DRESS-MAKING.

Miss Annie N. Evans, 3 doors north of Methodist Church, Jarvis, Ontario.

PATRIOTISM OF CANADIAN INDIANS

"Please, sir, may I go to Regina to enlist?"

According to a prominent C.P.R. official the question was put to a government inspector at the File Hills Indian Agency, Balcarres, Sask., and the speaker was a tall young Indian.

After looking sympathetically at the prospective soldier the inspector said: "I'm afraid your eyes are not strong enough to pass the sight test."

The Indian stood his ground, and seeing that he was not to be put off without a test, the inspector got a newspaper, and holding it before the eyes of the Indian who was only a few yards off, asked him if he could make out a large letter to which he pointed his finger.

Like many of the white people, this Indian thought he could see everything, though, in fact, he was almost blind. His eyes expanded with enthusiasm. He looked towards the paper; he stretched his neck; his face reddened deeper than before; he paused, and he faltered: "It's-it's-a-C."

The letter was O. The youth had lost his chance. He possessed a spirit that could dash into the mouth of a German cannon and hands that could slay a hundred Germans without flinching. These were wonderful gifts, but alas! his sight was too weak to enable him to perform the simple task of making out a letter.

"Good night," was all he said as he left the room.

Although there are fourteen of the File Hills Indians in the Canadian army; others are joining the forces, but owing to physical defects and ignorance of the English language, many are prevented from joining. The Indian population of File Hills at present is 54 men, 76 women and 16 children, so it must be considered that these people have done pretty well for the color.

Between the Indian population of File Hills there are 7 men, 11 women and 4 children of the white race living there. All unite in doing the best they can for the Empire, and the loyalty of the Indians is staunch as that of their neighbors.

Since March, 1915, \$1,100 has been raised for the Red Cross Society, which has 104 Indian members. During the fall of 1914, thirty-three members of the Agency gave \$502 for the Patriotic Fund. A Patriotic Fund Association is now in full working order, and in one month the Indians have subscribed \$30. Last winter an Indian concert brought \$212 for the Belgian Relief Fund. Last fall an entertainment for the same purpose brought in \$26. The concerts that may be held in the future are not likely to be so successful as the early ones, for ten of the original nineteen players and singers are now wearing khaki.

The Indian women knit socks, make shirts, pyjamas, wristlets, scarfs, handkerchiefs, bandages and belts for the soldiers who are fighting on the battlefields or those who are wounded in hospital. Some very nice handkerchiefs and beautiful beads which realize substantial sums when sold for patriotic objects.

The public will welcome the new issue for 1916 of "5,000 Facts about Canada," the popular and valuable cyclopaedia of Canadian dates, compiled by Frank Yeigh, of Toronto, the well known writer and lecturer and writer on the Dominion. No up-to-date and intelligent Canadian can afford to be without this "handy annual" which is a revelation in concrete form of the wonderful growth of our country in a single year, despite war conditions; indeed, it circulates all over the world, and as such is a splendid advertisement. The chapters of "War Facts" is by the way both timely and illuminating. Fifty other chapters are devoted alphabetically to every phase of our national life, from Agriculture to the Yukon, while several sketch maps are of high value. Copies may be had from Newsletters or by sending 25c to the Canadian Facts Publishing Co., 588 Huron St., Toronto, Canada.

Mrs. Elva Rodgers returned home Monday evening after spending three weeks and four days in St. Joseph's Hospital at Hamilton. She speaks very highly of the institution and says it is second to none in the manner in which it is conducted. The sisters and nurses are very kind and attentive to every need of their patients, trying in every way to make them comfortable and feel at home. She particularly mentions Sister Helena, but is known as Miss Heenan, sister of the late Stephen and Thomas Heenan; also Sisters Joseph, Loreta, Magdalena, Vincent and Gerard, and the Mother Superior, all of whom are very efficient in their various departments. After they become installed in their new building, which is nearly complete, they will have room for nearly one hundred more beds and will have one of the most modern and up-to-date hospitals in Canada. Mrs. Rodgers says she feels very grateful to all the Sisters and Nurses that it was her privilege to come in contact with and who administered to her comfort, as well as to Dr. Edgar for his skill and kindness to her while in his care.

