Serious Operation

In the recent operation for appendicitis on Thursday of last week of Miss Beatrice Jones, following a very short illness, the community was startled and to say the least shocked. During the early hours of last Wednesday evening Miss Jones was awakened by severe pains but did not call her parents, but later on, the pains returning she awakened Mr. and Mrs. Jones, the former immediately setting out for Dr. Newell. On the following day, after a consultation with Dr. Jaques, an operation was found to be necessary, which was performed on Thursday evening by Dr. McGregory, of Hamilton. At the time of writing Miss Jones is improving as well as can be expected.

Women and Thrift

Upon the women of the land will rest the greatest burden of success in the campaign for thrift that has been inaugurated. As heads of the household they are the chaperons of domestic exchequers. It is for them to bear in mind that expenditure upon articles that are not actually needed is not alone envenoming their own sources but also depriving the country of something that might be more profitably applied. The majority of men will agree so far as the household is concerned their women are as pretty thrifty. But stinginess, parsimoniousness, or miserliness, is not thrift. The thrifty woman combines with a natural aptitude for economy the wisdom of selection and utilization. She knows when to save and when to spend. She knows what is necessary and what can be done without and she makes the best use of everything. Neither does she do all things herself. When help is at hand she utilizes it with discretion.

The great aid to thrift is thoughtfulness. In fact without that element thrift is utterly out of the question. The thrifty woman, too, not only exercises wisdom herself but sees that her children do the same thing not by indulging them but by delegating them to do snappy offices of which they are capable, by making them self-reliant. But the women cannot do all these things herself. She must enjoy the support, countenance and influence of her mankind. The greatest enemy to thrift is the promiscuous doling out of the money. It is not to boys and girls a sign of good nature; it is death to the recipient. It poisons their dispositions and sows seeds of weeds that can never be eradicated. For that sort of thing women are but little responsible, but where their efforts shine is in allowing nothing to go to waste, in making use of everything, and in exercising ingenuity in food, dress, household labor and the bringing up of children. An incentive to the accomplishment of these thrifty is a reflection upon the times, upon the needs and experience of their male relatives at the front, and upon the fact that every ounce saved is a contribution to the welfare of the country and perhaps to winning the war.

Farmers' Institute

The Farmers' Institutes of Ontario have recently been organized by the provincial department of agriculture, under the names of boards of agriculture. There will not be any change in the size of the territory to be covered by the different branches of the organization, but one difference will be that the board will elect a representative executive committee whose duty it shall be to supervise the entire work of the board of agriculture.

In the future, only competent speakers will be secured for public meetings, which will be fewer in numbers, while the boards will encourage the organization of farmers' clubs. The farmers' clubs, agricultural societies and township reeves and clerks have been asked to appoint representatives to the boards of agriculture. Another feature of the reorganization will be the fact that the department has promised to be more liberal in the matter of grants to the boards than it was previously to the institutes.

Re-Starting

The people of Jarvis and the surrounding district will be pleased to learn the pickle factory, which has remained idle for the past year, is to be re-opened and running in the near future. The business, which was formerly owned and operated by Johnson Bros., has been purchased by the firm Libby, McNeill and Libby, of Canada, Limited, of Guelph. This firm has large holdings both in the States and this country and it is their intention to develop this territory as fully as possible. At the present they intend to manufacture pickles only, but later on, if warranted, will produce jams, sauces, marmalades, etc. Their representative, Mr. H. L. Anderson, has been in this vicinity looking up the prospects and letting contracts for the growing of cucumbers and cauliflower. He is very much pleased with the farms in this vicinity and believes there should be no trouble in getting the required acreage. Those wishing contracts can procure same by interviewing the representative Mr. Anderson or Mr. G. L. Miller. See ad on page 4.

Enjoyable Evening

A splendid and enjoyable evening was spent in the Garnet Methodist Church. The programme, which was varied, consisted of music by the choir, speeches, readings, songs, etc. The main feature of the evening was the presentation by the congregation of a beautiful toilet and manicure set with a well filled purse to the retiring organist, Miss Ada Risdill, who is about to assume the position of organist in the Hagersville Methodist Church. Miss Risdill has the good wishes of the congregation for her future success. Later on in the evening the president of the W. M. S., on behalf of the Society, presented a pair of socks, knitted by the ladies of the said society, to each of the soldiers belonging to the congregation. The selections by the Victrola of Miss Mary Bilton were greatly appreciated. An excellent lunch was provided by the young ladies of the church. Those present dispersed to their homes realizing they had spent a pleasant and enjoyable evening together.

A Success

The Military Euchre which was given on Thursday evening in the Music Hall was a decided success. The early part of the evening was spent in playing military euchre. The ladies' prizes (a bouquet of red and white carnations), were won by Mrs. Hothkiss, of Hagersville, and Mrs. Walker, while the gentlemen's prizes were won by Messrs. Ward and Bourne. After lunch the Jarvis Orchestra very kindly furnished music and an hour or so was spent in dancing. The total receipts amounted to \$50.00 and was divided between the Red Cross Society and the Women's Institute for Red Cross Work. All expense was borne by the five ladies who gave the Euchre. Who will be the next five to help along the cause.
