ISSUED WEDNESDAYS.

Subscriptions.—One dollar per year strictly in advance; if not paid in advance a dollar and a half will be charged. United States papers 50c. extra, strictly in advance.

We are at all times pleased to receive local news. Send or bring in the facts, we'll do the rest. The comings and goings of Hamilton and Norfolk people are always welcome items of news.

If you wish your address changed, give old as well as new address.

### ADVERTISING RATES.

Yearly contract rates on application to publisher.

Reading Notices.—No reading notice advertised by any advertiser or matter by which money is to be made by any person or cause will be inserted in The Record without charge, except when the job-work for the same is executed at the Record Job Department, when one small reader will be given gratis. The price for the insertion of business announcements is five cents per count line each insertion.

Judicial, Legal, Official and Government notices.—Eight cents per line (12 lines to inch) for the first insertion, and five cents per line for each subsequent insertion.

Small Ads.—Condensed advertisements of such a nature as "Lost," "Found," "Situation Wanted," "To Rent," "For Sale," etc., not exceeding six lines 25c per insertion; 5 insertions \$1.00.

Advertisements ordered for insertion without written instructions will appear until written orders are received for their discontinuance.

Notice to Advertisers.—Changes of copy for contract advertising must be in the hands of the printers by Monday noon, at the latest, each week.

While willing at all times to do what is possible to accommodate patrons, we must, in justice to them and to ourselves, insist on a strict enforcement of this rule.

MRS. J. W. RODGERS, Publisher.

### BRING IN THE NEWS

Do you appreciate your Record? Would you like to see more news in your paper? Would you prefer more detail in the news that is published? If so, there is a way in which you, as a reader of this paper, can help to make it more to your liking. It takes a lot of running around, much time and some inconvenience for a newspaper to gather small news items such as personals, notices of small meetings, social gatherings, afternoon teas, slight mishaps, etc. It is the business of a reporter to do this, of course, but even when he does his best there are always a few items left over because he is not in touch with those concerned or does not hear of them until it is too late. Now the way in which you can help The Record is to call us up, drop us a line, drop in and tell us, or often you might conveniently write it out and mail it to us. Anyway let us have an intimation of anything of news value just as soon as you become acquainted with it.

We will appreciate it and you will be making your paper that much better. Try it. Thanks.

Butter wrappers of genuine parchment paper can be had printed, with name of farm, etc., at \$2.25 per thousand or \$1.50 for five hundred at The Record Office.

### Cut This Out

It is worth your fare to Hamilton and return on an account of \$10.00 or over.

## Serious Gas Explosion

Residence of Mr. S. R. Beck, of Dunnville, Badly Damaged.

About eight o'clock on Monday morning, the residence of Mr. S. R. Beck was badly damaged by a gas explosion, but fortunately the inmates escaped without serious injury. The gas apparently had accumulated in the cellar, and when Miss Minnie Beck opened the door leading to that part of the house there was an explosion that lifted the lower portion of the building off its foundation, drove out the windows, set fire to the curtains and wrecked a considerable section of the interior and its contents. Miss Minnie Beck was burned slightly about the head, and Mrs. Beck, who has been an invalid for some time, suffered from shock. The Home Company was called out, but its services were not required, the blazing curtains being torn down before the fire was communicated to the woodwork.—Dunnville Chronicle.

## Patriotic Concert A Great Success

Notwithstanding the inclement weather, the Hamblers' Minstrel and Dramatic Club, of Nanticoke, put on their concert at the town hall, Nanticoke, on Thursday evening last, in aid of the Patriotic fund, to a full house. The concert was a great success. The opening chorus shows careful training; the various solos, monologues, are well rendered and the clog dance by Mr. W. Scaman is worth of special mention. Mr. and Mrs. Alf. Howey and Mr. Henry Butcher furnished pleasing music with piano, violin and clarinet. The farce entitled "A Sudden Arrival" roused the audience to a pitch of enthusiasm, and great credit is due to those taking part in this screaming success. Owing to the heavy rain, Mr. G. I. Atkinson, cartoonist, of Chesapeake, was unable to be present at Nanticoke, but he expects to be present at the later performance. This concert is to be produced at Jarvis, Feb. 11, and Port Dover Feb. 15th, the entire proceeds of all concerts to go to the Patriotic Fund. The Club has given considerable time and has been at heavy expense and they appeal to the public to give them their hearty support in aid of a noble object.

## 5,000 FACTS ABOUT CANADA.

Know Canada, and make Canada known is a striking sentence in the war year edition for 1915 of that popular booklet, "5000 Facts About Canada," compiled by Frank Yeigh, of Toronto, who knows Canada as probably few Canadians do. It is true that he who would know Canada and its wonderful growth in any one year, will find this annual publication "worth its weight in Yukon gold or Cobalt silver," while as a means of making the Dominion known in other countries, it is no less valuable. Fifty chapters are devoted to such subjects as Agriculture, Area, Banking, Census, Immigration, Mining, Trade, etc., and a page of Canadian War Facts show how up-to-date it is. Sketch maps are included of the Dominion in 1867 and 1915. Copies may be had from progressive news-dealers or by sending 25c to the Canadian Facts Publishing Co., 588 Huron Street, Toronto, Canada.

