PARISIAN SAGE
**PUTS HAIR ON YOUR HEAD
AND KEEPS IT THERE**

What's the use of being bald? What sense is there in deliberately allowing your hair to turn gray? Do you want to look old before your time? Give up the thought; old age will come only too soon. Look after your hair. **PARISIAN SAGE** will kill the dandruff germs, and is the only preparation, so far as we know, that is guaranteed to do so. Man or woman, no matter how old you are, **PARISIAN SAGE** will make you look young. Come in and get a large bottle to-day, it only costs 50 cents, and your money back if it does not cure dandruff, stop falling hair, or itching of the scalp. It will make your hair luxuriant, bright and beautiful, and it is the most refreshing, pleasant and invigorating hair dressing made.

One of the principal attractions at the Western Fair, London, Ontario, this year from an Agricultural standpoint, will be the Dominion Government's demonstration of the care of eggs. The egg industry of Canada is a very important one, and the Government, realizing this, is putting on this demonstration to create an increased interest in the care and production of eggs. The Western Fair Association is offering liberal prizes for eggs for Producers only and also for Commercial Packages. All information in the Prize List. Send for one to the Secretary, A. M. Hunt, London, Ontario.

SAVE THE CROP OF WESTERN CANADA

(1) Threshing Wheat, Carman, Man.
(2) Loading Wheat in Manitoba.
(3) Reaping at Carberry, Man.

STATISTICS from the Government authorities show that the wheat crop this year promises to be greater than ever but the problem that is troubling the minds of the farmers in Western Canada is how can the crop be harvested? That is the pre-eminent problem of to-day in Canada apart from recruiting for overseas. The railways are providing special excursions to carry the men to their destinations but the effort will almost be fruitless if the labor does not come forward for the work in view. There is no disguising the seriousness of the situation this year so many men having gone to the front are on their way. Despite this fact, however, there should be no lack of men to gather in Canada's greatest asset. If the country is to still continue the good work of the past two years in helping the Mother Country in the greatest war the world has ever known, while Canada has sent some hundred thousand men to the war there are still hundreds of thousands more left who have not enlisted and who are not assisting in the making of munitions. These have now an excellent opportunity of doing a little bit at home to help the war effort. Canada's crop is of vital necessity to Great Britain and her Allies so that everyone who helps in gathering in the harvest will in some measure be assisting in carrying on the war to a successful issue. The effort will not only be a healthful one but give excellent remuneration.

You who are not helping your country directly are invited to take the trip West for a couple of months and not only earn three dollars a day and board but also feel that you are helping the powers to end the war successfully for our side. Any railway agent will furnish you with all the information to enable you to go to Western Canada and do your little "bit" by helping the farmers to harvest the great crop on which so much depends.
