

Organization and Resources

(Continued from page 1)

regular services, July 30th. or August 6th, as well as assisting in any way you can at any of the meetings which may be held on August 4th.

Probably the following facts, some of which you may not have at hand, may supply you with information which will enable you to meet the occasion most fittingly.

WHAT HAS ONTARIO DONE?

1. In Money.
The Province of Ontario, in addition to flour, fruit, etc., supplied in large quantities, has responded generously to appeals for French, Serbian, Armenian, and Polish Relief funds, though no reliable figures are available as to the exact amount contributed to each by the people of the province.

A great deal of money has been raised for the purchase of Machine Guns, for Aviation, for Hospital Ships, Soldiers' Comforts, etc., but for these also no figures are available, though it is safe to say that approximately one million dollars has been supplied for these purposes.

Further, a very large amount of money has been donated by citizens and by County, Town and City Councils, as well as by the Provincial Government, for the purpose of aiding overseas battalions to finance recruiting campaigns and to purchase equipment not provided by the Dominion Government. The sum total donated in this way would probably aggregate on million dollars.

For three special funds the following amounts may be definitely stated:

Ontario Red Cross, Trafalgar Day, Oct. 21, 1915.....\$1,514,000 \$ 370,000
Canadian Red Cross, (cash only), Sept. 1st, 1914-May 31st, 1916, 961,885 924,788

Canadian Patriotic Fund to June 30, 1916, (approx.) 15,000,000 7,000,000

2. In Men.
In recruiting men for the Canadian Expeditionary Forces Ontario has done well, as the following figures show:

Enlistments to June 30th, 1916.
Ontario..... 147,158 42.5
Other Provinces 138,722 57.5

Total (Canada) 345,880 100
Enlistments in Ontario are 5.8 per cent of the total population, 1911 Census
Enlistments in the rest of Canada are 4.2 per cent. total population, 1911 Census.

(Concluded on page 8.)

About Better Wrappers

Streatsville Review.

On Tuesday of last week a government inspector paid Grand Valley merchants a surprise visit and found quite a lot of butter in pound prints not conforming to the legal requirements. Some was light weight and some in plain wrappers. Boxes of dairy butter fresh from the makers did not have the necessary mark. There was a little business as to what might happen, but as this was the inspector's first visit and the dealers were perhaps the innocent victims of an indifferent people, the incident may be taken as a warning. The Dairy Industry Act of 1914 provides that pound print butter boxes must be full weight and marked whether dairy or creamery. Boxes must also be similarly distinguished. A merchant is not permitted to accept any butter in pound prints that are short weight but is to return the same to the vendor. So when you next bring your butter to market be sure it is full weight and in properly marked wrappers or boxes. The use of plain wrappers for any purpose, even for delivery to regular consumers, is not permitted. The penalty to both purchaser and vendor for infractions of the act is a fine of not less than \$10 and not more than \$50.

The Western Fair

SEPTEMBER 8th TO 16th

London's popular Exhibition promises to be better patronized than ever, this year. The management is planning larger and better things for September next than have ever been undertaken before.

The new Process Building promises to be a hive of industries and considerable space is already taken. A new system of admission at the gates will be adopted by means of new coin turnstiles. Change booths will take the place of ticket booths and the public will be admitted by depositing twenty-five cents at the turnstiles. Children and those holding tickets will be admitted through a special gate for the purpose. If space of any kind is required application should be made to the Secretary at once. Prize Lists and all information on application to the Secretary A. M. Hunt, London, Ontario.

Canada is a big country capable of absorbing great numbers of numbers of newcomers, but those in charge should be careful that those coming to our shores are of a desirable class. One British is of more value than a score of foreign enemies.