## Branding Dairy Butter

There still appears to be some persons who question the fact that dairy butter cannot be legally offered for sale in papered packages without having printed on each package the words "dairy butter" The Dairy Industry Act of 1914 can be obtained at the Department of Agriculture, Ottawa, by sending for bulletin No. 42. The regulations under the act came into force on September 1st, of last year, and any violations of the act are liable to penalties ranging from \$10 to \$50.

It would be wise not to place too much faith in those who say there is no law on the subject, as a visit by a constable might be an expensive manner of gaining experience.

The underlying principle of the law is protection to the consumer, the honest manufacturer, and the honest dealer. There is exactly where the difficulty comes in there are so many manufacturers and dealers who desire to continue tricks that are not honest to the consumer. The honest manufacturer is anxious to have his name on his product, the manufacturer of axle grease is naturally averse to having his name on his product, and the dealer who wishes to piggy back any truck that comes his way naturally is averse to having the stuff labeled. It is just those people that the act is after, and all consumers should insist upon having the name of the maker on any package of butter they buy. Packages labeled "dairy butter" without a name, should be placed at least five cents below the market price.

A dairy is defined by the act as a place where the milk or cream of less than fifty cows is manufactured into butter. Butter made in such a place must be labeled "dairy."

Butter made at a factory is termed "creamery" and has to be labeled as such.—Dobson's Independent.

## Oats at 16c Bushel.

Oats at 16 cents per bushel—sounds like a dream, does it not? This is no dream—it was a reality, but 'twas way back in 1897—and this is one of the reasons why our esteemed friend and well-known Hamilton farmer Mr. E. B. MacDonald of Walpole, is still on the farm and not rated among the millionaires and multi-millionaires of to-day. Prices are now around the 65c mark and may possibly be higher before the balmy breezes of spring bring forth green grass and fresh oat crops for the harvester.

Just eighteen years ago this 12th day of February—the year 1897—Mr. E. B. MacDonald delivered to the Ivey warehouse in Jarvis, eleven loads of oats—they were real good oats, too—each load running from 66 to 95 bus. for a total of 907 bus. and a few lbs., which at 16c per bus. brought him the handsome check of \$145.22 as a Valentine. To-day, a similar bunch of oats would bring in nearly \$600.00.

Our information is secured from an old oat check which Mr. Joseph Ivey of Port Dover, resurrected some days ago from a bunch of ancient papers, the same being turned over to the Record for "a news item."

If our friend "Brit" could only resurrect his old-time bin full of oats for the present market prices we'd be pleased to help him celebrate the resurrection.

## Chant Before Battle

By the grey smoke athwart the skies. By the hot tears in mothers' eyes. By the wee babes that cry for bread. By our wounded, by our dead, We swear that there shall come a day When Germany shall pay.

By Rheims' great towers that ages wrought, By Brussels with starvation bought, By the red ruins of Louvain, By Liege and its bloody pain, We swear that there shall come a day When Germany shall pay.

By every outraged maid and wife, By every child that felt the knife, By every shot and shell we fling, By Belgium's self, by Belgium's king, We swear that there shall come a day When Germany shall pay.

—New York Life.

## THIS YEAR WILL HAVE 53 PAY DAYS.

The year 1915 will have 53 pay-days Saturday coming that many times in the year. Statutory holidays occur as follows.—

Good Friday, April 2nd.

Empire or Victoria day, May 21st is on Monday; and the King's birthday, June 3rd, and Dominion day are on Thursday. Labor day is on Monday, September 6. Christmas is on Saturday, Ash Wednesday is on 17th of February, and Easter falls on 14th of April.

## Knights Templars.

The name "Knights Templars" was first assumed by a semireligious, semi-military order founded in the twelfth century for the commendable purpose of protecting the scattered and disbanded crusaders. At first they were merely Knights, but after they were assigned quarters at the palace in Jerusalem called Solomon's temple they became known as Knights of the Temple, or Knights Templars. The ancient order finally became so powerful that it was suppressed in the fourteenth century, and the continuity or identity of the modern with the ancient one of the same name has been warmly disputed.

## Story of a Church Sign.

In New York city alone more than 150 electric signs are used by the churches. Perhaps the earliest illuminated church sign was a cross placed over St. Augustine chapel, in lower Manhattan, nearly forty years ago. Again and again Bowers mission and settlement house workers have met men and women who have testified that the flaming cross on St. Augustine's was the instrument that turned them from evil lives.

## Dividing the Circle.

Ancient Chaldeans divided the circle into 360 equal parts because they thought that there are 360 days in a year. They could not prove that the earth turns on its axis 365.256431 times while going around the sun once.—New York American.
