The Player-Piano with the Aluminum Action—a feature common to no other.

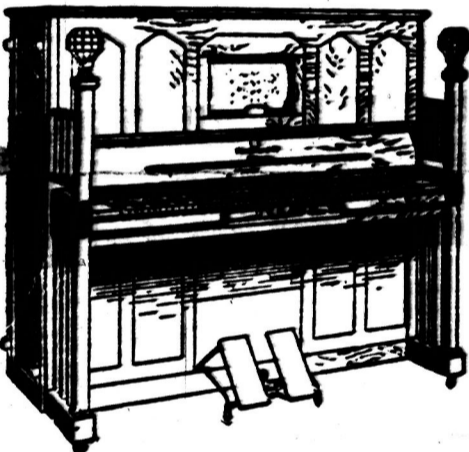

Reproduces the Human Touch

Of no other Player-Piano can it be said that it reproduces the "human touch" as does the new

HEINTZMAN & CO. PLAYER-PIANO

By this we mean that peculiar living, personal quality, that makes us say: "He's putting his whole heart into that music."

You can play this piano without possessing any technical knowledge of music. You do not need to know a note of music. It is the piano that plays for you.

If the old piano is now seldom opened because the young folks have left home, the change it for a Player-Piano of "ye olde time" of Heintzman & Co., Limited, which father can play after the days work, or mother in her spare hours.
