, Messrs. C. Ross and A. Howey being the purchasers.

The new store is nearing completion and is expected to be occupied this week.

Rev. Davis of Stoney Creek, will preach in the English Church next Sunday September 21st.

S. Smith has returned from the West. The wedding bells will soon be heard in this neighborhood.

Renton

Heavy frost the last few mornings has cooked the corn and late potatoes, indeed most of the garden produce, in our burg.

Mr. and Mrs. Binkley of Hamilton are spending a few days with Mrs. E. Mitchell.

Miss V. Armstrong and Miss Martin of Walsh spent a couple of days at Geo. Duncan's last week.

John Watson with his threshing outfit has wound up nearly all the threshings on the town line for this fall.

Mrs. Newell from West Branch, Mich., has been spending the week with Mr. and Mrs. Hugh Newell.

Sandusk

The Missionary meeting was held at the home of Mrs. J. R. Pond on Thursday of last week, quite a large number being present.

Miss Meta McMurchy and friends of Garnet were guests of Mrs. John Pond on Friday last.

A number of young people of this burg gave a surprise party to Mr. and Mrs. Jas. Peacock on Friday night, all reporting an enjoyable time.

Mrs. Clair Deal spent a few days last week with her parents, Mr. and Mrs. Jos. Peacock.

Mr. and Mrs. Jas. Hewitt and daughter visited in Cheapside on Sunday.

Mr. and Mrs. J. W. Westery and daughter spent Sunday with Mr. and Mrs. Archie Lindsay, Selkirk.

Hick's Forecast for Sept.

A regular storm period involves the 17th to the 22nd. This period is at the center of Earth's autumnal equinox. Equinoctial storms of wide sweep and violent force are more than probable at this time. A correct interpretation of barometric readings will foreshadow the nature of the nature of the approaching storms, long before they strike. Tropical storms from the northwest, will meet tropical storms from equatorial regions at this time, resulting in tornadic storms, over central to southern states, and change to high barometer, very much cooler and frosts will result in many states as a sequel to these equinoctial convulsions.

Much Married

St. Thomas, Sept. 15.—Geo. Smith of Dutton, who was arrested on charge of assault, charged by a neighbor over the line of a fence, is now in jail on charge of bigamy. As nearly as can be ascertained Smith is a very much married man. His record is as follows: Married under name of Bowman to woman in Burgessville, in Oxford County, by Rev. Mr. Cunningham, Baptist minister, now of Brownsville; married by Rev. James Alfreds, Methodist pastor, to Mrs. Catharine Pullin, at Corinth, during the Winter of 1912; and to Mrs. Annie Johnston, a widow, with four daughters, residing in Dunwich Township, whose first husband died in Detroit four years ago. D. St. Clair Leitch has been retained by the prisoner and he comes up on Wednesday before County Magistrate Hunt.

The rise of aluminum is one of the industrial marvels of the age. Men who are still young can remember when it cost as much as silver. Now it is so cheap that it supplies us with our pots and pans, with foil to wrap candy in, and with cables for the transmission of electric power. The consumption in the United States last year reached a total of 65,000,000 pounds. New uses for the wonderful light metal are constantly appearing. Great quantities are now ground into powder for use in explosives, in lithography, in printing and as a pigment.

In some European countries it is against the law to sell fresh bread. The authorities know that it is unwholesome. We of this country, on the other hand, must have our bread as fresh as we can get it, and some even want it fresh from the oven. But since the practice has arisen of wrapping each loaf in paper, those who like their bread hot have been complaining. If the bread is wrapped when it first comes from the oven, it grows moist and clammy and of unpleasant taste. The Bureau of Chemistry regards the wrapping as so important to cleanliness that it has been making some experiments to satisfy the lovers of warm bread. It now announces that if a cold-wrapped loaf is unwrapped and placed in a pan in the oven in a medium heat for about ten minutes, it will become like new, crisp without and tender within.

BANK OF HAMILTON

Working For Others

The man who looks into the future and pictures himself the owner of a business, will live to learn that his visions will always be dreams unless his foresight has shown him the need of saving.

Saving is not a habit that should be started, "sometime," but one that requires immediate action. As many days as you postpone a bank account, just that many more days will you be working for others.

One dollar will open a savings account with this bank, and the highest rate of current interest will be credited every six months.

R. R. TELFORD, Agent
Jarvis, Branch

This School is convenient for you to attend. The instruction is thorough; the tuition rates moderate and the terms of payment easy. Ask for catalog. Opens on Tuesday, the 2nd of September.

C. SCHLIZ, Principal.

If you intend exhibiting at the Jarvis Fair, make your entries early.
