WHY THE  
FARMER  
CAN DO WITH  
CONCRETE

It contains information that has saved them time and money in making farm improvements. It has taught them the economy of building everything of everlasting concrete.

There's no other building material as durable, as adaptable, as easy to use or so low in final cost as concrete. Practically everything that can be built of wood, stone or steel can be made better with concrete and this book tells you how to do it. It is fully illustrated with photos and diagrams and contains 32 practical farm plans.
