#### The Western Fair

SEPTEMBER 8th TO 16th conden's popular Exhibition promises to be better patronized than ever, this year. The management is planning larger and hetter things for September next then have ever been undertaken before. The new Process Building promises to be a hive of industries and considerable space s already taken. A new system of admission at the gates will be adopted by means of new coin turnstyles. Change booths will take the place of ticket booths and the public will be admitted by deposting twenty-five cents at the turnstyles. Children and those holding tickets will he admitted through a special gate for the purpose. If space of any kind is required application should be made to the ecretary at once. Prize Lists and all information on application to the Secretary A. M. Hunt, London, Ontario.

said \$140,000,000 has been in Canadian fruit production so that this is one our great national industries. In a year of average production 15,000,000 bushels of Canadian apples are marketed, of which Ontario alone ships on an average 1.300 car-loads into the prairie provinces.

Most famous of all orchard areas is the Annapolis Valley in Nova Scotia nine miles wide and eighty miles long. With the Dominion Atlantic stailway running through the valley the growers have ideal packing and shipping facilities. 60 p.c. of the crop being handled co-operatively by one central association. Plums and pears are also grown here on a commercial

Untario is the proud possessor of the original McIntosh Red Tree which still stands at Dundelas. Large apple orchard districts are found (1) Along the lake shore line of the C.P.R. (2) West of Toronto bordering on Lake Erie and Lake Huron, (3) In the Georgian Bay District, and (4) in the Niagara Peninsula which also preduces 95 p.c. of the grape crop and at least 75 p.c. of the Ontario peach crop. Plums and pears are grown wherever apples are produced in Ontario.

British Columbia has developed it. fruit industry during quite recent years, the number of fruit trees increasing from 650,000 in 1901 to approximately 3,000,000 in 1913; and the production of apples from 210,000 bushels in 1910 to 787,750 bushels in 1915. The principal fruit-producing section of the Province is the Okanagan Valley, where fruit is packed and marketed largely in a co-operative way, similar to that in vogue in Nova Scotia. There is also a large apple section in the Kootenay Lake District and on the Lower Mainland. Pears and plums are also grown very successfully in these sections of the province aiready mentioned, and peaches have
