BRING IN THE NEWS

Do you appreciate your Record? Would you like to see more news in your paper? Would you prefer more detail in the news that is published? If so, there is a way in which you, as a reader of this paper, can help to make it more to your liking. It takes a lot of running around, much time and some inconvenience for a newspaper to gather small news items such as personal, notices of small meetings, social gatherings, afternoon teas, slight mishaps, etc. It is the business of a reporter to do this, of course, but even when he does his best there are always a few items left over because he is not in touch with those concerned or does not hear of them until it is too late. Now the way in which you can help The Record is to call us up, drop us a line, drop in and tell us, or often you might conveniently write it out and mail it to us. Anyway let us have an intimation of anything of news value just as soon as you become acquainted with it. We will appreciate it and you will be making your paper that much better. Try it. Thanks.

It is predicted that Jarvis will have a dry summer. The dust will be choking on our new cement streets.
