## A Letter from England

From Pte. W. Wilson of Rockford, now at Sandling, England.

Sandling, May 31, 1915.

Dear Mother:—I suppose you have been expecting to hear from me before this, but I thought I would wait till we got settled down.

I am well and hope everyone at home is the same. How is everything around Rockford? I suppose you have known for some time we were over here. I wrote a letter when we left but missed the mail boat at Quebec so I had to wait till we got here. We left Toronto on the 12th of May and arrived at camp here on the 23rd. We had a fine time coming over, but a number were sea-sick. I didn't get sick, but I lost my breakfast one morning. A couple of destroyers met us the day before we landed and came along with us to keep the submarines away. We landed at Devonport on Saturday and left on Sunday. We came across the whole southern part of England and through London, arriving at Sandling Camp about 3 miles from Shore-

PTE. W. WILSON, of Rockford, who is with the Fourth Infantry Brigade, 19th Batt., D. Co. 2nd C.E.F. British Exp. Force at Sandling.

cliffe. Nearly all the infantry of the 2nd Contingent is over here now. There are four reserve battalions of the 1st Contingent here yet, and a lot of the Princess Pals, who have been wounded. We are only about 25 or 30 miles from France and can see the coast on a clear day. There are a couple of aeroplanes a day flying over here. They make an awful noise. We haven't and any rain yet, but I guess it will be pretty muddy if it does. This is some country, I tell you. They have the biggest mix-up of money I ever saw and a fellow never knows how much he has got. They keep on the left side of the road and are either running into you or over you. Haven't seen any street cars yet. Folkestone is quite a town, but the streets are so narrow that I saw a couple of fellows shaking hands across the street.

The roads are so crooked that you have to travel about ten miles to go one.

The grub is pretty good now but it was pretty slim at first. The field bakers make the bread and I guess they intend it to do for bullets. We have more privileges here than at Toronto, but two hours more drill a day and stricter discipline. I saw a fellow being taken to Shorecliffe the other day to do 28 days cells for being away six days without leave. One battal on got 3 weeks C.B. because some of them didn't salute a General. I expect we'll be here for a couple of months at least.

Old watch beat it a day or two before we left Toronto, and I expect he must have been making for home.

We are getting British Army Shoes now, great big shoes weighing about two pounds apiece with about a ton of nails in them. I guess this is all this time. From your loving son,

W. WILSON.

## Choir Leader Honored

The choir vestry of St. Thomas' Church, Hamilton, was the scene of a very pleasant gathering before the morning service, Sunday, when Mr. Davidson, on behalf of the choir, presented the leader, Ernest Heavly who is leaving to take a similar position with Chalmers' Presbyterian Ch. Guelph, with a musical director's silver-mounted Baton, suitably engraved in a mahogany case. W. C. Hill read an address expressing the choir's appreciation of his services. Mr. Heavly was greatly taken by surprise and feelingly replied.—Hamilton Spectator.

Mr. Heavly's many friends in Jarvis and vicinity will be pleased to hear of this token of esteem shown by his friends in Hamilton. He is well known in Jarvis, having conducted the choral work in Jarvis, Chalmers and Sandusky. We wish him every success in his new field of labor.

Chalmers' Band will be back to the Canadian National Exhibition this year, and there will be representative bands there from all over Canada.

Simcoe, July 2nd, 1915.

Plans and specifications can be seen at W. G. Clark's.

## Rush Electrification Of L. E. and N. Line

Cars Likely to be Running Between Galt and Port Dover in October

Galt, July 6.—General Manager Martin N. Todd of the Lake Erie and Northern Railway, who is also president of the Galt, Port Dover and Hesperia Railway, to-day confirmed the report that the L. E. & N. road is to be electrified for the whole 52 miles from Galt to Port Dover. To-day a line construction gang started work from the Galt end.

Mr. Todd expects cars to be running on the Galt-Brantford line by October, and to Port Dover by November. It is likely that Hydro electricity will be the motive power, with sub-stations at Galt, Brantford and Simcoe. It is stated here that G. P. and H. and L. E. and N. Railways, both of which are closely affiliated with the C. P. R., will shortly be amalgamated the ultimate result being a through electric Railway from Berlin to Port Dover.

## Varency W. I. Meets

The Varence Women's Institute met at the home of Mrs. B. Lundy on Friday, July 2, when about 20 members spent a most pleasant afternoon. Arrangements were made to hold an Ice Cream Social in aid of the Patriotic fund. See posters later. This being grand-mother's day to furnish the programme, the meeting was arranged accordingly, but owing to the busy season, there was only one able to be present. Mrs. A. Saunders gave a very interesting reading. The meeting was then drawn to a close by a vote of thanks to the hostess and singing the National Anthem. The next monthly meeting will be held at the home of the Misses Cullen, 5th of August. A good attendance is requested.

## The Latest from the Front

A Metropolitan Daily and Your Favorite Local Paper at a Special Clubbing Rate.

Since the opening of the Great European War last August the cable service of The Globe, Toronto, has attracted attention from one end of Canada to the other owing to its completeness and reliability. Every day the cable news is condensed and interpreted on the front page under the title of "The War Summary." This feature makes plain and intelligible what would otherwise be confusing to the reader. The Globe maintains its position as "Canada's National Newspaper," as is proven by the fact that its circulation of 87,000 is much larger than that of any other morning paper in the Dominion.

Elsewhere in this issue appears an advertisement of The Globe, offering the paper sent to any address in Canada for \$3.00 per year. A special clubbing offer of The Globe, Daily, and the Jarvis Record one year for \$3.75 is now made, thus ensuring the best metropolitan daily and the best local paper at a cut rate.

Miss Morjorie Williams is home from Guelph.

Miss Hall, of Guelph, spent a few days in town last week.

Dr. Robert McDonald, of Hagersville, is very ill.

Mr. and Mrs. Wesley Jennings, of Hagersville visited at Andrew Rodgers Tuesday.

## Terrific Storm Washes Deer Over North Bay Wari

North Bay, July 5.—A big wind and rainstorm has been raging at North Bay all day. The government wharf is badly damaged, while a large number of pleasure launches have been sunk. A strange episode occurred when a deer was washed over the wharf, the animal having swum with a distance of several miles. On reaching land it got its bearings and ran down the west shore apparently none the worse for its long swim.

## The Western Fair

London, Canada.

SEPTEMBER 10th TO 18th.

The Western Fair of London, Ontario, is an agricultural exhibition, and a prominent position in Western Ontario, and throughout the entire Dominion. This will be the 18th annual exhibition without a break, and every dollar of prize money won during that time has been paid. The management has been increasing the prize list from year to year and this year through the assistance of the Dominion Government they are enabled to add over \$3000 to what was already a liberal list. Live stock men should avail themselves of the privilege of exhibiting this year in large numbers than ever. Exhibitors always report good results from showing at London, as buyers are plentiful. The Dairy and Poultry Departments will be of special interest this year. If a prize list, entry form or any other information is required about the exhibition write the Secretary, A. M. Hunt, London, Ontario. The dates are September 10th to the 18th.

Speaker Sprague has received W. Garland's resignation of his seat in the House of Commons by having admitted taking profits on drug contracts.
