## Bryan Sent $500 to Canada In Aid of Interned Germans

Welland, June 14.—That former Secretary of State, W. J. Bryan is not unfriendly to the German people is shown says the Telegraph, by an incident that has not before been related in the public prints. Some three months ago there was received at Welland a cheque for $500 from Mr. Bryan "for the alleviation of distress among interned Germans in this county." It was a personal gift from the United States Secretary of State and it was intended that no one should know anything about it. It was found, however, that we had not a solitary German interned in this county, so negotiations were entered into with a view to having the money diverted for the use of Austrians and Hungarians. The Telegraph has not learned that such diversion was made but thinks that the money was returned to Mr. Bryan.

THE WESTERN FAIR, LONDON.

September 10th to 18th.

The Western Fair, London's popular Agricultural Exhibition will be held this year from September 10th to 18th. It is considered by the management that this year, above all others, should be the one when extra efforts must be put forth to make the Exhibition a great success; therefore with assistance given by the Government the Board of Directors have decided to make a cash addition to the prize list of $3000. Good as it was before, this will certainly make London's prize list very attractive. The list is now in the hands of the printer and will soon be ready for distribution. Thousands of advertising maps and hangers have been sent throughout the country during the past week announcing the dates, and arrangements are being made as quickly as possible to assure Exhibitors and visitors alike, that this year's exhibition will be the best ever held in London.

Any information regarding the Exhibition will be gladly given on application to the Secretary. A. M. Hunt, London, Ontario.

## Canadian Prisoners Not Badly Treated

**Pte. R. B. Adamson, Toronto, Writes Some Complimentary Things in Regard to the Barracks in which He is Confined at Gottingen.**

Some comfort for anxious friends of Canadian soldiers who are prisoners in Germany will be found in the following extract from a letter dated 5th May, received by Mr. W. H. Adamson, 117 Maitland street, Toronto, from his son, Pte. R. B. Adamson, Ambulance Corps, 48th Highlanders, who is now a prisoner in Barracks 60, Gottingen, Germany.

"By this time you will have had a full account of our experience before being taken prisoners. Our party, which consisted of 48th Highlanders a few 5th Royal Highlanders, and 120 Buffs (British) were almost completely surrounded, and as we had already lost a large number killed and wounded, besides being short of ammunition, our officers thought it advisable to order "cease fire" The white flag was thereupon hoisted, and the enemy came forward with a smile and shook us by the hand.

"We were marched through their lines to a small town where the trains connected and from there we came by rail to Gottengen. On the way we passed through some very pretty country and a few fine cities. The cities here are much like those in America, being spread over a large tract of land with suburbs adjoining, quite different from those of France and Belgium.

"Our camp is, I believe, the best of its kind in either England or Germany. Our huts are well built with brick foundations, and the bunks, etc. are a great improvement on those we had at Lark Hill. Everything in this country seems to be done systematically, and we are well treated here. A large building has just been completed for the Y.M.C.A. where services and lectures are held. There are also classes for the study of French and German, and a moving picture outfit is, I believe, to be added in a short time.

"Our outlook is very pretty. On one side one can see for miles across rolling hills, and in the distance low mountains form a fitting background The weather so far has been very fine and the air reminds me of Muskoka.

"I shall be glad to receive a package of cakes, chocolate, etc., once a week. I do not need anything in clothes except socks, We were given shirts the other day and also wooden shoes, which are quite a novelty to us. The American Y.M.C.A. representative thinks we will be here for some time after peace is proclaimed as it will take some time to exchange prisoners. I do not think it will be so long. I do not know what has happened to Bob Cory or Jack Cameron, but I hope they are well."

## Butter Must be Branded

**Inspector Points Out Provisions of the New Act.**

D. J. Cameron, of Peterboro, dairy inspector for Ontario, is in this part of the province looking to the enforcement of the new regulations regarding the branding of butter. Mr. Cameron finds the law being fairly well observed, although there seems to be some misapprehension regarding the provisions of the Act.

Briefly, the act requires that all butter offered for sale in prints, blocks, squares or pats, to be of the full weight of one-quarter, one-half, one or two pounds, and when dairy butter is put up in this manner and wrapped in parchment paper, it must be branded "dairy butter" in letters at least quarter inch square, in addition to any other wording that the butter-maker may desire to use. Butter in rolls, crocks or tubs is not required to be branded.

Dairy, according to the act is a place where the milk or cream of less than fifty cows is manufactured into butter. Boxes resembling creamery butter boxes, but containing dairy butter, must be branded at time of packing with the words "dairy butter," in letters half inch long by three eighths of an inch wide.

The act alsorequires that whey butter must be labeled.

## A Prophet.

From the Calgary Herald.

James Hay, an eminent English journalist, who made a particular study of Emperor William of Germany as a young man, made note of some of his observations and included them in a letter written to a friend in the year 1896, nearly twenty years ago. In view of what has happened since, these observations are interesting as prophesy. Here is what he then said.—

"The present Emperor is a conceited wilful lad, who may probably be the ruin of his country. His neuroticism is conspicuous, and he bears the same relation to his father that Commodus did to Marcus Aurelius. Marcus Aurelius was the wisest and most virtuous of the Roman Emperors. Commodus, his son, was probably the worst — a conceited puppy at his best and a blood thirsty monster who found delight in the mutilation and murder of persons of all ranks, conditions and ages." It must be admitted that Mr. Hay in this instance was some profit.

## Sold Gun to Shelley.

F. C. Bishop, a hardware merchant of Norwich, was in police court at Woodstock last week and fined $15 and $10 costs for unlawfully selling a revolver to Emerson Shelley, who was recently sent up for trial on the charge of murdering Christian Shoup on May 11.