Next Sunday is temperance Sunday in our Sunday School. A temperance lesson and a temperance program is expected. Also letters from our S.S. boys who are now serving at the front will be read.

SLAYS ON OFFENSIVE

They Are Making Steady Advance on Eastern Front

Both Czernowitz and Tarnopol are Threatened With Envelopment by the Advancing Slav Armies, Which Have Already Crossed the Dniester River—German Operations at Drinsk Hampered by Floods.

LONDON, Feb. 15.—The Russian armies along the entire front from Volhynia to Bessarabia are pursuing an offensive which if it does not result in the withdrawal of German forces from the west, the offensive was undertaken simultaneously with the arrival of the Czar at the front.

The immediate objective of the Russians is the crossing of the Sereth, Pruth, and Dniester Rivers. Important progress has been made against Czernowitz, capital of Bukovina, and against Tarnopol, both of which are seriously threatened. The Russians have already thrown forces across the Dniester at Uscheko, this success not only aiding in the envelopment of Czernowitz, but interrupting an important line of communication between the armies of General Pflanzer and General von Bothner.

Near Zale Szezky a Russian counter-attack routed the Austro-Hungarian troops and drove them back to a new line four miles to the rear of their former position. The Russians also have captured important strategic south-east of Lzobroff, in the Stripsa River district, commanding important railway connections. Both sides suffered heavily in the fighting, which resulted in the capture of this position.

The Russians are now attempting to throw heavy forces across the Dniester to the north-west of Czernowitz in their campaign against that city.

German efforts to continue the offensive on the Drinsk front are hampered by the mild weather, which has threatened the German trenches in the marshy ground with inundation. French prisoners are being employed in drainage work in this region, according to German prisoners.

RAID ON ITALIAN TOWNS.

Fifteen Killed and Several Wounded by Austrian Aeroplanes.

PARIS, Feb. 15.—Austrian aeroplanes made a raid Saturday over Ravenna and the neighboring towns of Codigoro and Bottrighe, in North Eastern Italy, near the Adriatic. A heavy despatch from Rome says fifteen persons were killed and a number of others wounded. Several women and children were injured.

A hospital and the Basilica of Sant' Apollinare at Ravenna were damaged.

The Church of Sant' Apollinare was erected in the years 535 to 538, and was consecrated in 549 by St. Maximian. It was restored in 1779, and is the largest of the basilicas still existing at Ravenna.

Zeppelin in Distress in North Sea.

LONDON, Feb. 15.—The Copenhagen correspondent of The Daily Mail telegraphs: The Zeppelin L-20 was sighted off the west coast of Denmark, near Esbjerg (opposite the island of France) to-day (Sunday). It tried to steer to the southward, but was unable to do so, and a strong wind drove it over the North Sea. It is stated that its engines were working irregularly.

SEEKING SEPARATE PEACE?

Rumor Regarding Bulgaria Not Believed in London.

LONDON, Feb. 15.—A report was received this afternoon from the Athens correspondent of the Exchange Telegraph Company that Bulgaria is seeking a separate peace with the Allies. The despatch adds that the correspondent obtained confirmation of the report in Entente circles in the Greek capital.

The story is generally doubted here, and up to a late hour Saturday night could not be confirmed officially.

The Athens correspondent of The Daily Mail telegraphed that he had learned from two good sources that all of the Bulgarian forces are retreating from the Macedonian front and are going to the Roumanian frontier. He adds that German troops are replacing the Bulgarians in Macedonia.

This news, together with other important factors, tends to dispose of the story concerning Bulgaria's alleged overtures for a separate peace.

Germany Disclaims Outrage.

BERLIN, Feb. 15.—The charge that a German agent was responsible for the fire that destroyed the Canadian Parliament Buildings at Ottawa was utterly false, the North German Gazette, official organ of the German Government, declared yesterday.

The paper added that the destruction of the buildings by such means would have been a "detestable and nonsensical crime."

Still Arming Vessels.

NEW YORK, Feb. 15.—Passenger steamers of the Scullia Americana, an Italian line, are to be equipped with guns for defence. This fact was made known yesterday on the arrival of the liner San Giovanni. It is looked upon as Italy's answer to the new submarine war zone announcement of the Austrian and German Governments.
